

Big Break in R. R. Strike in Ohio. Warning Against Delaying Mails. New Jersey Service Paralyzed.

P. O. DEPARTMENT SENDS WARNING

Vigorous Action if There is Any Interference With Transportation of Mails

Praeger Sends Instructions to All Superintendents of Railway Mail Service

NEW YORK, April 12.—The Central Railroad of New Jersey suspended all passenger service at noon today, when agents were ordered to stop selling tickets. The road covers the state of New Jersey and the suspension order affects approximately 55,000 commuters.

Must Not Delay Mails

WASHINGTON, April 12.—Vigorous action will be taken if there is any interference with the transportation of the mails as a result of the railroad strikes, it was announced today at the postoffice department. Otto Praeger, second assistant postmaster general, has sent the following telegram of instruction to all superintendents of the railway mail service:

"Instruct all chief clerks, transfer clerks and others to report any obstructions, directly or indirectly, by conspiracy or otherwise with passage of mails as result of strikes, together with names of person or persons involved. Bring to immediate attention of local postoffice inspectors, inspector in charge and United States district attorney, with request that offenders be vigorously prosecuted if facts warrant. See section sixteen ninety, seventeen twelve, seventeen fourteen and seventeen eighteen postal laws."

Reports to the postoffice department today were encouraging. Chicago reported that local conditions were "very good" and that the "railway companies were handling all mails promptly."

A report from New York said conditions had improved and a similar report came from St. Louis. Some delay in mail was reported from a number of points where the men are on strike, but officials said that thus far there had been no serious obstruction of the mail.

STREET CAR SPRINKLERS

Two street car sprinklers have begun their 1920 task of keeping Lowell's downtown streets and those in the residential sections where car lines run, in splotch and span condition. Commissioner Dennis A. Murphy gave the word Saturday to have the sprinklers start.

30 TREMENDOUS EXPLOSIONS

200 Persons Injured Near Koenigsberg, East Prussia, Have Been Rescued

Rescuers Approach Scene of Disaster in Armored Cars—Explosions Continue

LONDON, April 12.—Two hundred persons who were injured in the explosion of a munitions dump at Rostenstein, near Koenigsberg, East Prussia, yesterday, have been rescued, according to a Berlin despatch to the Daily Mail. Explosions are continuing and rescuers are able to approach the scene only in armored cars. The number killed in the disaster is still unknown, but several deaths are reported in the suburbs of Koenigsberg. Fuses were being removed from big calibre shells at the dump when one was ignited in some way and 30 tremendous explosions followed wrecking dwellings over a wide area and shattering thousands of windows in the city.

TO APPOINT R. R. LABOR BOARD WITHIN 24 HRS.

WASHINGTON, April 12.—Atty. Gen. Palmer returned to Washington today and immediately conferred with officers of the department of justice who have been keeping in close touch with the railroad strike situation. There was no indication what recommendations they laid before the attorney general, but they said the situation was serious.

Mr. Palmer's aides had received today a new sheet of telegraphic reports on conditions at points of disturbance, but they refused to disclose their contents. It was understood that staff attorneys had begun preparation of governmental briefs for legal action in event Mr. Palmer decides to take a hand in the settlement of the trouble.

There will be no investigation of the strike for the present by the senate commerce committee, Chairman Cummins announced today after receiving assurances at the White House that the railroad labor board would be appointed within 24 hours.

Once used, always used. Bruce's Glue.

THE THOR AND THE EDEN

WASH THOROUGHLY WITHOUT WEAR

You can trust your finest bits of silken lingerie to the THOR or the EDEN Electric Washing Machines.

Human hands exercising the most painstaking care could wash your treasured georgettes with no greater concern than they will receive in these Electric Washers. Your blankets, too, will come from the Machine snowy white and lovely—unscratched in the washing process.

If you are not washing electrically you are making unnecessary work for yourself.

IRELAND FACES GENERAL STRIKE

Union Officials Issue Call to Workers for Walkout Tomorrow

Action Taken as Protest Against Treatment of Political Prisoners

DUBLIN, April 12.—The officials of the Irish Trades Union Congress and the labor party today issued a call to the workers of Ireland for a general strike throughout the country tomorrow, as a protest against the treatment of political prisoners.

The officials in their call demand the release of those imprisoned for political offenses. The general strike call does not affect those employed on newspapers, the telegraph services, the bakers, the humanitarian services and necessary workers among horses and cattle.

Appeal to Peace Conference

PARIS, April 12.—George Gavan Duffy, Sinn Fein member of parliament, and envoy of the Irish republic to the peace conference, is bringing to the official attention of that body, the official attention of that body, the

SMOOTHER MOVEMENT OF TRAFFIC NOTED

There was an appreciable difference in the appearance of Prescott street today and subsequently a smoother movement of traffic to and from Merrimack square as a result of the strict enforcement of stop regulations there. Sergeant Palmer and Patrolman Breaux were on duty there in plain clothes, prohibiting any parking of automobiles or other vehicles and no stopping except to take on or deliver persons or merchandise.

The strict enforcement of this non-stop regulation was brought about through a suggestion made at a conference between abutters and property owners in Prescott street and a special committee of the chamber of commerce last Friday afternoon, when the proposition to make that thoroughfare a one-way street was discussed. The suggestion being carried out today came as an alternative to the more stringent measure making the street one-way.

Traffic officers and other policemen on duty in and around Merrimack square today also demanded strict compliance with non-stop regulations as applied to that portion of the square between the intersection of Prescott street and the private track of the Massachusetts mills.

Bruce's Glue has no equal.

EXPLAINS NEED OF COMMISSION

Representative Jewett Talks On Act Creating Election Commission

Says Old System Obsolete—Pays Respects to "City Hall Elements"

Representative Victor E. Jewett, father of the act creating Lowell's new election commission, says that the act was passed because elections in Lowell in the past few years have been conducted in an obsolete manner and that the coming of woman suffrage with its doubling of voting lists and in fact that absentee voting becomes operative here for the first time next fall makes necessary some up-to-date way of handling the situation and not having the supervision of elections spread over two or three municipal departments.

To that end the election commission was created. Other cities, he says, are preparing for the increased duties devolving upon their elections departments and he sees no reason why Lowell should be behind in this respect.

In a statement made today, Representative Jewett also pays his respects to "certain elements at city hall" who have not shown any great enthusiasm for the new act. In discussing the matter today Mr. Jewett said:

"Inasmuch as there have been ap-

REAL ESTATE TRANSFER

Trust Association Considers Offer for Purchase of Hildreth Property

The trustees of the Hildreth Trust association are considering an offer for the purchase of the Hildreth building at the head of Central street and land and buildings of the same estate in Falke street, which if accepted, will mean the transfer of one of the largest and most desirable pieces of downtown business property in the city. It is said the offer comes from an out of town business man.

Assessed for more than a million dollars, the Hildreth property has been in the ownership of that old Lowell family for several generations and the Hildreth building in Merrimack street stands in one of the most prominent locations in the city today.

The Merrimack street building is assessed for \$100,000 and the land for \$219,350, or \$21.96 a square foot. The property in Falke street, taxed to the Hildreth Trust association, includes the building at 107-115, occupied by the Middlesex Machine Co., which is assessed for \$22,000 and the land for \$18,400. A small building at 119 Falke

13 MORE STATES VOTE TO SECEDE FROM MEXICO

AGUA PRIETA, Sonora, Mexico, April 12.—General J. M. Pino, commanding first divisional army of the state of Sonora, today announced he had received semi-official information that 13 additional states of the republic had voted to follow the example of the state of Sonora in seceding. Definite details as to the list of states was lacking, however.

600 SWITCHMEN VOTE TO RETURN

Development in West Regarded as Pointing to Gradual Dissolution of Strike

In East the Situation Assumes a More Serious Aspect—Terms of Settlement

CHICAGO, April 12.—Developments west of Pittsburgh, in the switchmen's unauthorized strike today were regarded by railroad brotherhood officials as pointing toward a gradual dissolution of the insurgent forces, but in the east where the walkout was joined in several districts by trainmen, the situation assumed a more serious aspect.

Break at Columbus, O.

In the central and far west numerous reports of defections from the strikers' ranks followed the report of

BRITISH REPLY TO FRENCH NOTE

Millerand Rushes to Meet Pres. Deschanel, Just Back From Short Trip

Premier Received Before President Had Discarded His Traveling Clothes

PARIS, April 12.—The Earl of Derby, British ambassador to France, delivered to Premier Millerand at 10 o'clock this afternoon the British reply to the French premier's note of last evening. M. Millerand refused to discuss the contents of the note with the newspaper correspondents.

Immediately after receipt of the note M. Millerand left to call upon President Deschanel, who had arrived at the Lyons station from a short holiday on the

HERE ARE A FEW SUGGESTIONS IN THE WAY OF "DOS" AND "DON'TS"

We Are Coming With a Full Line of
SHOES for the ENTIRE FAMILY
Opening Saturday, April 17th

REVIVAL CLOSES HERE REPUBLIC PROCLAIMED TOO TIRED TO EAT?

Stephens' Party Completes Campaign — Bible Conferences Begin Tonight

The Stephens' revival campaign came to an end last night, when upwards of 150 people answered the evangelist's call for conversions and Dr. Stephens received \$6497.18 as his salary and the pay for the members of his party during the weeks of the drive. This amount was obtained through thank offering pledges augmented by the collection at all services yesterday. When the last pledge is in the total will be considerably above the \$6500 mark.

Six meetings were held yesterday in the tabernacle and at St. Paul's M. E. and Paige Street Baptist churches. The tabernacle was crowded to the exits last night, in addition to preaching a farewell sermon, Rev. Mr. Stephens publicly thanked all people and organizations that have helped in the success of the campaign.

Today marks the beginning of a week of Bible conferences, as an aftermath of the revival campaign. The first meeting will be held tonight in the tabernacle, after which the building will be torn down to make room for the contractor in charge of the erection of the auditorium on that site. In fact, in announcing the conferences last night, Rev. Mr. Stephens asked every man to attend the meeting tonight, armed with hammer and pickaxe, for immediately after the service the seats will be ripped out and the lumber piled outside.

Dr. Paula Hertwig, who will lecture on "Zoology," is the first woman professor at the University of Berlin.

Federal Buildings at Nogales Seized and Sonora Troops Are in Control

NOGALES, Sonora, April 12.—Customs houses and all property of the federal government of Mexico were seized formally in the name of the republic of Sonora here yesterday. Sonora troops control the entire state, according to official reports.

Sonora state officials, headed by Gov. Adolfo de la Huerta, governor of Sonora, who has been proclaimed "supreme power of the republic of Sonora," by the state congress, said yesterday that although the state had seceded it would return to the Mexican republic upon guarantees from the national administration that there would be no infringement of the state's rights by the federal government.

The secession, according to the officials, was brought on because Carranza ordered federal troops into the state. They said the next move was up to Carranza. Unless he acts, political leaders of Sonora said, the new republic would defy the Mexican federal government and resist with armed forces any attempt of Carranza to take back the state military force.

Gen. P. Elias Calles, former governor of Sonora and who recently resigned from the Carranza cabinet has been made supreme military commander of the state military forces.

Spread of the secession movement to other states unless the Mexican government acts quickly was forecasted here yesterday. The Sinaloa state congress, according to these reports, is expected to do the same. Sinaloa politics are closely interwoven with Sonora's and both states are largely controlled by Gen. Alvaro Obregon.

Report Obregon Arrested
NOGALES, Sonora, April 12.—General Alvaro Obregon is technically under arrest in Mexico City in connection with the arrest of Gen. Roberto Cupido, Mexican rebel leader, according to an unverified report received here. General Obregon, according to the report is not allowed to leave the city but has not been jailed.

Aviator Who Leaped From Plane Dies
CAMDEN, N. J., April 12.—Lieut. Richard W. Wright, of Cleveland died here today of injuries received in his leap on Saturday from a blazing postal airplane 200 feet in the air. Lieut. Mark C. Hogue, pilot of the plane, who did not jump, left the hospital today.

Earl of Derby at Paris Conference

PARIS, April 12.—The Earl of Derby, Great Britain's ambassador to France, attended the council of ambassadors here this morning. The Hungarian treaty was the sole matter under discussion, all other questions being excluded.

Rest a Bit, Eat Slowly, Then Take Hood's Sarsaparilla

In this way you will avoid indigestion, your stomach will feel tonic effect, and in a short time you will have better appetite, more digestive strength, better assimilation, and will find your "food tastes good."

One grateful woman writes: "I earnestly recommend all women who wish to be made new, or who are troubled with that tired feeling, to take Hood's Sarsaparilla. It wonderfully relieved me of sour stomach, distress and belching."

A well-known Justice of the Peace in Indiana says Hood's Sarsaparilla made "food taste good," as after taking three bottles he can now eat three hearty meals a day, works hard and sleeps sound. Doesn't this appeal to you—to eat well, work hard and sleep well? Then get Hood's Sarsaparilla. As a gentle laxative, Hood's Pills help greatly.—Adv.

FIRE AT DEER ISLAND

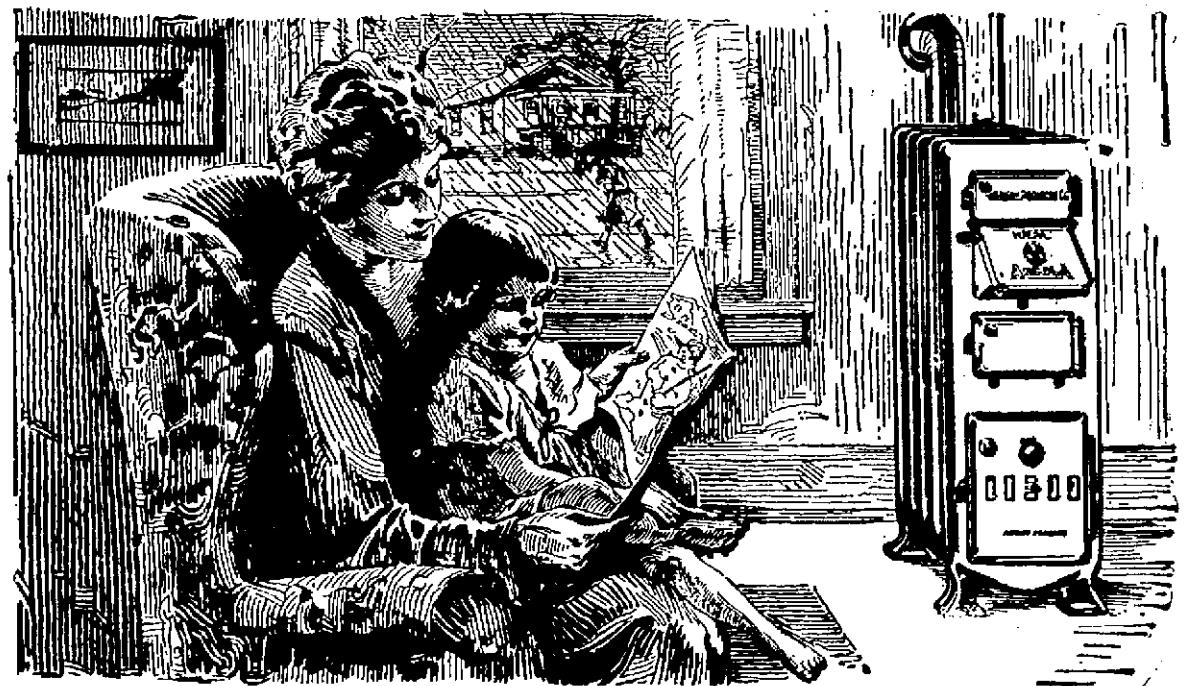

"Trusties" Aid in Fighting Blaze—Ward Destroyed—Whole Hospital in Danger

WINTHROP, April 12.—Aided by more than 50 "trusties," who acquitted themselves like real heroes, fire companies from both Winthrop and Boston battled for more than three hours with a threatening fire on Deer Island yesterday afternoon and managed to confine the damage to the building where it started. This was burned to the ground with an estimated loss of \$15,000.

That the entire group of hospital buildings, which are located on the northwest side of the island, were not destroyed is alone a tribute to the efforts of the firemen, who were badly handicapped by the inadequate equipment and low water pressure at the institution. Originating from what is believed to be spontaneous combustion in ward B, a wooden building about 250 feet long and 60 feet wide, and connected with the other four buildings which comprise the hospital group, the flames driven by a brisk easterly wind, swept unchecked through the structure. Fortunately this ward, which is in the women's part of the hospital, had been closed up a month ago.

A trusty on duty at Shirley Gut discovered the fire and promptly notified Deputy Master Edward O'Keefe, who was in charge in the absence of Mas-

IDEAL hot water heat \$131 as long as you live!

New IDEAL-Arcola Radiator-Boiler

Throw out the old, dirty, wasteful method of heating and install the modern, clean and efficient hot water radiator heating with an IDEAL-Arcola Outfit. This wonderful new invention gives the small home, flat, store or office the complete comfort of a city mansion.

Its savings soon repay first cost!

All the rooms are heated from the one fire, as the IDEAL-Arcola is water-jacketed and circulates hot water to pipe-connected AMERICAN Radiators in other rooms. Thus there is no coal waste! Do you know of any feature or furnishing or equipment of a home which does so much for your comfort and economy? Can you invest money any better? The IDEAL-Arcola Outfit offers you the utmost bargain. Protects the family health. Will outwear the building itself. Can be increased in size if building is altered. An investment, not an expense!

Shipped complete for immediate installation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. Same water is used over and over again for years.

Cleanly heating—healthful heating—free from fire risks! Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry burnt-out atmosphere of stove heating. There is no fire risk to building—no danger to children—fire lasts for hours!

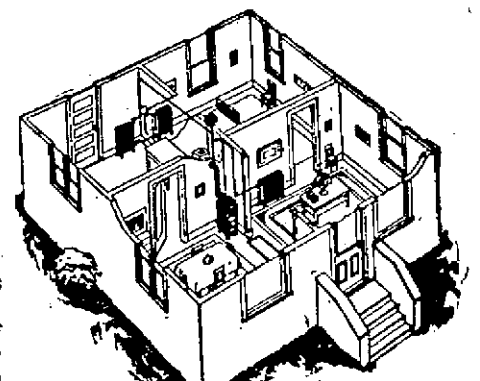

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). To settle your heating question for life write today.

Sold by all dealers.

NEW DEPARTURE IN MAIL SERVICE

The Boston postoffice with the cooperation of the Boston chamber of commerce has introduced a numeral system of addressing mail intended for delivery in the Boston post district. This system is arousing considerable interest throughout the country.

All that is required is simply the addition of the postal station number to the name of the office. This number can be obtained from correspondents whose mail is delivered through the Boston postoffice or any of the 74 delivery stations and branches.

The numeral plan was adopted with the purpose in view of furnishing postal employees with a key number which would indicate the proper office of delivery. This has become necessary because of the size and the complicated boundary lines of Boston postal district, the constantly increasing volume of business and the growing tendency toward incorrect addresses. The Boston postal district covers an area of 232 square miles and embraces within its limits 23 cities and towns. It is a prodigious feat for clerks to memorize 15,000 items of distribution, as well as the different names with their constant changes, and at the same time handle the mail expeditiously.

The numeral plan will be an important factor in eliminating multiple handlines and consequent delays to mail that at the present time occur through failure of correspondents to furnish complete addresses.

The plan does not provide for the discontinuance of the name of any local station or branch, or change in the form of the address in any other manner. It simply involves the addition of the number to the address, thus:

MRS. JOHN DOE,
5 Blank Street,
Boston 5, Mass.

Readers of this paper will secure earlier deliveries of their mail if they will immediately ascertain from their Boston correspondents their correct numeral and include it in the address, in the manner suggested above.

Firms and individuals may submit a copy of their Boston mailing list to the postmaster at Boston and the correct numeral showing the office delivery will be added to each address.

EGYPTIAN DESIGNS
Egyptian influence in jewelry, millinery and handbags is noticeable in the newest fashions from Paris. Rich designs and designs of embroidery, or in some cases metal designs, suggest the ancient Egyptian art.

WORKMEN ARE WARNED

Barcelona Leaders Tell Workers to Beware of Plot to Force Violent Acts

BARCELONA, Spain, April 11.—Workmen are warned that authorities and employers "desire to drive them to violent acts" and that they must "maintain calm under provocation" by a manifesto issued by the local labor federation to members in this city and the province of Catalonia today.

"They want justification for repression and for spilling blood" the manifesto continues, "and are asking for some sort of motive for our suppression. They will find such motive, but in so doing, they will burden themselves with a heavy debt. Our duty is to hold together for the good of all."

Sea water will be pumped by electricity and evaporated by the sun at a new plant that is expected to supply New Zealand with almost its entire requirements of salt.

ORGAN RECITAL AT ST. ANNE'S CHURCH

Mr. William Heller, assisted by Miss Irene Wardell, soprano, Francis Heller, baritone, and Mrs. Bertha Knight Johnson, violinist, gave an organ recital in St. Anne's church last evening. The large audience gave evident appreciation of the music.

The evening was opened with prayer followed by an address on "The Resurrection Message," by Rev. Arthur W. Shaw. The musical program was as follows:

Offertory in D Minor Balliste
Lead, Kindly Light Bohr
Randino on a Theme Beethoven
Meditation Morrison
Military March Schubert
O Love That Will Not Let Me Go Matheson
Toccata in F Handel
Last Greetings Schubert
Invictus Hubn
Morceau Facile Bohr
Mrs. Johnson

Investigators say in Russia destruction has gone as far as it can go, and that construction now is inevitable.

URICOL

READ WHAT A NURSE SAYS ABOUT THE GREAT RHEUMATIC REMEDY

Dear Sirs: I think it is a year or more since you have had an order for URICOL from me. I have another friend who is suffering from rheumatism and I am writing to find if I can get the URICOL as I did before, as I can swear to its healing and curing qualities. I sure know it will help them if they will try it faithfully, for it did cure me when my doctor could not. He told me I never could use my arm again. It was in such an awful condition, and I thought I would go crazy until your medicine came, and in three hours after the first dose I could sit up five minutes, wherein I could not move for five weeks.

Please let me know the price and send me two bottles more. You will see I am an old customer. I remain, Yours truly,
MRS. CORA E. JOHNSON, (nurse).

Boston, Mass.

URGES SUIT AGAINST CREEL AND BABSON

WASHINGTON, April 12 (By the Associated Press).—Legal proceedings by the government against George Creel, former chairman of the committee on public information; Roger W. Babson, of Wellesley Hills, Mass., and others concerned in the transfer of the committee's war publication, the Official Bulletin, to Babson, are recommended in a report made public yesterday by Senator Smith, Republican, Utah, chairman, and Representative Keefe, Republican, vice chairman, of the joint congressional printing committee.

The report charges that Babson obtained the Bulletin in March, 1915, by "secret connivance" with Creel and others "without the government receiving a cent in compensation" and urges that suit be brought to obtain "just compensation" for the government.

Numerous abuses in government publications, including army and navy and other war service journals, are charged in the report. Many of these publications, it says, were used for propaganda, favorable to the League of Nations, the liquor interests and officers in charge. Advertisements, the report asserts, included "get rich quick" oil speculations and political propaganda improper in government publications.

Another alleged abuse of government funds charged by the report was printing of 30,141,352 speeches of federal officials at an expense of \$142,738 to the government. Paper consumed totaled 1,451,000 pounds. As members of congress must pay for copies of their speeches, the report says the "gross abuse" resulting from the free printing of other federal officials' speeches should be stopped.

The report says the committee, under its power to supervise government printing, investigated 268 journals, magazines and periodicals and discontinued 111 at a saving of \$1,200,000 annually. Eight army and navy newspapers and magazines were suppressed at a saving of \$400,000.

Graved Livelight
Many of the war service publications, the report declares, "were established largely for the self-glorification of certain interests and to provide comfortable and safe places for a large number of men who found such occupation more congenial than active service in the front line trenches."

While conceding that many war publications were necessary and helpful during the war, the report says other "cravings for the liveligh" undoubtedly were inspired by the home-battle activities of the committee on public information," he added, "by the master publisher, George Creel."

The law giving the printing committee control over government publications, the report declares, "nipped in the bud" the greatest propaganda scheme the country has ever conceived. "There is no doubt," the report says, "that a certain clique both in and out of the army and navy had their own country well advanced to cover the country with an all-embracing chain of newspapers and magazines for the purpose of spreading and fastening their military and internationalist doctrine upon the United States."

Regarding the transfer of the Official Bulletin to Babson when its publication by the government ceased, the report charged that "with the evident assent of Creel" and through Edward R. Rochester, former editor under Creel, Babson "came into possession of the Bulletin's name, good will, prestige and value as a going concern, staff and office and even was permitted to copy its mailing lists and subscription accounts without saving the government one cent."

Regarding the army and navy publications, the report says that the "Camp Merritt Despatch and the Mess Kit were conspicuous examples of the utter disregard of public funds by officers in charge."

Babson Talks
WELLESLEY, April 12.—Roger W. Babson, when informed last night that

HER FRIENDS WERE SURPRISED

So many women suffer from kidney trouble without realizing the cause of their sickness that this letter from Mrs. S. E. Mills, of New York, will be read with interest. "After taking Foley's Kidney Pills I surely feel like a new person. I had been under the doctor's care for several years. People in Yellow Springs were surely surprised to see my improved condition. Symptoms of aching back, stiff and sore joints and muscles, rheumatic pains, blurred vision, puffiness under the eyes, should be given prompt attention. Burkinshaw Drug Co., 415 Middlesex St., Moody's Drug Store, 391 Central St.,—Adv."

"IN THE PUBLIC EYE"
BY A. A. Caswell, D. O.

LET US REMOVE IT!

ASTIGMATISM

AFTER we examine your eyes we will tell you as to whether you suffer from an astigmatism. It may be a simple myopic astigmatism that can be corrected with simple lenses. It may be a compound astigmatism that can be corrected with glasses of stronger focusing density. Let us serve you in our capacity of experienced optometrists.

Caswell Optical Co.
32 MERRIMACK STREET

the chairman and vice chairman of the joint congressional printing committee had recommended in a report that the government institute legal proceedings against him in connection with the transfer of the Official Bulletin, and he would be glad to have the government resume publication of the Bulletin. If congress should not authorize such resumption, he said he would not be "scared out" of the publishing field.

Mr. Babson said that after congress ordered publication of the Official Bulletin stopped in March, 1915, he believed there was an opportunity for a publication of that kind which did not carry advertising.

Mr. Babson said that he knew nothing about the reported transfer of the mailing list of the Official Bulletin to his publication. Part of the staff of the former government paper, he said, was employed on his weekly.

THE WHITE GOAT IS VERY ELUSIVE

The country in northern Montana and Idaho and across the line from there is British Columbia. You hire a guide, who will be an experienced mountaineer, and he will engage hardy ponies for riding and to carry your packs. You lay in lots of grub, heavy warm blankets and necessary camping utensils. Then you start.

Up wooded paths, through tollsome mountain passes you slowly ascend. You cross range after range, day by day going nearer and nearer to the sky. Huge mountains and crags tower above you to appalling heights. The valleys are often so narrow and the peaks so straight up that you only see the sun for an hour or so at noon.

And thus you reach the home of the white goat, the most inaccessible animal in America and the most difficult to shoot. You may hang

"AFRAID OF NOTHING."

around his stampering grounds for weeks and even months and never see him. Roosevelt hunted from dawn to dark every day for a month, involving the most extraordinary toll, before he landed his first white goat.

When the snow is off the mountain tops, this goat is the most conspicuous of animals. It has a snow-white coat and polished black horns. But although it is easy to see him, it is next to impossible to get close enough for a good shot. He can climb anywhere but a man cannot. This white goat has hoofs so made by nature that he can walk up an almost perpendicular wall, holding on by suction.

The white goat, being a mountaineer himself, is afraid of nothing. Sometimes when he sees a man, he will assume the most pugnacious attitude. Unlike the domestic goat, he does not use his head and horns for butting purposes. His horns are as pointed and sharp as needles, and when he uses them he stabs his victim. Merrifield, famous as Roosevelt's ranch foreman and hunting companion, once set a large bound on a white goat. The latter did not budge, and when the bound reached him, he gave his head one vicious sidelong lunge and killed the dog instantly. One horn went clear through him.

AMUSEMENT NOTES

(By Theatres' Own Press Agents)

B. F. KEITH'S THEATRE

Spring Carnival Week opens this afternoon at the B. F. Keith Theatre, and an array of acts calculated to please a most critical audience has been provided. At the very head of the list are Tom Smith and Ralph Austin, who name their act "Just Fun." That's it and yet it is highly original fun, of a kind that is as clean as a whistle and that will strike everybody's funnybone. Ralph Austin was for a long time a comedian with musical comedies. That was his special work. He was with the big production of "The Top of the World," and there he made good with a vengeance. Then, like so many others, he felt he ought to have a thing of his own. He went into the team of Austin & Moore, and later teamed up with Tom Smith, who is just as unusual in his fun methods as is Austin. The result is a wonderful combination of cleverness and fun-making that is as aforesaid, clean and delightful. They will prove titling headliners.

And, for fun, pure and simple, can anybody beat out Harry Brez? We doubt it. Brez follows no set rule for making fun. He "goes to" his subject in his inimitable style and at once there flows a lot of comedy as he tells one will wish to hear. He sings—yes, he talks—yes, and he isn't averse to trying a dance of Jodelmair, or any other old thing. Orchestra leaders always say they never know just when to stop or begin with Brez. His is impromptu comedy. A lot of it has to do with poetry, made on the spot by the host little Limerick writer in the world.

Not comedy, but straight singing and splendid dancing, are the offerings of the only Yvonne Day. Yvonne Day is more than the normal songbird. She was with Oscar Hammerstein's famous Manhattan Opera House company a few years ago. She played and sang a half dozen of the biggest roles. Then she came back to America, and here she has sung in grand opera. But like the Dalys, who are tireless in their work, she felt that vaudeville brought here to wider attention than any of her time. So, now she sings grand opera, and dances irrepressibly.

"The Meanest Man in the World" is the title of a new comedy by Edward It. Buskey, and which will be played by Jack MacBride and Marion A. Day. It, too, is out of the beaten path of comedy production, and it will be played in flawless manner. The theme is cleverly played out by the author and the situations are carefully handled. It has a splendid finish. "The New Idea" and it is so good that they don't divide it in advance. The dancing, McDonalds are whirlwind performers, and Teller and Greer are tourist burlesque. An addition there will be News Kumerous. Topics of the Day and a Prize Scene.

To Beat a Cough take Hayes' HEALING HONEY. 25c per bottle.

News of the Churches

The Holy Name societies of many of the local Catholic parishes received communion at one of the early masses yesterday and in some parishes communion breakfasts were enjoyed after the services.

Following the close of the Lenten season the services in the various churches have resumed the usual schedule.

St. Patrick's
At the 7 o'clock mass at St. Patrick's church yesterday members of the Immaculate Conception sodality received communion in a body. The pastor, Rt. Rev. William O'Brien, P.R., was the celebrant. Rev. Joseph A. Curtin assisted in giving communion. Rev. Francis Keenan celebrated the late mass and Rev. Fr. Curtin was the preacher. The Society for the Propagation of the Faith will meet Tuesday evening at 7.30.

Sacred Heart
Members of the Holy Name society of the Sacred Heart church received communion at the 7.30 o'clock mass yesterday. Rev. William Mahan, O.M.I., was the celebrant, and the pastor, Rev. John P. Flynn, O.M.I., assisted in giving communion. After the mass, breakfast was served in the school hall at which John W. Daly, former K. of C. overseas secretary, gave an interesting talk on his experiences. At the 8.30 o'clock mass the Junior Holy Name society received communion. Next Wednesday evening the Sacred Heart branch of the League of Catholic Women will conduct a whist party in the school hall.

Immaculate Conception
Members of the Holy Name society and Immaculate Conception sodality received communion at the 8 o'clock mass at the Immaculate Conception church yesterday. Rev. Lawrence P. Tigue, O.M.I., the pastor, was the celebrant, and Rev. Owen P. McQuaid, O.

M.I., assisted in giving communion. Rev. James B. McCarthy, O.M.I., sang the high mass and Rev. Denis A. Sullivan, O.M.I., was the preacher.

St. Peter's
Members of the Holy Name society and other young and old men of the parish in large numbers received communion at the 7.30 o'clock mass at St. Peter's church yesterday. The pastor, Rev. Daniel J. Keleher, Ph.D., was the celebrant, and Rev. Francis L. Shea assisted in giving communion. Rev. Daniel F. Heffernan sang the high mass and Rev. Fr. Shea preached the sermon. The Holy Name society met last evening at 6.30 and the Society for the Propagation of the Faith will meet Thursday evening at 7.30.

St. Michael's
A large number of the faithful received communion at the 8 o'clock mass at St. Michael's church yesterday. The pastor, Rev. John J. Shaw, was the celebrant. Rev. Francis J. Mullin celebrated the late mass and Rev. Thomas J. Heagney preached the sermon. The Society for the Propagation of the Faith will meet Friday evening at 7.30.

St. Margaret's
Rev. Stephen J. Murray sang the late mass at St. Margaret's church yesterday. The pastor, Rev. Charles J. Galligan, celebrated the early masses at which there were many communicants.

St. Columba's
Rev. Patrick J. Hally, the pastor, celebrated the early masses at St. Columba's church yesterday. The high mass was celebrated by Rev. James P. Somers. The Women's sodality will meet Tuesday evening.

Oblate Missions
Oblate fathers of this city will give

the following missions during the present month:

April 11-18, St. Mary's church, Westbrook, Me. Rev. Robert J. McCoy.
April 11-25, St. Mary's church, Greenwich, Conn. Rev. William J. Stanton and Rev. John M. O'Brien.

April 11-25, St. Mary's church, Pawtucket, R. I. Rev. James T. McDermott. Rev. Charles W. Webb and Rev. James J. Gallagher.

April 11-25, Sacred Heart church, Bayville, N. Y. Rev. Patrick J. Phelan.
April 11-25, St. Jerome's church, New York city, Rev. Eugene A. Dorgan. Rev. James J. McCarthy and Rev. William P. Haley.

April 11-25, St. Peter's church, Yonkers, N. Y. Rev. T. Franklin Wood and Rev. Henry R. Burns.

LICENSE REVOKED

Lowell Man Loses Auto License—Others Suspended

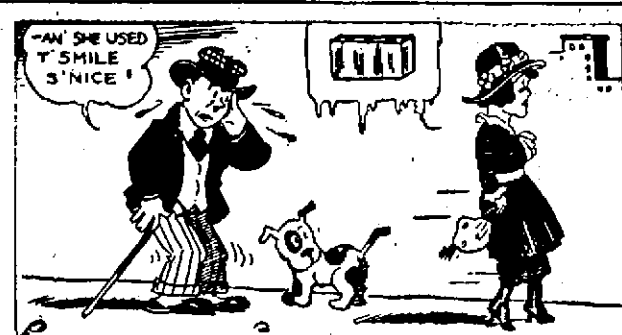

(Special to The Sun)

STATE HOUSE, Boston, April 12.—The license under which Charles Monoxelos of Lowell has been operating motor vehicles in this state has been revoked by Frank A. Goodwin, the registrar of motor vehicles, because of Monoxelos' conviction in the Cambridge court March 31 on a charge of operating a motor vehicle in such a manner that the lives and safety of the public were endangered.

The registrar has suspended the license of Giuseppe Valorosi of Lowell, pending an investigation of the accident in which he was involved March 25, and which resulted in the death of Alfred W. Schmidt of Billerica.

Costas D. Rangos of Lowell has been notified that his license to work as a chauffeur has been reinstated, after full investigation, that he was without serious fault in connection with the accident of March 23, which resulted in the death of Nicholas H. Sinnott of Cambridge.

Another license suspended pending

HIGH SCHOOL GIRLS MUSTN'T "VAMP" BOYS!

(N.E.A. Staff Special)

CHICAGO, April 12.—Moralists of Chicago high school girls are to be uplifted by the High School Deans' association, an organization of teachers.

War has been declared on dances that feature "wiggling, writhing, languishing movements and melting into each other's arms."

Naughtiness will be reduced to a minimum, teachers say, if these rules are observed:
Partners to dance with bodies seven

inches apart.
Man's right hand to rest lightly between girl's shoulders.
Girl's left hand to rest lightly just back of curve of man's shoulder.
Girl's elbow just above man's, but not resting on it.
Girls are warned against vamping—or "immodest use of feminine power." They are warned against face paint and low-neck dresses and new style lace silk stockings.

They must also go home early from next summer's series of "Cat and Fiddle" dances, for which the rules and regulations were drawn by a committee headed by Miss Grace Bartlett, president of the High School Deans' association.

Investigation of a fatal accident is that of John A. Holman of Billerica, who on March 24 was operating an au-

tomobile which became involved in an accident resulting in the death of Frank H. Alexander of Billerica.

HOYT.

Revolution Breaks Out in Guatemala

WASHINGTON, April 12.—The long threatened revolution in Guatemala against President Estrada Cabrera finally has broken out. Reports today to the state department said the opponents of the president had gained control of Guatemala City after some street fighting.

A marine guard from the cutter Tacoma and submarine tender Niagara, has been landed to protect the American legation.

Spring Find You Weak and Worn?

HAS Winter left you dull, tired; all worn out? Do you have a constant backache, with headaches, too, dizzy spells, sharp, shooting pains and some annoying kidney irregularity? Does Spring find you feeling older, slower than you should? From a health standpoint it has been a trying winter. The influenza and grip epidemics have left thousands with weak kidneys and failing strength. Now comes Spring, with its own special burdens of impure blood to impose a still greater burden on the overworked kidneys. Don't wait for some serious kidney trouble to develop. Get back your health and keep it. For quick relief get plenty of rest, sleep and exercise, and help the weakened kidneys with DOAN'S KIDNEY PILLS. Doan's have helped thousands and should help you. ASK YOUR NEIGHBOR!

THESE ARE LOWELL CASES:

BELLEVUE STREET

Mrs. J. G. Gifford, 25 Bellevue street, gave the following statement April 9, 1914: "I used Doan's Kidney Pills for backache caused by kidney trouble. I was all worn out and suffered from rheumatic pains. Specks seemed to float before my eyes. My kidneys didn't act right at all. I began using Doan's Kidney Pills and got much relief."

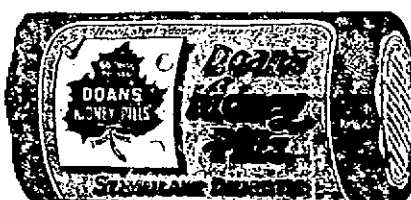

On February 17, 1915, Mrs. Gifford said: "There is no doubt about Doan's Kidney Pills being a splendid remedy for the kidneys, lumbago and rheumatic pains. They have done me a world of good and I cannot praise them highly enough."

OSGOOD STREET

H. W. Hillard, city fireman, 25 Osgood street, says: "I suffered a long time with my kidneys before I could get anything to help me. I happened to hear of Doan's Kidney Pills and believe me, I was glad to get them. They helped me from the start. Before I took Doan's, I had a dull, constant ache in the small of my back all the time. If I bent over, I could hardly straighten up again. Sharp pains would catch me in my back. The kidney secretions were too frequent in passage and caused me much annoyance. Doan's Kidney Pills cured me of all this trouble and there has never been any return of it."

WALNUT STREET

Alex. Paterson, baker, 31 Walnut street, says: "Kidney trouble kept me miserable for some time. My back ached and I could hardly stoop while at my work. It was just as hard for me to straighten up. My kidneys acted irregularly. I read of Doan's Kidney Pills and got a supply, using them as directed. They rid me of the backaches and kidney trouble."

No package of Doan's Kidney Pills is genuine unless it bears the maple-leaf trade-mark and the signature—"Jas. Doan."

GAGE STREET

Wm. LeBlanc, machinist, 31 Gage street, says: "Doan's Kidney Pills have been a great help to me and I wouldn't be without them in my home. My work is trying on the back and kidneys. At times I have to work in a cramped position and it nearly breaks my back to bend or straighten. Mornings I was sore and lame. The kidney secretions passed irregularly. I used Doan's Kidney Pills as directed and soon felt like a different man. I could go about my work without any trouble with backache."

CHELMSFORD STREET

Mrs. Mary J. Laurie, 155 Chelmsford street, says: "Some time ago, my kidneys became weak and my back pained me. I also suffered from headaches and dizzy spells. My feet and ankles were swollen. I read of Doan's Kidney Pills and began using them. I soon had relief from the distress in my back and the other symptoms were also relieved. My kidney became strong and I have had very little trouble to speak of since."

Mrs. Laurie gave the above statement July 15, 1915, and on February 15, 1916, she added: "Whenever I feel in need of a kidney medicine, I resort to Doan's Kidney Pills."

SITUATION STILL
CONSIDERED DELICATE

LONDON, April 12.—Discussion of relations between Great Britain and France in the house of commons is not probable for some days at least, although anxiety is felt by many members of parliament, which resembles today after the Easter recess. There is a desire in some political quarters to bring the situation before the full house, but as the scheduled program of business has allocated parliamentary time for several days, debate cannot be brought about unless these desiring it can carry a motion to suspend the order of business on a plea of urgency.

Andrew Bonar Law, government leader in the house, has been deputized by Premier Lloyd George, who has gone to San Remo, Italy, to make official statements during the latter's absence, but members are declared to have expressed little confidence they will hear more than they already know. Although the situation has eased somewhat, it is still regarded as delicate, and government supporters, who approve the cabinet's attitude relative to the advance of French troops along the Rhine, do not desire discussion. They hold international interests are best served by allowing events to proceed calmly to settlement by diplomatic routes.

Dolge Weed Killer

Keeps Roadways and Walks
Weedless Economically.

It is a clean, light colored, odorless liquid diluting with water, one gallon making from forty to fifty gallons. It will not stain curbing or walks. Neither will bordering lawns be injured. The weeds in the roadways and paths will wither and disappear and the binder surface be improved and the danger of washouts be minimized. Order today for now is the time to apply it.

Gallon, \$2.00.

INTERESTING CASE OF MISS BAIRD

Sick Four Years, Woman Tells How She
Got Well

Mrs. Hulsapple called to see the GOLDLINE "Dows" Drug Store and made this statement: "GOLDLINE has done for her. She said:—
"Well, GOLDLINE is the best medicine that has ever helped my stomach. I have bought everything that anyone would advise, tried every doctor's remedy and nothing would give me any relief. I had suffered so long with constipation that I felt I would never find any help or relief. Such is not the case. For GOLDLINE Laxative has proved to me what I never expected. To make it plain, I am not the same woman I was one month ago. No woman or man need suffer any longer with stomach trouble or constipation."

when they can get GOLDLINE for it sure will do the work as I feel sure there is no one with worse stomach than I once had. Now it is fine in every way.
"I feel like a new person. All my friends say I look so much better, but I don't need to have them tell me, for I know my feelings. I wouldn't have believed anyone could feel so much better in such a short time. I tell everyone I know. I can't give your medicine praise enough."
GOLDLINE NO. 1 is used in the treatment of stomach, heart, nervous, intestinal, female troubles, physical decline and debility to build you up and create strength. Price—Tablets \$1.00. GOLDLINE NO. 2 is used for catarrh, kidneys, bladder, liver, blood, rheumatism, weak back, eruptive and skin diseases and to purify the entire system. Price—Tablets, \$1.00; Liquid, \$1.50. Put up in the green package. See your picture on each.
GOLDLINE LAXATIVES are used for constipation, constiveness, liver troubles, flatulence, congestion of the liver and for cleansing the organs of digestion and excretion. 25c per box. Dows' both stores for Goldline.—Ad.

FUNERAL NOTICES

TRULL—Died April 10th, Alpheus N. Trull, at his home, 7 Waterford street. Funeral services will be held at 7 Waterford street, Tuesday afternoon at 3 o'clock. Friends are invited without further notice, burial private. Interment will be in the family lot at West Chelmsford. The funeral arrangements are in charge of Undertaker George W. Healey.

HEANEY—The funeral of George H. Heaney will take place this morning at 9 o'clock from the home of his sister-in-law, Mrs. Minnie Verlist, 177 Pleasant street, at 9 o'clock. A funeral mass will be celebrated at 9 o'clock at the Immaculate Conception church. Burial will be in the family lot at St. Patrick's cemetery. Funeral under the direction of Undertakers Charles H. Molloy's Sons. Motor cortege.

LASKEY—The funeral of Mrs. Catherine Laskey will take place Tuesday morning from the chapel of William A. Mack, 16 Gorham street. The body will be placed in the casket at 9 o'clock. Friends are invited to attend. Burial private. The body may be viewed at the funeral parlors of Undertaker W. Herbert Blake Monday afternoon or evening.

ALDRICH—Died April 10 at St. John's hospital, Etta M. Aldrich. Funeral services will be held from her home, 13 Arch street, Tuesday afternoon at 3 o'clock. Friends are invited to attend. Burial private. The body may be viewed at the funeral parlors of Undertaker W. Herbert Blake Monday afternoon or evening.

HEARD—Emma A. Heard died April 8th at Blackwell, Oklahoma, aged 63 years, wife of Hosea G. Heard. Funeral services will be held at the funeral parlors of John A. Weinbeck, 12 Middlesex street Wednesday afternoon at 2 o'clock. Friends are invited without further notice. Funeral arrangements in charge of Undertaker John A. Weinbeck.

GOVILA—Died April 12, Joao F. Govila. Funeral will take place this afternoon at 2:30 o'clock from the home of his parents, Joao F. and Leon Govila, 114 Gorham street. Services will be held at St. Anthony's church at 3 o'clock. Burial will take place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

REQUIEM MASSES
CUMMINGS—Second anniversary mass for Mrs. Katherine Cummings. Cummings who departed from this life April 5, 1918, at St. Peter's church, Tuesday morning at 5:45 o'clock.

SILVA—May G. Silva, aged 5 months, child of Jardim and Marie Silva, died yesterday morning at the home of her parents, 10 Union street.

GALLARDET—Cecile Gallardetz, daughter of Mr. and Mrs. Arthur Gallardetz, died yesterday morning at the home of her parents, 41 By street, aged 6 years.

TRULL—Alpheus Trull died Saturday at his home, 7 Waterford street, aged 72 years, 3 months and 1 day. He is survived by his wife, Mrs. Annie A. Trull; three children, Mrs. Thomas Kittredge of Ayer, Frank Trull and Miss Ella Trull, both of this city, and four grandchildren.

FUNERALS

SALENS—The funeral of Jasala Salens took place Saturday at 1 o'clock from the rooms of Undertaker Joseph Albert, Allen street. A large number of friends were present. Burial was in St. Joseph's cemetery.

SOEZA—The funeral of Joseph Soeza took place Sunday afternoon at 2 o'clock from his home, 46 Linden street, and was largely attended by relatives and friends. At St. Anthony's church at 3 o'clock services were held.

Rev. John Perry officiating. Burial took place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

KEISHAW—The funeral of Alfred Keishaw took place from the home of his sister, Mrs. Morton V. Lord, 53 Hildreth street yesterday afternoon at 3 o'clock. The services were conducted by Rev. Wilton Waters, rector of the Chelmsford Centre Episcopal church. Appropriate selections were sung by Frederick Mills. The bearers were Albert Lundgren, Henry Bakewell, Edwin Rayner and Samuel Acton. Burial was in the family lot in the Edison cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

BENSON—The funeral of Mrs. Margaret Benson took place from the home of Mrs. Edward W. Hamington, 11 South Wilder street, Saturday afternoon. The services were conducted by Rev. Chauncey D. Hawkins, D.D., pastor of the First Congregational church, and Rev. Edward W. Newcomb, pastor of the Congregational church at Keene, N. H. The floral offerings were many and beautiful. The bearers were Charles Usher, John H. E. Sutherland, Roy Jacobs and Alexander Jacobs. Burial was in the family lot in the Edison cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

HANDELT—The funeral services of Mrs. Mary J. Handelt were held at the rooms of Undertaker Hiram G. Brown Saturday afternoon May, Cole E. Fisher, D.D., pastor of the First Universalist church, officiating. The floral tributes were very beautiful. Mrs. F. L. Roberts and Miss Edith Thompson sang "Something in the Garden" and "My Ain Country" and at the grave sang "Softly and Tenderly." The bearers were J. Munn Andrews, Fred Emerson, Arthur Gilbert and Edward A. Jones, all members of Mrs. Handelt's Sunday school class at the First Universalist church. Burial was in the family lot in the Edison cemetery, where Rev. Caleb E. Fisher, D.D. read the committal prayers.

HELPED HER LITTLE GIRL
Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar." Gives immediate relief from distressing, tickling, irritating coughs; soothes and heals throat for colds, croup and whooping cough.

BURKINSHAW—Burial of Mrs. Mary J. Burkishaw took place at St. Patrick's cemetery, 351 Central St., Monday's Drug Store, 351 Central St.,—Ad.

The funeral was under the direction of Undertaker Hiram G. Brown.

GILLIGAN—The funeral of Michael Gilligan took place this morning at 9 o'clock from his home, 1 West Burnside avenue, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Michael's church where at 9:30 o'clock a mass of requiem was celebrated by Rev. James Lynch. The choir under the direction of Mr. Thomas P. Boulger, sang the Gregorian chant, the solos being sustained by Miss Griffin and Mr. Boulger. Miss Marie O'Donnell presided at the organ. There was a profusion of beautiful floral tributes and spiritual bouquets. The bearers were Carl Richardson, Charles Bryant, David Howard, Edward McInerney, William McNamee and Joseph Wells. At the grave Rev. Fr. Lynch read the committal prayers and the burial was in the family lot in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell and Sons.

BURKINSHAW—The funeral of Mrs. Lottie (Palme) Burkinshaw took place this morning at 9 o'clock from the residence of her mother, Mrs. Arthur J. Faine, 41 Hale street, and was largely attended by sorrowing relatives and friends, including many from out of town. The cortege proceeded to St. Peter's church where at 9:30 o'clock a mass of requiem was celebrated by Rev. Peter Linahan. The choir under the direction of Mr. James L. Donnelly sang the Gregorian chant, the solos being sustained by Miss Mary Byrne and Mr. James L. Donnelly. Miss Gertrude Quinley presided at the organ. There was a profusion of beautiful floral tributes and spiritual bouquets. The bearers were Roy Ross, James McNamara, Leo Hatch and Bernard LeBlanc. At the grave Rev. Fr. Linahan read the committal prayers and the burial was in the family lot in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell and Sons.

LEE—The funeral of Thomas C. Lee took place this morning from the home of his brother-in-law, Dr. Charles E. Roman, Long Island, Boston. A funeral mass was sung at the Long Island chapel at 8 o'clock. Rev. William J. Quinley, S.J., officiating. The burial was in the family lot in St. Patrick's cemetery this city. At the grave Rev. Lawrence Tighe, O.M.I., read the committal prayers. The arrangements were in charge of Undertakers James F. O'Donnell and Sons.

DION—The funeral of Mrs. Joseph Dion took place this morning from her home, 32 Prince street. Solemn high mass of requiem was celebrated at St. Joseph's church at 2 o'clock by Rev. L. N. Bachaud, O.M.I., assisted by Rev. Guillaume Verlette, O.M.I., as deacon and Rev. Rosario Albert, O.M.I., as sub-deacon. The choir under the direction of Telephore Male rendered the Gregorian chant, including T. Camire, presiding at the organ. The bearers were

Charles Hamel, Fred Clement, Germain Lapointe, Napoleon Allard, Napoleon Beaudoin and Achille Goulet. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Eugene Turcotte, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

PETRETTI—The funeral of Bernard Petretti took place this morning at 10 o'clock from the funeral parlors of Undertakers M. H. McDonough Sons. Burial took place in St. Patrick's cemetery.

SILVA—The funeral of Mary G. Silva took place this morning at 11 o'clock from the home of her parents, Jardim F. and Maria Miranda Silva, 10 Union street. Services were held at St. Anthony's church at 11:30 o'clock the prayers being read by Rev. Fr. Perry. Burial took place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

Says Fat People
Now Rejoice

Testimony Proves Arbolone Safe,
Sure Reducer
Enjoys Wide Sale Amongst Educated Wealthy Set.

The physician who originated the Anti-fat treatment known to physicians and druggists as "Arbolone" is being praised and thanked by scores of women in the class known as "society devotes."

A literary woman in Los Angeles, being so highly elated over her success in reducing, has written a clever little poem, which recites the facts and expresses deep gratitude as well. To safely and surely reduce from 20 to 60 pounds is easily accomplished when tablets Arbolone are used regularly. They are not drastic or dangerous, used as directed, but simply and surely dissolve the fatty elements and eliminate them from the system. Also, they remove the craving for such foods as are not desirable for fat folks to use. Herein, Arbolone is superior to all other anti-fat medicines, as it automatically overcomes the abnormal, perverted appetite for starchy foods, etc. Sold by all druggists in sealed tubes with full directions.

POLO TEAMS NOW ON THE HOME STRETCH DE FOE EXPECTED TO PUT BOYLE TO TEST.

The American Roller Polo League season will close one week from tomorrow night and the race for the three money places is still in doubt. Providence still has a slight lead and is looked upon as the "best bet" for the pennant. Fall River, New Bedford and Lowell are closely bunched in that order, and Worcester and Salem wind up the parade. Fall River players and fans are still confident of landing first money and look to "Big" Fred Dean to pilot the team under the wire. New Bedford, has been playing the best polo in the league for the past three weeks, and while now in third place, the chances of holding a first division place have been weakened by the loss of "Bob" Hart, who was forced to leave the team after Saturday night's game to begin his duties as a National league umpire. Providence had the pennant, apparently sewed up a few weeks ago, but Harry Thompson was forced out of the lineup on account of illness, and his absence brought about a slight slump. He is now back in the game and it is hoped that the team will be able to hold its own in the Rhode Island entry. Lowell, however, is making a bid to land in the first division. The team won the pennant two years in succession, when no money prize was involved, and the players are out to get in on the "divvy" this season. Harkins has been out of the game for a few days as a result of an injury to his arm, but Lewis and Davies, have played good polo on the rush line, with the result that no ground was lost. Harkins is now ready to jump back and with him available the prospects of the locals setting in on the money look good. New Bedford set the pace last week by winning four out of five, Fall River and Worcester tied with three wins and two defeats. Salem broke even, winning three and dropping three, while Worcester and Providence each won but one game out of five starts. Lowell has a hard schedule this week, playing Fall River here tomorrow night at Providence or Worcester, day night, here with New Bedford on Friday night, and finishing the week at Providence on Saturday night. The complete schedule for the week follows: Monday: New Bedford at Salem; Fall River at Providence. Tuesday: Fall River at Lowell; Salem at Providence; Worcester at New Bedford. Wednesday: Lowell at Worcester; Providence at Fall River; Salem at New Bedford. Thursday: New Bedford at Fall River; Providence at Salem. Friday: New Bedford at Lowell; Worcester at Fall River. Saturday: Lowell at Providence; Salem at Worcester; Fall River at New Bedford.

LOWELL WINS FROM THE PROVIDENCE GOLD BUGS

PROVIDENCE, April 12.—Lowell defeated the Gold Bugs Saturday night, 4 to 3. Lewis and Davies paired well together, and the other athletes assumed their respective duties in full measure. Pence had 72 stops, as against 23 for Huetner, whose activities were reduced by the wizardry of Lyons at back. Pence never played better polo on the local surface. The game was a full fight all the way. The end of the first period brought a tie score, but Lowell took the lead in the second period and held it to the finish. Lowell lost a goal on fouls. The lineup and summary:

LOWELL	PROVIDENCE
Lewis 1r	1r Williams
Davies 2r	2r Thompson
Griffith 3r	3r Evans
Doherty 4r	4r Lyons
Pence 5r	5r Huetner
Won by Caged by	
Time	
Lowell 1:40	
Providence 2:15	
Providence 2:55	
Providence 1:30	

SECOND PERIOD
Lowell 3:20
Providence 3:05
Lowell 1:30

Summary: Score, Lowell 4, Providence 3. Lineup, Lowell 1, Williams 10, Stops, Pence 72, Huetner 23, Fouls, Doherty 3, Griffith 2, Williams 1. Referee, Graham.

POLO LEAGUE STANDING	Won	Lost	P.C.
Providence	66	55	54.5
Fall River	65	58	52.8
New Bedford	60	59	50.4
Lowell	59	59	50.0
Worcester	56	59	48.7
Salem	51	51	48.6

SATURDAY NIGHT'S RESULTS

Lowell 4, Providence 3.
Worcester 5, Fall River 3.
New Bedford 13, Salem 1.

TONIGHT'S GAMES

New Bedford at Salem.
Fall River at Providence.

BREAK UP GAME TO HONOR RUTH

NEW YORK, April 12.—Several thousand fans broke up an exhibition game between the New York Americans and the Brooklyn Nationals on Eubets Field yesterday in a great demonstration for "Ruth, home run king of baseball." With the score of 11 to 9 in favor of the Yankees, two out and Myers of Brooklyn on first in the ninth inning, a fan started across the field to shake hands with the premier long distance hitter, who has knocked out a three base hit and a single and had scored three runs during the game. Before he could be stopped, several hundred other fans started to follow him and after several minutes delay, during which the players, umpires and police tried unsuccessfully to clear the field, the game was called.

WRESTLING BOUTS HERE TONIGHT

All is in readiness for the wrestling carnival at Merrimack hall tonight. Jan Prokos will try conquests with Frank Lurich of Springfield and Americus will go against Cyclone Bill in three wrestling matches. If Prokos wins, he and the winner of the other bout will be matched, according to plans. All four athletes are reported to be in the pink of condition.

POLO
Lowell vs. Fall River
TUESDAY NIGHT, Crescent Rink
Roller Skating Tonight

CRESCENT A. A.
Phinney Boyle vs. Billy De Foe
Three Other Bouts
THURSDAY NIGHT

Phinney Boyle of Lowell, who is now recognized as one of the leading lightweights in the game, will be put to a severe test on next Thursday night when he meets Billy De Foe of Providence in the main bout of 12 rounds at the Crescent A.A. Last season De Foe made a great impression here by engaging in a sensational bout with Al Shubert. A few months ago he came back and gave Frankie Brown of New York, who is now in Paris, an artistic licking. He showed in that contest that along with being a pretty busy boxer, he possessed much hitting ability. He kayoed the New York boy and his work made a big hit with local fans. Since winning from Brown the Providence boy has been in great demand throughout the country. He is looked up to as one of the most satisfactory battlers ever seen here and local fans realize that the recent conqueror of Jimmy Duffy has a big job on his hands. Boyle, however, who boxed De Foe several years ago, feels confident of winning, and avers that if successful he will immediately press his claim for a title bout with him. Boyle went back to active training today and will leave no stone unturned to be in the "pink" when he hops into the ring on Thursday night.

Young Hector of Jersey City who came here on short notice and put up a good bout against Johnny Downes of Boston is a very busy performer. Last Thursday night he boxed Young Reiner at Bridgeport and on next Saturday night he is scheduled to meet Frankie Olsen of Great River, N. Y., at the North Jersey Sporting Club of Hackensack, N. J.

PREPARING THE GARDEN

By Middlesex Bureau of Agriculture and Home Economics

Home garden soils should be carefully prepared for planting. Proper preparation and fertilization of a home garden is half the battle won. Most home gardeners in this section, because of the prevalence of the European corn borer, would do well to rake up and burn corn stubble, large weeds and other debris about the garden. Most of our back-yard garden soil suffers for want of humus, and under ordinary conditions we would not think it best to burn up the debris on the surface of the soil, as it should be worked in. Because of the borer trouble, however, it is much better to destroy this form of humus and plan to apply it through stable manure, rye, clover and other material which can be planted on the soil after the vegetables are off. Some backyards are wet and heavy. The texture of the soil can be improved by mixing in sifted coal ashes. Coal ashes have little or no value as a fertilizer.

As suggested last week, practically all garden soil was acid, and in need of a liberal application of lime. Most home gardens will be spaded rather than plowed. In spading it is well to turn the soil over and to dig it much deeper than we have in the past. After the soil has been spaded the time should be applied and the surface soil thoroughly raked. If one is using stable manure, and it is desirable where it is available, it should be applied before the spading is done. One cannot be too thorough in the preparation of the seed bed. It should be raked and re-raked so that the surface soil will be thoroughly pulverized. If home mixed or ready mixed fertilizers are used in addition to the stable manure, it will be well to apply a larger share of same to the surface soil and work it in during the raking process.

PLAN TO REDUCE PRICE OF SHOES

(Special to The Sun)
STATE HOUSE, Boston, April 12.—Discovery that clerks in certain shoe stores are being paid one-half of all they can induce a purchaser to pay in excess of the fixed price of a pair of shoes has been made by the state commission on necessities of life. Bernard Scanlan, secretary of the commission, stated today that the most recent case discovered is that of a salesman who demanded \$17 for a pair of shoes. The customer finally beat him down to \$9, and the commission subsequently learned that the minimum price fixed by the proprietor was \$6.

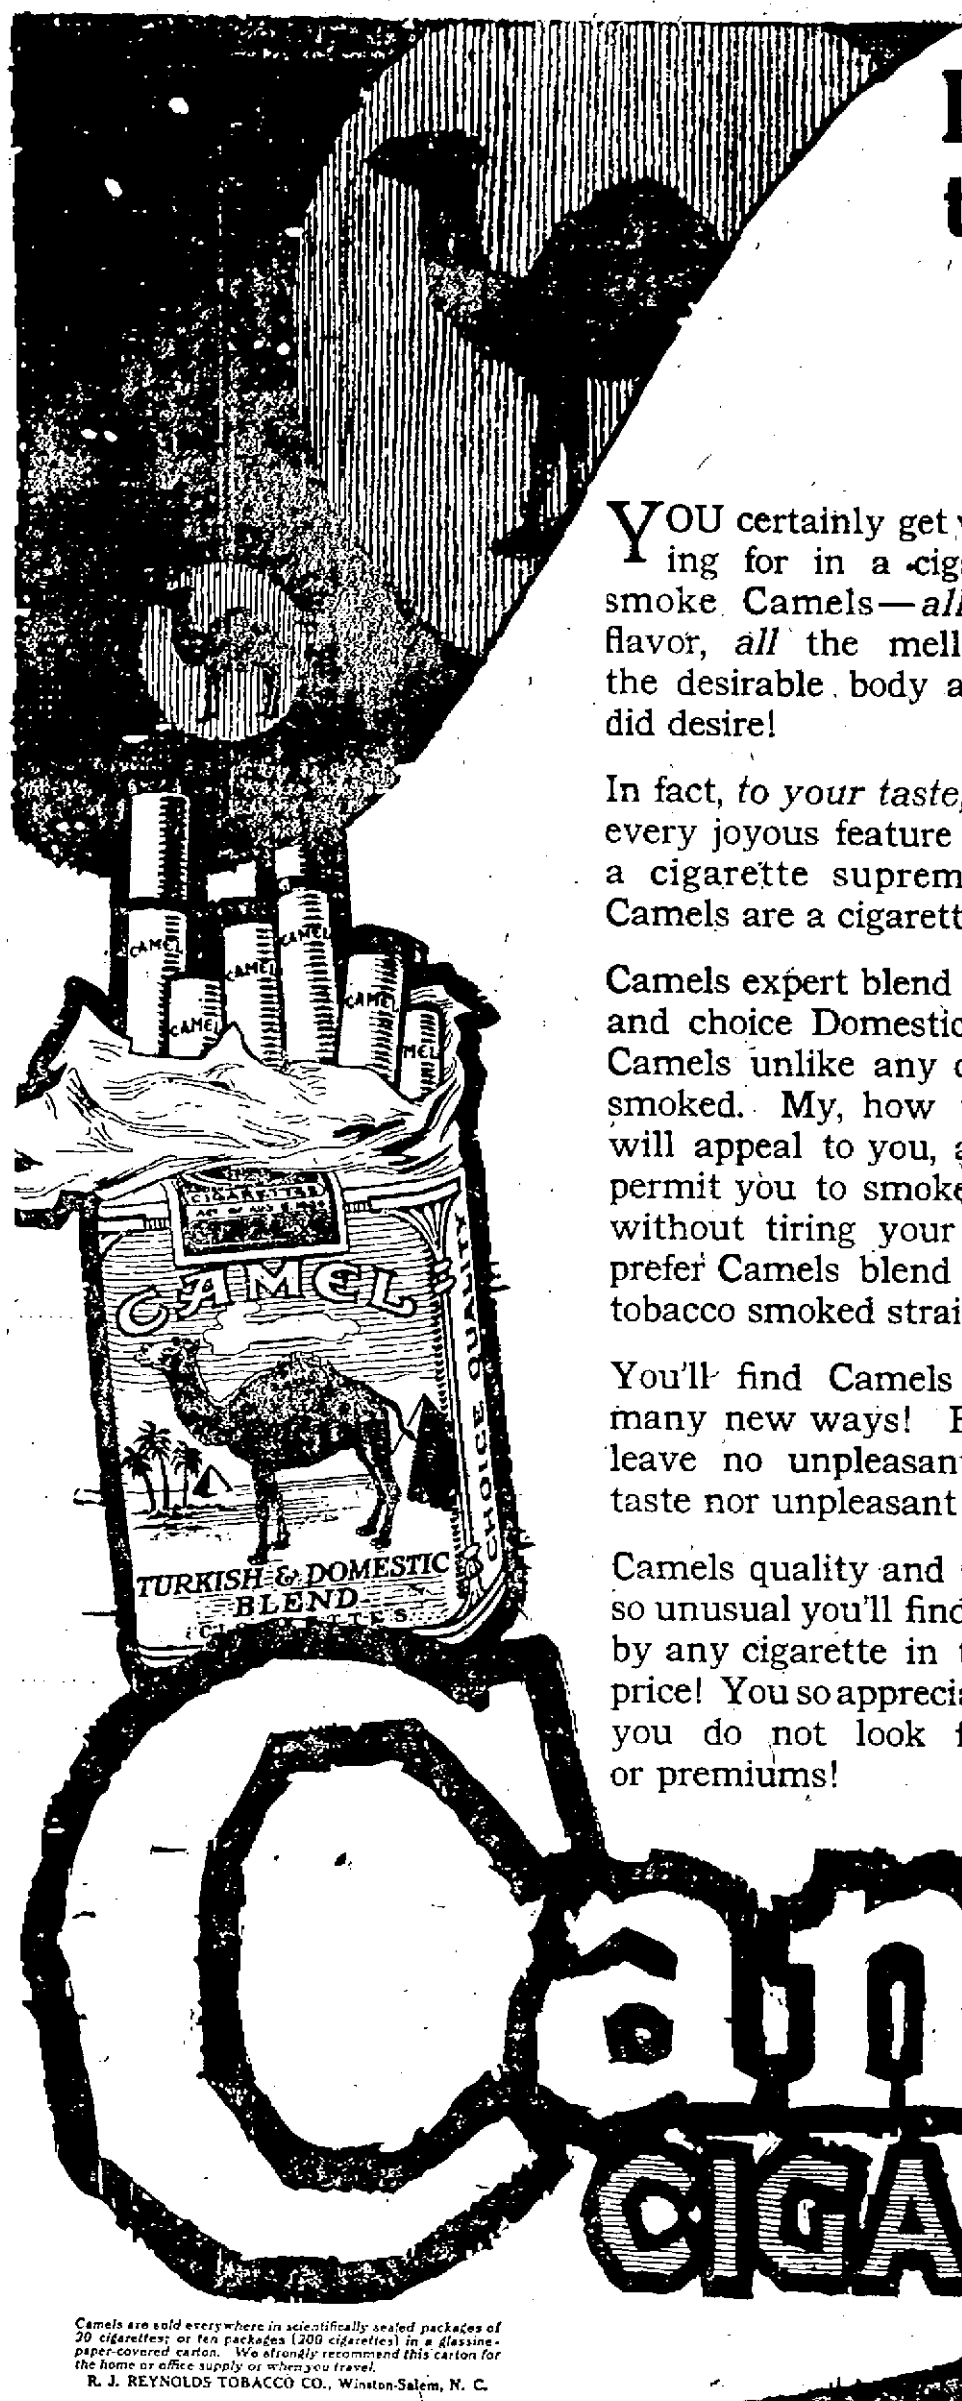

"I believe co-operation on the part of the public will speedily reduce the price of shoes, as well as of other commodities," Mr. Scanlan said today. "If the public would refrain from purchasing shoes except in case of absolute necessity, and would then refrain from

OverAll Cigars
3 FOR 35c

Let's settle this right now!

No man ever smoked a better cigarette than Camel!

YOU certainly get what you're looking for in a cigarette when you smoke Camels—all the refreshing flavor, all the mellow-mildness, all the desirable body any smoker ever did desire!

In fact, to your taste, Camels combine every joyous feature that could make a cigarette supreme! That's why Camels are a cigarette revelation!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes Camels unlike any cigarette you ever smoked. My, how their smoothness will appeal to you, and how it does permit you to smoke Camels liberally without tiring your taste! You will prefer Camels blend to either kind of tobacco smoked straight!

You'll find Camels a delight in so many new ways! For instance, they leave no unpleasant cigaretty after-taste nor unpleasant cigaretty odor!

Camels quality and Camels blend are so unusual you'll find them unequalled by any cigarette in the world at any price! You so appreciate Camels quality you do not look for coupons, gifts or premiums!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Paying more than \$5 per pair, everyone would be surprised to note how quickly the price would drop."

Secretary Scanlan believes very strongly that a thrift league should be organized at once, for the purpose of fighting high prices.

"Let a small group of responsible, influential citizens, both men and women, with no personal axes to grind undertake the organization of such a league," he said. "They would have to be men and women with ample would command public confidence, to contribute from their own pockets, as a public service, the funds required to pay organizing and advertising expenses."

"Such a group would form the backbone of the executive committee, perhaps of the thrift league. Then this committee should launch a state-wide campaign for enrollments. The committee should devise a plan to arouse and interest the people generally in the idea. I believe it would be helpful to require every person enrolling to sign a pledge to stand by and follow implicitly the advice and recommendations of the committee."

"With a committee properly organized and properly backed up by the people, I believe results in the way of lower prices could be obtained in a very short time."

WOMAN KILLED BY AUTO

Driver of Car Arraigned in Police Court on Charge of Manslaughter

Charged with manslaughter in causing the death of Miss Rita M. Aldrich, 62, for several years employed as buyer for the grocery department at the A. G. Pollard Co., who was killed by an automobile in Merrimack street Saturday evening, Fred H. Haines of 59 Moore street, proprietor of a local laundry, was arraigned before Judge Curran in the municipal court today and held in \$2000 bonds for hearing May 2. He pleaded not guilty.

Miss Aldrich, who lived at 72 Arch street, was struck by Haines' machine as she was crossing Merrimack street shortly after 5 o'clock. She had just left the Pollard store and intended to take a light-colored bound street car from the opposite side of the street. In making her way across the crowded thoroughfare, she stopped directly in front of the on-coming machine, which was being operated at a slow rate of speed, and was thrown to the ground. Death was almost instantaneous. Mr. Haines reported the accident to the police after the injured woman had been taken to St. John's hospital. Miss Aldrich was widely known in Lowell, and enjoyed a wide circle of friends and acquaintances, all of whom

respected and admired her for her many sterling traits of character. She was at one time connected with the Bon Marche company, but for the past 20 years has been in the service of the A. G. Pollard Co. as buyer for the grocery department. She was born in Bradford, Vt., and came to Lowell at the close of the Civil war.

She is survived by three sisters, Mrs. Ina Flanders, 55 Westford street, Mrs. Harriet Tremblay, also of Lowell, and Mrs. Emma Blanchard of Thorin's Ferry, N. H.; one niece, Miss Rita Blanchard of Thorin's Ferry, N. H.; and one nephew, William W. Blanchard of Nashua, N. H.

BACK ON THE JOB
The plasterers and painters, who after being refused an increase in wages by local contractors had gone out on strike, have settled their grievances and returned to work. It was learned this morning that the demand of both organizations have been granted.

Thinness Easily Overcome

(From "Health and Beauty")
Further evidence is being presented almost daily that a recent compound of new chemical elements combined in a tablet with hypophosphites is in reality proving a blessing to the abnormally thin men and women, for it can be demonstrated beyond doubt that a regular course of three or four months' treatment brings an increase in weight of from 10 to 20 pounds, with a decided improvement of health and color, too. The said administration the most popular form is to be found in three grain hypo-nucleon tablets, obtainable in sealed packages from the best apothecary shops, with full directions.

ANOTHER CAMPAIGN ISSUE

NEW YORK HAS BACK TO WALL

Struggling Desperately to
Free Itself From Epidemic
of Strikes

Food and Milk Trains Man-
age to Creep Into City,
Giving Officials Hope

NEW YORK, April 12.—New York, with its back against the wall, struggled desperately today to free itself from the tentacles of the octopus-like epidemic of unauthorized railway strikes.

Out of the maze of conflicting reports—of new strikes called and others threatened—railroad officials professed to see a ray of hope, because some passenger service had been maintained and food and milk trains managed to creep into the city. It was admitted by the railroad officers, however, that the situation still was grave, but they assumed the optimistic attitude that if they weathered today's storm, the situation soon would approach the normal.

The lull in business activities over Sunday gave the railroads a breathing spell in which to marshal their forces in handling the tide of commuters sweeping into the metropolis. Under normal conditions 700,000 persons come to this city each day.

Hudson Tubes Tied Up

With the Hudson tubes still tied up by the strike, the bulk of the burden of handling New Jersey commuters fell upon the ferries plying the Hudson. The ferry service was handicapped, too, by the strike of harbor workers, but each boat was jammed beyond capacity by commuters who had stood in line at ferry houses for hours. Police reserves had a strenuous time trying to control the mad rushes for the boats.

The Staten Island ferries also were affected but the Long Island railroad maintained virtually normal service. The New York, New Haven & Hartford and New York Central lines were operating on a somewhat curtailed schedule.

Thousands of persons were unable to reach their places of business here until hours after the usual time, while other thousands gave up the attempt and remained home.

The situation at most of the railway terminals in New Jersey was still chaotic with only a few freight trains moving. Freight traffic over other lines entering Manhattan was irregular.

Express Train Hours Late

The Chicago express on the Erie railroad, which was abandoned yesterday at Port Jervis, N. Y., while members of the crew attended a meeting of the new union, arrived in Jersey City this morning, more than 10 hours late. This train was said to have carried mail and it was predicted that federal authorities might take cognizance of the delay.

Various organizations of railway employees held meetings here and in New Jersey during the morning to decide whether they would join the strike. Mayor Frank Hague of Jersey City, who announced yesterday that he championed the cause of the strikers, called a conference of strike leaders today at which demands were to be formulated. Railroad officials already have announced they will not deal with the strikers whom they characterize as outlaws.

Health Commissioner Acts

While Health Commissioner Copeland of this city said he was not alarmed because of the shortage of foodstuffs, he called a conference of dealers and distributors of food and milk at his office this afternoon. Plans will be outlined, he said, to cope with the situation, should the town continue. Dr. Copeland said the milk supply had not yet been seriously interfered with, but he planned to organize a motor transportation line in case of necessity.

"Strike-Bound" in Catskills

A story of being "strike-bound" in the foothills of the Catskills on the Chicago express, while abandoned by its crew at Port Jervis, N. Y., was told by passengers on arrival here this morning, 10 hours late. A fireman sent out from Jersey City aided the engineer in finally bringing in the stalled train, they said.

A "mob of railroad men" met the express when it reached Port Jervis, according to passengers. They swarmed about the engine and dragged the fireman from the tender.

The conductor and the rest of the crew endeavored to persuade the strikers to let the fireman resume his post and allow the train to proceed to Jersey City. This was refused, the strikers shouting that the only way the fireman could go to Jersey City on the train would be "in a wooden box."

Some passengers managed to hire rooms for a few hours at \$5 each. It was said. The station agent agreed to announce "an hour before hand, when the train would start."

At 11:30 p. m. this word came but it was after 3 o'clock this morning before the new fireman arrived and considerably later when the train finally pulled out for Jersey City.

The express carried passengers coming from as far west as the Pacific coast.

SAVE MONEY ON MEAT WEEK POSTPONED

The department of justice announced today that on account of the railroad strike, which has delayed food shipments, "Save money on meat" week in Massachusetts has been postponed indefinitely. The week was to have begun on Monday, April 12, but was postponed on the advice of John H. Sherburne, of Boston, fair price commissioner. "Save money on meat" week will be observed in other New England states, however, from April 12-17.

"Coin Comes Easy, Let's Blow It," Seems Slogan of Americans

BY JAMES HENLE,
N.E.A. Staff Correspondent.

NEW YORK, April 10.—This nation is richer than it has ever been before—peace is even adding faster to its wealth than war did!

It is living at a faster pace now than it was one, two or three years ago.

It is demanding and obtaining more luxuries—more and more.

In 1914 hundreds of millions worth of American securities were sold abroad. Now this situation is exactly reversed. Not only has this government lent the allies huge sums of money, but the private citizens of the United States own literally billions of dollars' worth of foreign bonds.

Every Nation Owes United States

We are the greatest creditor nation today in all history. Every country owes us money. And we are only beginning to spend it!

Customs collections in New York for the month of March beat all previous records by nearly \$300,000. And this tells only part of the truth. The best previous month was in 1910, when there was still a high tariff. The duty on many articles has been lessened

"Every Hour or So"

He Had to Arise at Night Because of Kidney and Bladder Ailments.

Tells of the Good Balmwort Tablets, Worked.

Mr. W. E. Goff, connected with the D. L. & W. R. R., Syracuse, N. Y., writes: "For two years I had suffered from disorders of the kidneys and bladder. Distressing pain in the back and hips, depression and extreme nervousness. Also a frequent desire to urinate, many nights every hour or so, I would have to arise, as the pressure in bladder region was unbearable. My ankles swelled and my skin became dry and harsh. After using Balmwort Tablets I noticed relief and continued taking until now I feel wholly relieved of pain and suffering. I am glad to recommend Balmwort Tablets as a most reliable beneficial medicine."

The Blackburn Products Co., Dayton, Ohio, guarantees every package satisfactory, or money back, so why not stop your pain and distress with Balmwort Tablets. Sold by leading druggists. Price, \$1.00.—Adv.

Figures given out at the U. S. customs house, New York, show how the war-stricken countries of Europe are at last getting upon their feet after the terrible check given to industry by the great war. The following table gives the imports from those countries received during February, 1919, and February of this year. In every case a gain has been registered, and in some instances the increase is astonishing:

	1919	1920
France	\$4,197,397	\$11,031,608
Belgium	2,100	2,212,652
Germany	30	2,133,658
Italy	1,134,063	7,918,169
Austria	68,728
Hungary	33

Since then, and many on which an import was then levied today comes in free. So last month's record beat the previous mark by much more than these figures show. The latter follow:

March, 1920

Best previous month

Share of Holland Jewels

Cut stones come chiefly from Holland. In February of last year imports from that country were \$1,571,450. February of this year they were \$19,433,231—almost ten times as much!

Un-cut stones come, for the most part, from South Africa. Imports from British South Africa were \$171,605 in February of last year. In 1920 they went up to \$2,064,156.

Other commodities that are being imported in large quantities are lace, silks, jewelry, chinaware and antiques. "We've got the money," seems to be the cry. "Let's spend it!"

STRENGTHEN HOSE

The life of silk stockings is lengthened considerably by dipping them two or three times in cold water and letting them dry before wearing them for the first time. This is said to draw in the weaves of the thread.

AUTOMOBILE AND MOTOR BOAT TAX

BOSTON, April 12.—Owners of automobiles operated for hire and owners of motor boats not used exclusively for trade purposes, who are delinquent in paying the special tax due the internal revenue office for the 1919-1920 period, may, according to Collector John J. Mitchell, find themselves summoned before the federal court for the collection of this tax.

Collector Mitchell is at least going to report all such persons to the commissioner of internal revenue at Washington as willful evaders of the revenue act, with recommendations that proceedings be instituted through the United States district attorney's office toward the collection of the tax as they have not heeded repeated notices and warnings sent them. This list of names is in the course of preparation and will be forwarded at the end of the month.

The internal revenue office has issued to delinquent automobile owners a final demand for the tax with a warning that if it is not paid within ten days legal proceedings will be instituted to collect it. These demands have met with some response, but hundreds still remain unpaid and Collector Mitchell has no other course open but to resort to the federal prosecutor to bring these persons into court.

"Any motor propelled vehicle engaged in carrying passengers for hire is subject to this special tax," said Collector Mitchell. "The man who rents a machine occasionally is just as liable to the tax as the man who is engaged in the business all the time, and it is such persons who make up the greater part of our list of delinquents. Persons who have machines for hire are obliged to pay the tax or, if they went out of business prior to July 1, 1919, the responsibility rests with them to notify this office of their non-liability to the tax. Section 1005 of the revenue acts provides that delinquents are to be reported to the commissioner at Washington as hostile to the administration of the act and recommendation made for their prosecution by the United States district attorney's office. Besides the penalties for being delinquent a fine of \$1000, or imprisonment for one year, or both, may be imposed."

Collector Mitchell further explained that the revenue laws relating to motor boats not used exclusively for trade are somewhat similar to the automobile regulations and similar proceedings have been instituted for the collection of this class of taxes not yet paid.

There's no such word as "Can't" in the vocabulary of "Mugs." It stays doggedly with a tag until he masters it.

"Mugs" is a lucky dog. He can go on a skate as often as he wants, without being pestered by revenuers or

morals or monitors. But of course "Mugs" keeps his skates where they ought to be in these parlous times—on his feet. The accomplished little Boston hunk belongs to Pete Muldoon, manager of the Seattle, Washington, hockey team. Not only does he negotiate the ice without "scoring stars," but he can play hockey with the best of the team, holding a tiny stick in his mouth. "Mugs" skates are double-runner affairs attached to his hind feet and he has learned to glide along on them standing upright.

HAVE THE SEWING MACHINE READY

In the kitchen of her own home Sister Mary cooks daily for a family of four adults. She brought to her kitchen an understanding of the chemistry of cooking, gained from study of domestic science in a state university. Consequently the advice she offers is a happy combination of theory and practice. Every recipe, she gives is her own, first tried out and served at her family table.

(Copyright, 1920, N.E.A.)

If you are planning to have a woman come to the house to do the spring sewing be sure that the machine is "all set" ready for her. A belt that is in the last stages of life is a nerve-racking thing and will be a big hindrance. Sewing machine drawers have a facility of collecting a lot of perfectly useless odds and ends. Clean 'em out.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable. 30c and 60c jars, hospital size \$2.50.

and fill 'em up with seam-binding and tape and snappers and hooks and eyes. Get all the attachments with the right screw driver together in one drawer. Have plenty of sewing machine needles on hand. It's a tragedy if the needle breaks and there are no more in the house.

Menu for Tomorrow

Breakfast—Sliced bananas with uncooked cereal, poached eggs on toast, coffee.

Luncheon—Spinach, salad, brown bread and butter, Martha's pudding, tea.

Dinner—Broiled lamb chops, steamed rice, beet greens, banana and peanut salad, butter scotch pie, coffee.

My Own Recipes

Many families get into a rut and eat white bread day in and day out. This is a mistake. The different grains are all of great food value and should be used frequently. Coarse flours make breads that aid digestion. A varied bread diet is a big help in giving a change in meals.

SPINACH SALAD

1½ cups cold cooked spinach.
3 hard boiled eggs.
Salt.

3 tablespoons chopped green peppers.
Mayonnaise.
Paprika.
Chop spinach and mix with salt and enough mayonnaise to make quite moist. Remove yolks from eggs and chop whites very fine. Cover the yolks with spinach, making balls. Roll balls in chopped whites. Arrange on lettuce and sprinkle with minced pepper and paprika. More mayonnaise may be served on each plate.

MARTHA'S PUDDING

1½ cups prunes (chopped).
1 cup molasses.
1 cup graham flour.
1 cup sweet milk.
1½ teaspoons soda.
½ teaspoon cinnamon.
½ teaspoon cloves.
½ teaspoon nutmeg.
½ teaspoon salt.
2 eggs.
Beat eggs. Add molasses. Mix dry ingredients. Add milk to mixture. Add prunes and dry ingredients. Steam in a buttered mold for two hours. Serve with hard sauce or a lemon sauce.

BAZAAR IN AID OF CHURCH FUND

Rebuilding of the Lawrence Street Primitive Methodist church, which was destroyed by fire several weeks ago, has already commenced, and it is hoped that within a few months the new structure will be completed. For the purpose of giving the rebuilding fund an additional boost a bazaar will be held in the Gorham Street Primitive Methodist church to-

Conditions in Fiume More Critical

TRIESTE, April 11.—Conditions in Fiume are becoming more critical daily owing to factional quarrels among the d'Annunzio troops, labor unrest and the lack of food and work. Captain d'Annunzio has sent to Rome a committee headed by Signor De Ambris, chief secretary to Mayor Gigante to discuss with Premier Nitti, plans for a relaxation of the blockade of the city.

Demands Apology and Indemnity

BERLIN, April 11.—Demands for an apology and indemnity from the German government for the recent arrest and maltreatment of a correspondent of the Manchester Guardian by Lieut. Linsenmeyer at Essen were presented at the foreign office today by Lord Kilmarnock, chargé d'affaires at the British embassy here.

tomorrow evening and each evening throughout the week. The committee in charge of the bazaar includes the pastor, Rev. John Singleton; J. N. Kimball and Charles W. Morse. Fully \$1600 was added to the rebuilding fund as a result of the Tag day held Saturday. Rev. Mr. Singleton wishes to express his sincere and heartfelt thanks for the generous manner in which the people of Lowell responded to the church's appeal. To: Ward Brooks, Mrs. E. N. Kimball and John Parker, chairman of the Tag day

committee, and Miss J. Macklin Peattie and her staff in the Community Service club must go a large share of credit for the success of the affair. Rev. Mr. Singleton stated. He also wishes to thank the 160 girls and boys who sold tags throughout the day and evening.

The Tag day committee was: John Parker, chairman; Charles F. Downey, Charles W. Morse, A. Hule, Mrs. Edward Brooks, Mrs. E. N. Kimball and John Parker, chairman of the Tag day

Skin troubles need immediate and proper attention

Don't wait thinking they will disappear in time. Perhaps they will, but in the meantime you are suffering from the burning and itching, and allowing your nerves to become badly affected, when a little Resinol Ointment would doubtless relieve it all.

Unless the skin affection is caused by some internal disorder, Resinol Ointment usually clears it away because it contains harmless, and soothing antiseptics for such conditions. It can be used easily for it is so nearly flesh-colored it does not attract attention. At all druggists.

Resinol

Dressing for the job

WHEN he's off duty, the man who works with his hands, as well as his head, is as well dressed as his banker.

Why not? They're both entitled to the best All-wool fabrics and fine tailoring are a "business proposition" with such men; they know that quality is economy.

TIME CHANGES ON
TYNGBORO LINE

As a result of complaints made to the local street railway that the running time of cars between North Chelmsford and Woods Corner and Tyngsboro is causing inconvenience and delay to both school children and townspeople of that section the following change in schedule to take effect Wednesday morning on these lines was announced today by Manager Thomas Leary:

Tyngsboro will leave the first gained town at 5:50 a. m., 6:50 and every hour throughout the remainder of the day. Cars will leave North Chelmsford for Woods Corner at 6:10 a. m. and every hour thereafter. Cars will leave Tyngsboro for North Chelmsford at 6:10 a. m., 6:50 and every hour thereafter.

Need of Commission

and many allegations of irregularities in the conduct of elections in this city, which to many minds are not altogether unfounded, the legislature in its wisdom saw fit to authorize an election commission to supervise all elections held hereafter in this city.

"The advisability of such a course was, moreover, emphasized by new factors which may henceforth be important in election matters. In the first place, there is woman suffrage whereby the voting lists may be doubled by the addition of the names of the thousands of women who will have equal voting powers with the male voters. The latter aggregate some 17,000 names at the present time.

"Absentee voting, so-called, is another new factor which will be operative in Massachusetts this fall for the first time at the presidential elections. 'Other cities have seen the wisdom of preparing in advance for these new election conditions by various methods. In Lowell it seemed best to centralize election powers in one commission rather than have them spread over two or three city departments, as is the case now under the present city charter.

"It appears, however, that certain elements at city hall do not desire any change from the former obsolete manner of running elections. To this end, opinions from the city solicitor have been sought which appear to be exactly opposite the intent and purpose of the election commission act and are, furthermore, contrary to the construction placed on the law at the state house.

"In order to determine who is to be recognized by the secretary of the commonwealth in those matters pertaining to elections with which he is charged, I addressed the following letter to him:

"The general court during its current session enacted into law Chapter 154, which was approved by His Excellency on March 15, 1920, and was entitled 'An Act relative to the estab-

lishment of an election commission in the city of Lowell.'

"In view of the above, please inform me to whom in Lowell you will deliver the ballots, blanks and instructions for the approaching presidential election.

"Thanking you for this information, I remain, Yours truly,

"VICTOR F. JEWETT,
Representative, 15th Middlesex District of Lowell."

"In reply to this query the following letter was received:
"Victor F. Jewett,
House of Representatives,
State House, Boston.

"Dear Sir:—I am in receipt of your letter of yesterday for information as to whom in Lowell I will deliver the ballots, blanks and instructions, etc., for the approaching presidential election. In view of the passage of Chapter 154 of the Acts of 1920, entitled 'An Act relative to the establishment of an election commission in the city of Lowell,' I shall deem it my duty to deliver such ballots, blanks, etc., to the said commission.

"In reply you are informed that under Section 4 of said chapter, which reads: 'The commission shall, under the provisions of law, have general supervision of all elections,' I shall deem it my duty to deliver such ballots, blanks, etc., to the said commission.

"Very respectfully,
"ALBERT P. LANGTRY,
Secretary."

Ireland Faces General Strike

Continued

treatment of political prisoners in Dublin. His step was actuated by the following telegram which he received yesterday from Dublin:

"Over 100 republican prisoners incarcerated in Mountjoy prison in Dublin as common criminals, many being detained on suspicion without charge, have been on a hunger strike since Sunday, April 4. They demand the observance of the agreement obtained by Bishop MacRory and the lord mayor of Dublin, whereby the English government undertook to recognize the special status of political prisoners.

"Several men are in grave danger and crowds are reciting prayers for

the dying at the gates of the jail."

The telegram was signed by Kathleen Clarke of the honor of aldermen, and Madame O'Rahilly, for the republican prisoners' committee.

Irish Judge Resigns

DUBLIN, April 12.—A huge crowd assembled before the gates of Mountjoy prison Saturday night and recited the rosary in Irish for the hunger strikers.

Fr. Carolan participated and was admitted to see his brother, Councilor Carolan, Sinn Fein member of the Belfast corporation, who, with Alderman McCabe, is considered to be in the most serious physical condition.

Again yesterday hundreds assembled before the prison and remained throughout the day, hoping that the hunger strikers would be released. The lord mayor of Dublin visited the place, but was not permitted to see the prisoners.

He told the crowd that he was helpless, as Dublin castle had issued an order denying permission to visit prisoners to mayors who had declined to take the oath of magistrates.

Chairman Clarke of the board of visiting justices to the Dublin prisons sent a telegram of appeal to the viceroy, Lord French, to exercise clemency. The message declared that some of the strikers were dying, and another day's delay might mean "an appalling tragedy."

A reply was received from the castle refusing any modification of the rules, on the ground that the hunger strikers had been forewarned of the consequences, in accordance with a decision of the government. Justice Clarke resigned from office.

British Reply

Continued

Riviera at 12:50 o'clock and was just then reaching the Elysees palace. The premier was received before the president had discarded his traveling clothes.

M. Millerand held a few minutes' consultation with the various chiefs of the foreign office before leaving for the palace and it is probable that the contents of the note were immediately made the subject of discussion by the foreign affairs personnel. It was stated, however, that nothing would be given out for publication before the premier's return from his visit to the president.

Nevertheless, the opinion was expressed freely that the incident was in a fair way of being settled and that the note just delivered would prove to be the next to the last in the rapid-fire exchange of the past few days. Premier Millerand's reply, which probably will go forward this evening, will be the sixth note transmitted by the governments in three days.

Text Not Announced

LONDON, April 12.—The latest French note on the subject of the French occupation move, received here this morning, says that the French troops in Frankfurt and other occupied cities will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region. It promises, it is stated, that no further independent action will be taken by France.

The text of the note, which was handed to the Earl of Derby, British ambassador at Paris, yesterday evening for transmission here, has not yet been made public in London. It is said, however, that the communication is couched in conciliatory tones

and should tend largely to alleviate the gravity of the situation.

The solidarity of the entente is emphasized in the French communication. In British official circles, the opinion was expressed today that all the dangers with which the situation was fraught had definitely been dispelled.

GRAMMAR SCHOOL

MASTERS' PAY

A conference for the purpose of discussing the financial conditions under which the grammar school masters of this city are now working is to be held at city hall some evening this week, probably Thursday, between the school committee and the masters themselves.

At the present time the grammar masters are working under a salary schedule which provides that the maximum salary they can receive is \$2820 and that only after at least 11 years' service. The grammar school master begins his service at a salary of \$1720 per year and this increases \$100 per year until it reaches \$2820.

Some of the older men filling these positions are now getting the maximum salary but there have been a number of new appointees within the last few years and these, of course, are working for much less money.

In order to see what can be done to remedy conditions Chairman Thomas B. Delaney is making arrangements for a conference at the school committee's rooms in city hall. Although the date has not definitely been decided it will probably be Thursday evening at 7:30 and will be open to the public.

The fact that a man must have completed a college course, taking at least four years of his life and a considerable sum of money, is to be advanced as one of the arguments in favor of better financial treatment for the masters.

FAITH

Good Old Fashioned Faith
—That's What The World
Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?

Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.

We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the vision of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

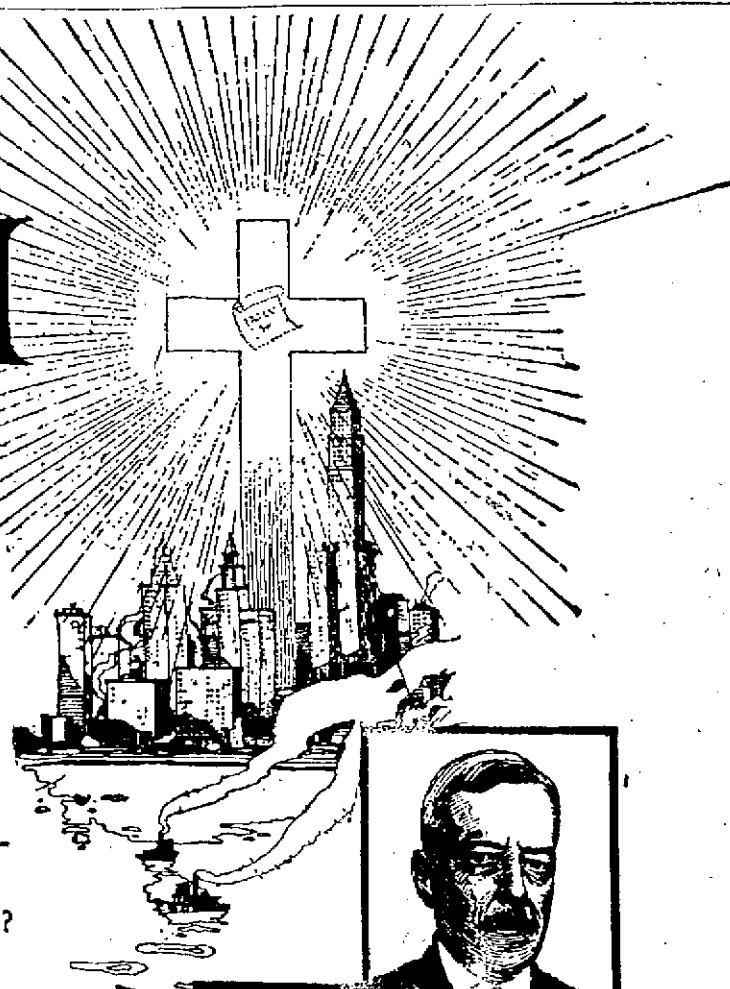

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

To strengthen the Church is our first great task; out of the Church flows Faith.

United
Financial
CampaignApril 25th
to
May 2ndThe INTERCHURCH World Movement
of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations

To bring men back to the spiritual standard, to make Christ's principles an impelling force in the reconstruction of society, and to teach men to think true and live true in the mighty task to which the church is called.

ROBERT LAWRENCE, Chairman Gen. Comm. Interchurch World Movement

The only real and permanent solution of the vexing problems which have arisen since the end of the World War is the application of the Golden Rule.

JOSEPH DUNN, Secretary of the Treacy

The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

W. B. WILSON, Secretary of Labor

For our own sakes, for our children's sakes, for the nation's sake, let us business men get behind the churches and their preachers. Let us from this very day give them more time, money and thought, for upon them the value of all we own ultimately depends!

ROBERT W. DUNN, Business Analyst

OUTLAWS GET RICH; PLAY IN OWN BACK YARD

Every one a former star in the major leagues, and still shining brightly among the slightly lesser satellites of the Pacific Coast. Here's Grover Land, Cy Falkenberg, Jimmy McAuley and Beals Becker. Who doesn't know them? But the clubs of the Pacific Coast league couldn't pay them the price to which they had been accustomed in big time baseball, so they have refused to play, formed a league of their own and now claim to be making more money than ever they received in their most halcyon days. They have formed a league in the San Joaquin Valley, California, and are garnering \$300 each per game, according to rumor. In addition each holds down a good commercial position during the week days and plays ball only on Sundays and Saturday afternoons. Managers of Pacific Coast league clubs haven't much to offer against a proposition like that.

"IMITATION" RESEARCH

Great Sums Expended by American Colleges Blamed in Part for Low Salaries

NEW YORK, April 12.—Great sums have been expended by American colleges and universities upon "imitation research," and before appealing to the public for new funds on an enormous scale they should render a statement of the results of their expenditures in the last 25 years, says Henry Smith Pritchett, president of the Carnegie Foundation for the Advancement of Teaching. In his annual report made public yesterday, blaming such expenditures in part for low salaries, the report says:

"Much of that which has gone on in American universities under the name of research is in truth only an imitation of research and upon it great sums have been expended.

"College salaries also have been diluted enormously by the tendency of most college faculties and governing bodies to bid for students by extending the curriculum over the whole field of knowledge, a process which means great increase in the number of teachers and the consequent leveling down of salaries."

The teaching of undergraduates in some great institutions, according to the report, is poor, because in the sharp competition for the reputation supposed to come to a university from carrying on research, the obligation to teach has become less and less realized.

In many institutions, Dr. Pritchett says, important branches of study are taught by ill-prepared and ill-paid teachers, and security of tenure results in indifferent and inefficient teachers being highly overpaid, while good men are underpaid. The average salary of the college professor in the United States and Canada is probably larger than the average pay of any other professional group, the report says, although of the 1000 colleges in the United States and Canada fully half have no means to pay salaries beyond a bare living.

Referring to endowment campaigns for increasing salaries, now being conducted by many institutions, the report says:

"There could be no more wholesome contribution to education today than to ask our universities to take stock of themselves before appealing to the public for funds on an enormous scale and no process would be more helpful to the profession than to ask the governing bodies of these institutions to render a sincere and critical statement of the results obtained in education in our higher institutions by the expenditures of the last 25 years. Such a self-examination and such a scrutiny intelligently conducted would render a greater service to education than the mere addition of new millions to be used in making new professorships, to add new departments, or even to be used in modest additions to the present salaries."

Many worthless law schools are flourishing, according to the report, and "their ill-trained products are onced into a career for which they are not fitted with resultant direct injury to their clients, to the community and themselves. In addition these schools exert an unfortunate influence upon bar examiners, rendering these latter fearful of making their own standards what they term impracticably high. The better law schools are at once deprived of the valuable check, keyed to their own method of instruction, would provide, and are tempted to meet com-

petition from inferior schools by compromising their own ideals."

Co-operation between the American Bar Association and the Association of American Law Schools, instead of friction, is suggested by the foundation as a possible means of remedying conditions in law schools.

The report urges reform in secondary teaching, saying that the average secondary teacher today is one who has taken a college course for its own sake and then concluded to go into teaching. "Education," it says, "should be a first-hand process by skilled practitioners instead of a second or third hand operation with its consequent prefatory effects."

"The time has come to clear up the existing confusion. All institutional education for the teaching profession should be placed clearly upon a college footing and organized under a single competent direction as part of the state university. Normal schools should drop that name and as professional colleges of education should become an acknowledged part of the greater university."

Removal of the "meaningless restriction of the teaching profession to married women" is suggested. "Teach well," says the report, "is the privilege of maturity and experience. It is the prerogative of men and women of affairs, of fatherhood, of motherhood. What have immature girls to do with this except as they prepare to make it the main object of their lives irrespective of marriage?"

By the end of its fourteenth year, June 30, 1912, the Carnegie Foundation had distributed \$7,000,000 in retirement allowances and pensions to 552 persons. Of the total expenditures, \$5,600,000 went to 73 institutions. The resources of the Foundation now amount to \$1,613,000.

ALLEGED PROFITEER KILLS HIMSELF

NEW YORK, April 12.—Awaiting trial on a charge of violating the Lever act by profiteering, Joseph Nicholas, aged 30, a Brooklyn haberdasher, who was arrested Saturday, committed suicide at his home yesterday by shooting himself in the head, according to the police.

Nicholson was out on \$2500 bail. He is alleged to have averaged a profit of 63 per cent. on articles sold in his store.

ACCEPTS CALL TO LOWELL CHURCH

Rev. William D. Tutill, D.D., of Framingham yesterday officially notified the Eliot Union church of this city that he will accept the local pastorate offered him some few weeks ago. A letter to this effect was read to the congregation at the service Sunday morning. It was understood two weeks ago that Dr. Tutill would accept, although no official letter had at that time been received. He will begin his pastorate here next Sunday, April 15.

REGARDED ABROAD AS RACE OF QUITTERS

NEW YORK, April 12.—"Failure of the United States to ratify the peace treaty and join the League of Nations has made us regarded abroad as a race of quitters," while "our professions of idealism and disinterestedness are marked down for sham and hypocrisy," Raymond B. Fosdick, who recently resigned as under secretary general of the League of Nations, declared last night. Mr. Fosdick, who arrived Saturday, has passed the last month in London and Paris finishing up his work in connection with the organization of the league.

"Our isolation is complete and we face the rest of the world in alliance," he asserted. "It is foolish to assume that the situation has no elements of danger for us. Our position is one of peril, a fact that is evidently realized in Washington. Judging from the plans that are being made for the biggest navy in the world. The price of our isolation will be argument."

"For it must not be forgotten that the ghastly business in Washington has left us without a friend anywhere. All that we won during the war we have deliberately thrown away. The influence that we had, our position of leadership, the affection in which everything relating to America was held, have all gone by the board."

"The last three months have brought about a complete change of opinion. Only one who has been in Europe recently can realize the bitterness of the feeling against us. We started something that we failed to see

through. We left Europe in the lurch in the middle of the game. After imposing on her our rules and procedure. We threw the league out of the window to satisfy a miserable political quarrel. That is the way Europe looks at it."

"In spite of the refusal of the United States to join the compact," he continued, "the League of Nations is now a going concern. Its machinery is practically completed. Its finances are ample and it is beginning to make itself felt in international affairs."

Mr. Fosdick expressed the opinion that the "wave of bitterness" against the United States will pass. He declared America's position as a creditor nation, "while Europe is bankrupt," is a dangerous relationship.

"As a member of the league," he said, "the United States could help enormously to tide over a dangerous and difficult period. If she stays outside the league and cuts herself off from any relationship with other nations except that of creditor, she must be prepared to arm to the teeth."

OPS MAY CHOOSE THEIR OWN CHIEF

DES MOINES, April 12.—It is possible that the police department here will choose its own chief. That is the plan of Marshal Miller who may be appointed head of the public safety department. "Then they'll have no lick," says Miller.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c

"PETAL" PROCK PRO BRIDES-MAID MAKES CHARMING EVENING GOWN

BY CORA MOORE.
New York's Fashion Authority
NEW YORK, April 12.—When this "petal" gown was first designed it was intended particularly for a bridesmaid's frock. But it makes an equally charming evening gown. Its material is hydrangea tulle, embroidered with sprays of silk flowers on the bodice and skirt.

CANADA'S BONUS PLAN FOR SOLDIERS

BY GEORGE HAMBLETON.
N.E.A. Staff Correspondent.

OTTAWA, Canada, April 12.—Two forms of further assistance for returned soldiers are now being considered by the Canadian government. One is a cash bonus; the other, state insurance for those whose disabilities debar them from insuring with private companies.

In addition, a special committee of the house of commons will shortly conduct a further investigation into pensions and the re-establishment of war veterans.

Want Dollar a Day

The particular scheme of cash bonus receiving attention is one submitted by the Great War Veterans' association, the largest association in Canada of returned men. It asks for a bonus of a dollar a day for the total period of enlistment for men who have seen service on a belligerent front. The minimum bonus would be \$1,000 and the maximum \$2,500.

A proportionate bonus would be paid to men who saw service in Great Britain, Siberia or Canada. John Harry Flynn, president of the United Veterans' League of Canada, first suggested the following as means of raising revenue: tax on undeveloped and developed resources; tax on nickel mines; institutions of Dominion lotteries; all incomes above \$10,000 to be taxed; theatres to be opened on Sunday and a federal tax of from 2 per cent to 4 per cent placed on the sale of tickets; federal government to take over and tax sale of intoxicating liquors; notes to be issued by the government backed by 25 per cent gold reserve; taxes on profits and capital and institution of a federal land tax.

Scheme Once Rejected

The Flynn scheme was rejected by the government and at the time found no favor with the leaders of the Great War Veterans' association.

Now, following a resolution adopted at its annual convention, the Great War Veterans' association itself has submitted a cash bonus scheme.

Don't Lose Your Complexion

If you have a good complexion, keep it! If you have not, it is your own fault.

Palmer's SKIN-SUCCESS Soap makes a poor complexion good and a good complexion better. A scientifically made cleanser, in use over 25 years, it is recommended by skin and beauty specialists as the best soap ever made for the complexion. Absolutely pure and with a delightful, delicate, clean odor not too much in evidence, it is just what you need. Ideal for toilet, nursery and bath.

Try it just once! Ask your druggist.

ENGLAND'S WAR TAXES FORCE NOBILITY TO SELL GREAT ESTATES

LONDON.—England's war taxes continue to force many of her nobility to sell parts of their great estates. One of the greatest of these which recently has passed under the auctioneer's hammer is that of the Duke of Rutland, which is known as Belvoir. The duke owns about 59,000 acres of which he is selling about 13,000 acres located in the best part of the Lincolnshire hunting district. He explained at a public meeting that the sale was made necessary by the increasing burden of taxation resulting from the war.

Goosby Hall, one of the duke's properties of 230 acres, was sold privately in the advance of the public sale and 100 tenants have bought from the duke the farms he had rented to them.

Earl Marver's estate, known as "Hutme Pierrepont," at Radcliffe-on-Trent, has been sold at auction for \$42,855. It covers 320 acres.

It is reported that part of the estate of the Earl of Lonsborough, comprising Radcliffe woods and race course, has been bought by a Scarborough financier.

NATIONAL PRODUCTION

United States Chamber of Commerce Plans Meeting at Atlantic City

Members of the Lowell chamber of commerce are taking keen interest in the national gathering of business men to be held at Atlantic City the latter part of this month under the auspices of the United States chamber of commerce for the purpose of discussing ways of increasing national production in all lines of manufacture.

This increased production convention, which will mark the eighth annual meeting of the national chamber, will go down to the roots of the industrial and commercial situation and every subject taken up will be treated from the view point of more production.

SEEKS TO RECOVER COMMISSION MONEY

THERE ARE OTHER CAMPAIGN ISSUES

For civil court, Judge Fosdick, today, the plaintiff alleges he is entitled to such money inasmuch as he states the defendant promised to pay him the usual per cent. of real estate commission if a purchaser for property at 17-19 Burrill st. were secured. The defendant denies ever having entered such an agreement. Albert S. Howard appeared for Mr. Crosby, and Edward F. Tierney and John A. Crowley, for Mr. O'Brien.

A sealed verdict for the plaintiff in the sum of \$150 was returned by a jury this morning in the case of Crosby vs. Narcisse Chalmers, an action of contract regarding the purchase in partnership of a wood lot in Dismal.

Mr. Joseph Clark, an employee of the

Lowell Sun, was injured Saturday

while working on the roof of the

new building at 17-19 Burrill st.

and is expected to recover.

Mr. William Hayes who has been in

the employ of the Eastern Street Rail-

way company for a number of years as

a conductor and operating foreman,

concluded his services with the com-

pany on Saturday. On hearing of his

departure his fellow employees present-

ed him a traveling bag, an umbrella

and a purse of gold.

Mrs. Elsie Stevens, formerly Miss

Elsie McShane, was tendered a mis-

cellaneous shower at the home of her

parents, 233 Chelmsford street, Satur-

day evening, by a large gathering of her

many friends. With her husband she

will go to a new home in Jackson,

Michigan. As Miss Elsie McShane she

was well known among the social set

of the city. During the influenza epi-

demic of two years ago Miss McShane

was a prominent nurse and received

many honor cards and certificates for

her valuable service rendered. During

the war she served as a nurse with

the Red Cross and while serving at

Camp Devens she met Sergt. Noah

Stevens, Co. B, 86th Inf., who was then

stationed at the camp, and who is now

her husband. Sergt. Stevens only re-

cently received his discharge from the

army after four years' service with

honorable record. Mr. and Mrs. Stevens

will leave immediately for the west.

GOT FIVE MONTHS

Procrastination Not the Only Thief of Time

Peter J. Cullen, who, by the way, is the owner of a vivid imagination but a very poor memory, was out of luck in the municipal court this morning.

They charged Peter with stealing a watch, valued at \$25, from one John Cook of this city. He pleaded not guilty.

Mr. Cook related the story of the disappearance of the timepiece. It was tucked away most energetically in the pocket of his vest on the day when Peter visited him, he pointed out, but when Peter paid his adieu the watch also was among the missing.

Then Peter explained all about it. In the first place, although he admitted enjoying a most pleasant visit at Mr. Cook's home, he could not be held responsible for the theft, he declared. He hadn't even noticed the watch during his stay.

So they asked Peter if he wouldn't explain how he came into possession of a watch, which tallied minutely with the description given by Mr. Cook, and which had been recovered shortly after the theft from a local pawnshop where Peter had "soaked" it. "Well," said Peter, "it was this way.

I met a fellow on Central street—nice, sociable chap he was, too—who asked me I'd like to buy a watch. No; never saw the guy before.

"He wanted \$5 for it, but I only had just a dollar and a half in my clothes, so finally I bought it. Then I pawned it for \$2.60."

At this point Deputy Downey casually asked Peter if he was the man who had been convicted of another theft of time in the local court several months ago.

"Was the Honorable Judge Fisher on the bench that day?" asked Peter.

"I can't say as to that," replied the deputy. "What we'd like to know is whether you were the man sentenced to two months in jail for the theft, as my records indicate?"

"Perhaps," said Peter. "Yes; perhaps it was me. I can't very well think, but it might have been me. I'm kind of an unlucky fellow sometimes. Why, it was only—"

"Never mind that now," came back the deputy. "I've got another question. Are you the man who was convicted of larceny of a watch and chain and pair of trousers a few months before this?"

"Well, I guess you're right about that," allowed Peter. "I guess that was the time I done three months."

"This, Your Honor, is Peter's 47th appearance to date," concluded the deputy, turning to address Judge Pickman.

"Make it five months," said the court, turning his attention to the next case.

But Peter had yet more to say.

"Say, when will that bring me out, Judge?" he queried sadly.

And while they led him down the stairs to the lower regions Peter and the court officer could be seen indulging in some higher mathematics which

UNCLE SAM TESTS METALS IN HIS OWN FOUNDRY

Foundries are ordinarily associated with private initiative, corporate interests, and the business of constructing and reshaping metals. Government supervision is usually restricted to administrative functions, co-operative efforts and scientific observations. So when the national bureau of standards establishes and operates a foundry a radical departure is taken—perhaps the first experimental foundry conducted by Uncle Sam and one of the few in the country. The functions of this workshop are twofold; research work and preparation of metals and alloys for the investigations of the metallurgical division of the bureau of standards, and as a commercial foundry supplying castings in the construction of instru-

ments for this and other government laboratories. Conclusions have been reached, after a series of tests, that it is feasible to obtain an alloy containing from 2 to 3 per cent. copper, together with 1 to 2 per cent. nickel or manganese, or both, which will have a reasonable quantity of elasticity. Such a type of alloy, it is believed by scientists, has potential value. The bureau of standards suggests mechanical properties for such an alloy as follows: Tensile strength, 22,000 to 25,000 pounds per square inch; elongation, in two inches, not less than 5 per cent. The supplementing of manganese to alloys containing copper reduces the ductility, but, as a commercial foundry supplying castings in the construction of instru-

General Weakness

I was anæmic and most of the time was unable to attend to my household duties.

One of my neighbors suggested that I should try RED PILLS for Pale and Weak Women. I took them, and after following the treatment for a month, was happy to note that I was getting better every day. Now, all the sufferings which I endured during those years are things of the past.

For years I had been suffering from general weakness, with its usual accompanying ailments, such as dizziness, shaky legs and fainting spells.

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and it was not able to go to school. For years we gave her all kinds of tonic but to no good. One day one of your little books was thrown on our porch and saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."

Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering. Many women suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine.

and casting alloys is of supreme importance to the airplane and automobile industries.

Inasmuch as the melting of metals by electricity has assumed proportions, the government foundry is making an intensive study of a type of electric melting furnace, and suggestions for improving other types have been offered.

TO ESTABLISH NEW COURSE OF
ENGINEERING AT HARVARD COLLEGE

CAMBRIDGE, April 12.—The faculty of the Harvard Engineering school has voted to establish a new undergraduate course of training in electric communication engineering and, to substitute two new courses for the present course in sanitary engineering. The change, which will take effect next fall, will increase the number of undergraduate courses at the Harvard Engineering school from seven to nine. Courses in sanitary and municipal engineering and in sanitary chemistry will be substituted for the sanitary engineering course now used. The intention is to afford an opportunity for more advanced instruction than heretofore for prospective public engineers and sanitary chemists.

The special course in electric communication engineering will comprise study of the telephone, telegraph, hydrophone and radio communication.

LOWELL MAN RECEIVES
BELATED WAR MEDAL

After 12 years service in the United States army, Mr. Thomas McShane of 399 Chelmsford street, only recently received from the government a medal in appreciation of the services he rendered during the Spanish war as a corporal. The medal is moulded of the brass of which the Spanish guns were made and on one side is the inscription, "For service in the U. S. Army." bordering a bas-relief representation of an eagle surmounting a group of standards and a gun. On the other side is a coat of arms surrounded with a wreath and the dates 1898-1902.

Mr. McShane was a member of the Fighting Irish Ninth regiment, M.V.M., which campaigned at Santiago for 8 months. He served for two years in the regular army after the declaration of peace with Spain and then was mustered out of the service with nothing more than a discharge paper in recognition of his long service. Previous to the opening of the Spanish war Mr. McShane had served for about seven years in the army.

For service rendered about 20 years ago, Mr. McShane considered it quite unusual to receive a medal from the government.

Army life may be all right for a single man, according to Mr. McShane, but when a man becomes a father the best place for him is at home. Mr. McShane is the head of a large family, and for service rendered in the national service.

Joseph H. McShane, his son, served for 22 months in France in the old Ninth regiment during the last war and received a Croix de Guerre for heroic service. Mrs. Elsie McShane Stevens, Mr. McShane's daughter, served in the Red Cross, and Joseph McShane was drafted as a member of the second registration in the world war.

In relating his experiences Mr. McShane said that after the Spanish war when the return was made there were only 5 or 10 able men in his company aboard ship, the others having succumbed to yellow fever.

On that return trip with McShane were two Lowell men, Sergt. Ayres who is now employed by the Cleveland company in Boston and Billy Haig now dead.

Mr. McShane is now employed in the Gillespie Mfg. Co.'s plant and is also charged with the care of the graves of his Spanish War comrades in the Edison cemetery and also with some of the graves of the G.A.R. veterans.

FIRE AT COMMUNITY
SERVICE CLUB

The alarm from box 42 at 6.35 o'clock last evening was for a lively blaze under a flight of stairs leading into the dormitory of the Men's Community Service club in Dutton street and for about an hour the firemen were kept busy pouring water on the flames. It is believed the blaze was caused by a short circuit due to the chafing of wires and before the flames were put under control the timbers supporting the stairs were burned and considerable goods stored directly above the stairway destroyed.

\$14,700 Worth of Booze Stolen

BOSTON, April 12.—Thirty-four barrels of whiskey and eight barrels of rum, valued by the owner at \$14,700, disappeared early today from the store of Michael H. Glynn, on Washington street, in the Brighton district. No trace of the big truck in which the liquor must have been carried away, had been reported when the police announcement of the theft was made, although every city and suburban station was on the lookout for it. Apparently the heavy barrels were loaded on the truck between 1 and 3 a. m., but the time is not definitely fixed as no one has been found in the neighborhood of the store who heard or saw anything unusual there during the night, according to the police.

Lift Tax Levied Against Frankfort

PARIS, April 12.—(Havas)—Decision to lift the tax of 10,000 marks levied against the city of Frankfort for aggression against French cycle chasseurs, is announced by General De Metz, commander of French forces in the city, according to a Mayence despatch. This is a result of steps taken by the burgomaster of the city and on account of the good behavior of the people during the last few days, it is said. Reports that France has planned to occupy Mannheim and Heidelberg south of Mayence, printed in the Cologne Gazette, are denied here.

Swear Allegiance to Admiral Horthy

BUDAPEST, April 11.—Army officers, judges and administrative officials swore allegiance to Admiral Horthy, Hungarian regent, here today, taking the oath upon the constitution. The ceremony took place on the parade ground behind the palace in the presence of a great throng. The text of the oath simply mentioned the constitution and implied the former monarchical constitution was regarded valid.

Max Hoelz, Communist Leader, Flees

BERLIN, April 11.—Max Hoelz, the communist leader who seized public buildings at Plauen late last week, has fled toward Bohemia, according to advices received here. He took from Plauen several hostages and went to Falkenstein, nearby, but there was surprised by a party of regular troops. His followers burned five houses and after releasing their hostages fled in automobiles.

ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proven safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this safe Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-genuine Aspirin for Colds, Head-

PASTOR RESIGNS

Difference of Opinion on
Question of Administration

Because a difference of opinion on a question of administration has arisen within the parish, Rev. A. H. Hussey, yesterday tendered his resignation as pastor of All Souls' church in East Merrimack street, to take effect whenever accepted by the church and at a time to be mutually agreed upon.

The resignation was contained in the following letter, which was read to the congregation at the morning service by Rev. James A. Fairley of Jamaica Plain, with whom Mr. Hussey yesterday had exchanged pulpits:

"At a meeting of the board of trustees of All Souls' church held on Monday, March 29, a difference of opinion having arisen upon a question of church administration, I presented my resignation as your pastor. This I was subsequently persuaded to withdraw. Further counsel, however, leads me to believe that my first action was the wiser one. It also seems fairer that the decision as to whether or not I remain your leader should rest with you. Therefore, much as I regret to do so, I hereby tender my resignation as pastor of All Souls' church and its two component religious societies. Should you accept, the resignation can go into effect at such time and under such conditions as we may mutually agree upon."

"I take this opportunity to record my sincere gratitude for all the friendship and co-operation which you have manifested toward my work among you."

"Together we put our hands to a great, a novel enterprise; if now our paths must separate that you may ever show yourselves equal to its high responsibilities will ever be my heartfelt hope and prayer."

"Faithfully your friend and pastor."

"ALFRED ROBINSON HUSSEY."

Lowell, April 11, 1920.

Rev. Mr. Hussey came to Lowell in 1915 to take the pastorate of the First Unitarian society, made vacant at that time by the resignation of Rev. Chas. T. Billings. Last year when All Souls' church was made from the union of the First Unitarian and High Street Congregational churches, Mr. Hussey was asked to remain as pastor of the new society.

Since coming to the city Rev. Mr. Hussey has been prominently identified with many educational and civic developments and particularly during the years of war, his oratorical powers were unstintingly given toward the progress of many good causes.

His resignation did not come as an absolute surprise to his church, the members of which had been somewhat forewarned by rumors to that effect. A special church meeting now will be called to act upon the resignation.

SERIOUSLY INJURED
IN AUTO ACCIDENT

As a result of an automobile accident which occurred yesterday noon in the town of Uxbridge, Miss Addie Hyde of Chelmsford is confined to the Woonsocket hospital suffering from a probable fracture of the skull and other injuries, and her condition is considered very serious.

Miss Hyde had been visiting with Dr. Edward Kingsbury and Miss Christine MacRae, both of Woonsocket and while riding with some friends yesterday noon she stepped out of the car into the path of an automobile owned by Simmons Bros. of Woonsocket and operated by Felix Simmons, a member of the firm.

ST. JOSEPH'S COLLEGE ALUMNI

A large attendance greeted the members of St. Joseph's college alumni when they presented a five-act drama in the college hall last evening. The offering was "The Band of the Black Horse" and it was produced in a very satisfactory manner. Those who took part in the cast were Arthur Giroux, Leo G. Morin, J. A. N. Chretien, George Labranche, Isale Michaud, Wilfrid Jacques, Ernest J. Gagne, Armand Dupont, Victor Alexander, Alcide Bellefeuille, Arthur D. Lamoureux, Lucien Milot, Alfred Carignan, Jr., George Charron, Alfred Germain, Nephthalie Letardre, Thomas Rochette, Jr., and Albert Lachance. Between the acts orchestra selections were given and Geo. Labranche entertained with comic songs.

The left hand in France is universally regarded as that "of the heart" and is reserved for relatives and intimate friends and those toward whom the giver is unusually well disposed.

Repeat Advice
About Spring
Blood Purifier

Proves Many Serious Ailments
Due to Poisons in System.

Says Nothing Better Than Sulphur, Cream of Tartar and Herb Extracts in Tablet Called "Sulphur Tablets."

The wisdom of ages placed in a little sugar coated tablet—Sulphur Tablets! Remember grandma's remedy—sulphur and cream of tartar mixed in molasses—it was a nauseous dose, but it saved thousands of lives by purifying the blood in the Spring. Thousands avoided rheumatism and serious fevers by taking it. Now you can get the benefits by taking a little tablet regularly containing the blood purifying, system regulating medicines that grandma relied on.

Constipation, inactive kidneys are overcome and catarrh, neuralgia, rheumatic pain and many other "poison symptoms" vanish after a course of Sulphur Tablets. The best medicine for spring lethargy and thick, sluggish blood. Every package is guaranteed to satisfy or money back. 60c in sealed tubes of druggists everywhere. Be sure to get genuine Sulphur Tablets (not sulphur tablets).

CIVIL WAR "VET" IS PROUD FATHER

WICKFORD, R. I.—Irving Secor, aged 7 weeks, is the youngest son of a Civil War veteran in America, says his proud father, Reuben Secor, aged 74, who was a private in the Fourth New York Regiment.

GRANITE COLUMN TOPPLES
DES MOINES, April 12.—A huge column of granite supporting a bank building here toppled into the street three days after a high wind, which is believed to have weakened its moorings. It narrowly missed a street car loaded with passengers.

AUTO AND BRUSH FIRES
There were six brush fires Saturday evening and Sunday and an automobile caught fire at the corner of Bridge and Lakeview avenues yesterday afternoon, but in each instance the damage was not great.

Why Measles May
Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas. Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely, without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

INCOME TAX MEN AT THE POSTOFFICE

The income tax men are at the post-office yet, but only to round up the tax dodgers.

The regular work of receiving income tax payments ceased shortly after March 15 and ever since that time the men have been engaged in ferreting out the delinquents. One of the collectors stated today that most of those who were in fault were men and women who had the small tax to pay and that single men who thought that they could get out of payment by alleging dependency were most numerous among the men.

The tax collectors have only been through the A's and B's on their tax list and have found Lowell to be a fertile place for the activities of the men engaged in searching out the backward individuals.

When asked today if there was "much doing" a collector said that there was and that the proof they had of that was that they were "getting the cash from the dodgers."

MORAL VALUE OF SUNDAY RECREATION

Rev. Edwin B. Robinson of Holyoke, an advocate of Sunday sports of amateur standing, comes to Lowell tonight to deliver the principal address at the monthly meeting of the Lowell Community Council at the club in Dutton street, on the subject, "The Moral Value of Sunday Recreation."

Coming just at this time, in the midst of considerable agitation on the question of Sunday amusements, particularly amateur baseball games, Rev. Mr. Robinson's address will be of unusual interest, and also as he represents a profession which, with a few exceptions, is against such a revolutionary measure.

The meeting will be attended by delegates of all organizations affiliated with Lowell Community Service, Inc., as associate members and through these delegates thousands of people will become acquainted with the results of the meeting.

Other speakers on the general subject of playgrounds and recreation will be Hon. George B. Marchand, representing the municipal council; Thomas B. Dulaney, chairman of the school committee; Clarence M. Wood, of the Normal school; Mrs. Harry Prescott Graves of the Middlesex Women's club, and Miss Emily Skilton.

600 Switchmen to Return

Continued

The first important break at Columbus, Ohio, where 600 switchmen voted to return to work.

At Chicago, admitted to be the keystone of the walkout, railroad officials were presented "terms for settlement of the strike" which included recognition of the new union formed by dissenters from the Brotherhood of Railroad Trainmen and the Switchmen's union of North America.

Drop Claims for Back Pay

In the settlement offer, proffered by John Grunau, president of the Chicago yardmen's association, who called the strike at least one radical concession was made—abrogation of the claims for back pay demanded by the older organizations in their contracts with the government. That possibly would mean a saving of hundreds of thousands of dollars to the railroads, it was said.

Other clauses in the proposed settlement agreement demanded granting of the original wage increase called for in the strike announcement to be effective upon the return of the men to work; eight hour basic day, and time and a half for overtime, Sundays and double time for overtime on Sundays and holidays.

In addition to the gradual improvement claimed by railroad heads in the Chicago district which the brotherhood officials said presaged a return to normal throughout the country, the organization leaders pointed to the votes at Columbus, Fort Wayne, Ind., Akron, Ohio, and Saginaw, Mich., as marking definite breaks at the strike.

Vote to Return at Akron

At Akron, striking switchmen on the Erie, Baltimore & Ohio and Akron, Canton and Youngstown railroads voted to return to work; 250 of the 300 strikers at Fort Wayne to return to their yards this morning and the remaining workers employees of the New York Central will meet today to decide their course. At Saginaw, 100 Pere Marquette switchmen decided to return to work today and volunteered to go to Detroit, Toledo, Ludington and Flint to aid in restoring normal service.

In the far west and various other cities in the middle west local unions voted not to join the strike. Seattle, Tacoma, Everett and Auburn, Wash., and Cincinnati, Little Rock, Ark.,

Memphis, Tenn., and St. Joseph, Mo., switchmen registering that intention.

Officials of the Terminal Railroad association at St. Louis said conditions were improved. The company's engineers voted to remain "loyal."

The first vote on a sympathetic strike in Canada was negative, the Winnipeg, Man., branch of the International Switchmen's union deciding not to sanction any sympathetic walkout.

Going to Win, Says Grunau

Despite these reports, however, Grunau declared, "We are going to win." "All reports that I have been able to gather are, the entire country is tied up. I have received telegrams from St. Louis, Kansas City, Columbus, Cleveland, Detroit, San Francisco, San Antonio and other rail centers. Many of these communications report that even more men are walking out."

In the Chicago district and at neighboring steel centers, thousands of men were idle today because of the strike. At the Chicago stockyards promises of a minimum delivery of 156 carsloads a day brought a more optimistic outlook, although hundreds of men would still remain idle.

Eastern Shipments Cut Off

Because eastern shipments were cut off, killing necessarily was reduced, said Everett C. Brown, president of the Chicago livestock exchange.

Steel mills at Youngstown, Ohio, were idle today because of a coal

shortage, and steel mills and coke ovens at Gary, Ind., were crippled seriously. Nine thousand men were idle at the American Sheet & Tinplate plant at Gary.

The Lake Carriers' association at Toledo announced that the opening today of Lake navigation had been postponed because of the rail tieup.

In requesting negotiations looking toward ending the strike, President Grunau of the local switchmen's new association said contracts the railroads have with the Brotherhood of Railway Trainmen and the Switchmen's union of North America, do not apply to members of his union.

"They do not affect the membership of the Chicago Yardmen's association," Grunau said, "as our members who were members of the other organizations have in nearly all cases their resignations on file."

"Therefore an contract signed in the past has any bearing on the present walkout."

Should his demands be met, Grunau added, it would be stipulated the grants applied only to C.Y.A. men and not the older organizations.

LEGAL NOTICES

THE COMMONWEALTH OF MASSACHUSETTS

In Department of Public Utilities

Boston, April 5, 1920.

On the petition of the Lowell Gas Light Company for approval of an issue of additional capital stock of the said company of two hundred thousand dollars (\$200,000) for the purpose of paying the indebtedness of the company incurred on account of extensions to its plant and property, the Commission of the Department of Public Utilities will give a public hearing on all parties interested at its office, Room 105, State House, Boston, on Wednesday, the twenty-eighth day of April current, at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by serving a copy hereof on each of the cities of Lowell and the respective chairman of the selectmen of the towns of Chelmsford, Dracut and Tewksbury fourteen days at least prior to the time of said hearing, and by publication hereof in the Lowell Courier-Citizen and the Lowell Sun, in each of said papers twice each week for two successive weeks prior to the time of said hearing.

By order of the Commission, ALLAN BROOKS, Assistant Secretary.

Commonwealth of Massachusetts—Middlesex, ss. Probate Court.

To the devisees under the will and all other persons interested in the estate of Edward B. Peirce, late of Lowell, in said County, deceased.

Whereas, Charles H. Eames, executor of the will of said deceased, has presented to the Court his petition for license to sell at private sale, in accordance with the order named in said petition, or upon such terms as may be adjudged best, the real estate of said deceased, for the purpose of distribution.

You are hereby cited to appear at a probate court, to be held at Lowell, in said County of Middlesex, on the twentieth day of April, A. D. 1920, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is ordered to serve this citation by delivering a copy thereof to all persons interested, who can be found within the Commonwealth, fourteen days at least before said court, and if anyone can not be so found, by publishing the same once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this fifth day of April, in the year one thousand nine hundred and twenty.

F. M. ESTY, Register.

MEN OR WOMEN wanted to handle the article that sells itself; the only one Name Plate on the market. Write territory. Kady Co., Haverhill, Mass.

PLAYS SAFE!

Johnson Takes no Chances on Being "Yanked"

CALENICO.—Deputy Sheriff Billy Silver has his hands on Jack Johnson, one-time heavyweight king, wanted as a white slave in Chicago. But there's a catch in it! That line between their

feet shows where California stops and Mexico begins. Observe that Johnson is braced against the iron stanchion? He's taking no chances on being yanked across and arrested by the deputy. Silver was once manager for Stanley Ketchel, prize fighter. There are rumors that Johnson and his white wife, who still is with him, will come to the United States soon and that Johnson will surrender for trial.

POLICE TO DRAW FOR VACATIONS

They're going to stage a drawing contest at Lowell police headquarters within a very few weeks—and every member of the local "finest" is deeply interested in the result.

Just so you won't be kept in suspense too long we'll explain that this drawing contest—which is a yearly event at the local bastille—is held for the purpose of determining the dates on which the various members of the department may commence their summer vacations. The cops, by the way, are allowed to forget their trade for two weeks every summer, and at the same time collect their salary as usual.

In past years it has been the cus-

tom to place slips of paper, with various dates, in one of the "high" hats once worn by local policemen, from which the men on the different shifts may "take their pick." But whether a hat or an ordinary ballot box is used, it's a safe bet that the contest will be well attended.

Should a policeman draw an unlucky number it is very probable that he will be allowed to "swap" with a brother cop, who in turn has not picked a date which would prove satisfactory to himself and the "missus."

Sure, there's worse jobs than being a cop.

It took from 1775 until 1819 for Maine to gain separate statehood from Massachusetts.

MORE PROMOTIONS FOR LOWELL BOYS

News of the promotion of two more Lowell lads who signed up with Uncle Sam's fighting feet last summer was received today by Chief Carey of the local naval recruiting station.

John E. Sherlock of 179 Middlesex street, who enlisted as apprentice seaman on the U.S.S. New ferry, has been promoted to seaman, second class. His ship is now at the Charlestown navy yard.

Two men were enlisted at the local station today. They were Francis X. Delmore, 249 School street, apprentice seaman, and Francis A. Devlin of Lawrence, an ex-service man, who went down as seaman.

LADIES' AID SOCIETY ELECTS OFFICERS

The Ladies' Aid society of St. Patrick's parish elected officers for the ensuing year at its regular meeting yesterday afternoon. Mrs. Melie Parent was re-elected president and other officers chosen were Miss Josephine Lyons, vice-president, and Mrs. Della

Donohoe, secretary. The annual report of the retiring secretary, Miss Mary Brown, was read and accepted. The retiring vice-president is Miss Lillian O'Brien.

The Holy Family sodality of St. Patrick's parish also elected officers yesterday. Mrs. Patrick J. Bagley was the choice for president, Mrs. Ellen McOsker for vice-president, Mrs. Anna Flannery, for secretary, and Mrs. Alice Saunders for treasurer.

SAFETY FIRST CAMPAIGN

Lowell's Safety First campaign, which has been waged here since April 1 in an effort to bring home to the people of the city the frightful penalty which Lowell and other cities in the country are paying every year in accidents that might be avoided through the exercise of carefulness, will come to a close Wednesday evening. A feature of the wind-up of the drive will be the appearance of several well known public speakers in various theatres tomorrow and Wednesday evening, who will make brief addresses on accident prevention in connection with the showing of "Careless America," the thrilling educational film which was secured by Supl. Welch of the police department to help put the local campaign across.

A revision of the French dictionary which was begun in 1873 now is expected to be finished about 2020 or 2025.

R. R. MEN HERE REMAIN AT WORK

Only Break in N. E. Which Occurred at Worcester Was Short Lived

Drastic Curtailment in Services Here Due to Situation in New York

BOSTON, April 12.—Curtailment of all traffic, passenger, freight and express on through lines of railroads in New England was the result in this section today of the outflow strike of railroad men. Reports indicated that efforts of the strikers to obtain results in the New England states had proved unavailing.

The only break in the ranks of the loyal workers was short-lived. It occurred at Worcester, when fewer than 100 switchmen walked out Sunday morning and returned to their work within 12 hours. Members of the railroad workers' local here and in other New England cities at meetings last night voted to remain at work.

The New York, New Haven & Hartford railroad made the most drastic curtailment in service due to conditions at New York. In addition to a freight embargo, embracing all but necessities, a reduction was made in the number of passenger and express trains. Parlor and dining cars were dropped from all but two trains on the Boston-New York run and eight express trains were cancelled.

The Boston & Albany railroad dropped all parlor and baggage cars on the Boston-New York day trains. The movement of freight on this road within New England has not been affected seriously. The Boston & Maine reported all traffic virtually normal. Local traffic on the roads is not affected.

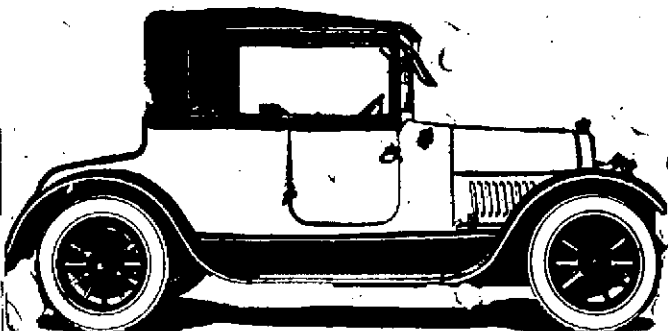

The N. Y., N. H., & H. R. R. announced that the Merchants' Limited which runs between Boston and New York would be discontinued until conditions at New York terminals were improved.

Gov. Coolidge Acts
Railroad officials said that the general embargo on freight which went into effect Saturday, was in operation at all New England gateways.

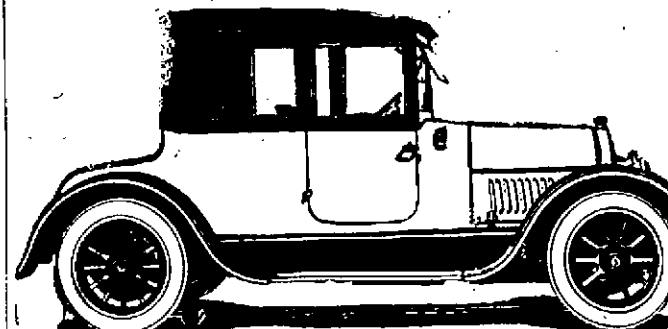

Governor Coolidge announced that while he had no cause to fear a transportation tieup in New England, he had directed a special committee to prepare a plan to meet the needs of the state should such a contingency develop. The committee which was appointed last October, he said, has worked out a scheme for mobilizing motor trucks in such manner and number that he felt assured that supplies needed to feed the public would be made available. The operations of the proposed motor truck service, he indicated, would extend beyond the state lines to points at or close to the sources of supply.

HIGH MASS OF REQUIEM

A solemn high mass of requiem for the repose of the soul of the late Edmund J. Gill, a former messenger at the state house in Boston, was celebrated this morning at 9 o'clock, at St. Joseph's church, the officiating clergyman being Rev. Charles Donizot, O.M.I., assisted by Rev. Armand Baron, O.M.I. as deacon, and Rev. Athanasius Marion, O.M.I. as sub-deacon. The choir, augmented for the

OPEN

CLOSED

The above cuts show the CADILLAC CONVERTIBLE VICTORIA, the top cut with side and windows lowered flush, and center post removed, resulting in an ideal hot weather job, with canopy top.

The lower cut shows center post in place and all windows closed; now let it blow dust, rain rain, or snow snow, you are "snug as a bug in a rug," and the change from open to closed, or closed to open, is accomplished in three minutes without getting out of car.

WE HAVE TWO OF THESE CARS READY FOR IMMEDIATE DELIVERY, very small mileage, thoroughly overhauled and refinished, new car guarantee goes with each. One is lined with leather, the other with Chase's Mohair Velvet, both have brand new Goodyear Cord Tires.

These cars are real value and in these times of advancing prices and uncertain deliveries their consideration is worth while.

Big Break in R. R. Strike in Ohio.

Warning Against Delaying Mails.

New Jersey Service Paralyzed.

P. O. DEPARTMENT SENDS WARNING

Vigorous Action if There is Any Interference With Transportation of Mails

Praeger Sends Instructions to All Superintendents of Railway Mail Service

NEW YORK, April 12.—The Central Railroad of New Jersey suspended all passenger service at noon today, when agents were ordered to stop selling tickets. The road covers the state of New Jersey and the suspension order affects approximately 55,000 commuters.

Scenes of Wild Disorder
Scenes of wild disorder followed the opening of the gates at the Pennsylvania station this morning when a five car train which usually has 10 coaches was made ready to pull out for Philadelphia. More than 3000 men and women stormed the platform, sweeping gate tenders and guards out of the way. About 1000 crowded into the train.

A notice posted at the Pennsylvania station announced that "several trains" scheduled to arrive this morning, would not reach here, "for various reasons." These trains included the Metropolitan express due at 10:30 o'clock and the New York express due at 7:35.

Crew Deserts Train
The train crew of the Pennsylvania's Boston express due from Boston at 6:15 a. m., abandoned it here. Passengers for Philadelphia were transferred to a local.

First "Strike" Assault
The first assault reported here in connection with the strike occurred this afternoon, when an iron bar, two feet long, and an inch thick, was thrown through the window of a Jersey Central passenger coach while it was passing through Jersey City. A passenger was hit on the head.

Must Not Delay Mails
WASHINGTON, April 12.—Vigorous action will be taken if there is any interference with the transportation of the mails as a result of the railroad strikes, it was announced today at the postoffice department. Otto Praeger, second assistant postmaster general, has sent the following telegram of instruction to all superintendents of the railway mail service:

"Instruct all chief clerks, transfer clerks and others to report any obstructions, directly or indirectly, by conspiracy or otherwise with passage of mails as result of strikes, together with names of person or persons involved. Bring to immediate attention of local postoffice inspectors, inspector in

30 TREMENDOUS EXPLOSIONS

200 Persons Injured Near Koenigsberg, East Prussia, Have Been Rescued

Rescuers Approach Scene of Disaster in Armored Cars—Explosions Continue

LONDON, April 12.—Two hundred persons who were injured in the explosion of a munitions dump at Koenigsberg, near Koenigsberg, East Prussia, yesterday, have been rescued, according to a Berlin despatch to the Daily Mail.

Explosions are continuing and rescuers are able to approach the scene only in armored cars. The number killed in the disaster is still unknown, but several deaths are reported in the suburbs of Koenigsberg.

Fuses were being removed from big calibre shells at the dump when one was ignited in some way and 30 tremendous explosions followed wrecking dwellings over a wide area and shattering thousands of windows in the city.

GEN. WOOD GREETED AT PITTSFIELD

PITTSFIELD, April 12.—Citizens in all walks of life extended a welcome to General Leonard Wood, candidate for the republican nomination for president here this morning. This was the first stopping place of a three days speaking tour in New England. Many public buildings displayed the national colors and all partisan feelings were thrown aside for the time being. Among those who greeted General Wood were former United States Senator W. Murray Crane of Dalton, one of the "big four" pledged candidates for delegate to the national convention and James R. Savory of Pittsfield, unpledged candidate for district delegate. Following breakfast at a local hotel, General Wood was tendered a reception at the Shire City club and later he also addressed a public gathering at the municipal building. He left during the morning by automobile for Holyoke.

IRELAND FACES GENERAL STRIKE

Union Officials Issue Call to Workers for Walkout Tomorrow

Action Taken as Protest Against Treatment of Political Prisoners

DUBLIN, April 12.—The officials of the Irish Trades Union Congress and the labor party today issued a call to the workers of Ireland for a general strike throughout the country tomorrow, as a protest against the treatment of political prisoners.

The officials in their call demand the release of those imprisoned for political offenses.

The general strike call does not affect those employed on newspapers, the telegraph services, the bakers, the humanitarian services and necessary workers among houses and cattle.

SMOOTHER MOVEMENT OF TRAFFIC NOTED

There was an appreciable difference in the appearance of Prescott street today and subsequently a smoother movement of traffic to and from Merrimack square as a result of the strict enforcement of stop regulations there.

Sergeant Palmer and Patrolman Breault were on duty there in plain clothes, prohibiting any parking of automobiles or other vehicles and no stopping except to take on or deliver persons or merchandise.

The strict enforcement of this non-stop regulation was brought about through a suggestion made at a conference between abutters and property owners in Prescott street and a special committee of the chamber of commerce last Friday afternoon, when the proposition to make that thoroughfare a one-way street was discussed.

The suggestion being carried out today came as an alternative to the more stringent measure making the street one-way.

Traffic officers and other policemen on duty in and around Merrimack square today also demanded strict compliance with non-stop regulations as applied to that portion of the square between the intersection of Prescott street and the private track of the Massachusetts mills.

EXPLAINS NEED OF COMMISSION

Representative Jewett Talks On Act Creating Election Commission

Says Old System Obsolete—Pays Respects to "City Hall Elements"

Representative Victor F. Jewett, father of the act creating Lowell's new election commission, says that the act was passed because elections in Lowell in the past few years have been conducted in an obsolete manner and that the coming of woman suffrage with its doubling of voting lists and the fact that absentee voting becomes operative here for the first time next fall make necessary some up-to-date way of handling the situation and not having the supervision of elections spread over two or three municipal departments.

To that end the election commission was created. Other cities, he says, are preparing for the increased duties devolving upon their elections departments and he sees no reason why Lowell should be behind in this respect.

In a statement made today, Representative Jewett also pays his respects to "certain elements at city hall" who have not shown any great enthusiasm for the new act.

In discussing the matter today Mr. Jewett said: "Inasmuch as there have been no

Continued to Page 9

TROUT FISHING SEASON OPENS THURSDAY

Notice is hereby given to all members of the fish family, otherwise known as the finny tribe, that the period of armistice granted them in their hostilities with the Isaac Walton of Lowell and surrounding towns during the winter season is about to come to a close and truce will be stored away in mothballs and the onslaught again started.

For on that day, two hours before sunrise, the trout season in Massachusetts officially opens and will continue until July 31. The opening of the trout season is really the opening of the fishing season for it is then that anglers begin their annual pilgrimage to brook and lake in search of the season's prize catch.

Here in Lowell some four hundred licenses have been issued to prospective fishermen so far this year, and the city clerk's office expects to do a land office business within the next few days. The fee for a fishing license is 50 cents, but if it is secured in combination with a hunting license the fee is \$1.

Many predict that the largest number of fishermen ever will angle for the wily game fish this year. The call to the great outdoors this year probably is due to the love of the open air acquired by those millions who went overseas on the greatest mission of all. Their taste for the outdoors never can be effaced.

After the severe winter, streams are likely to be swollen in the early days of the season. This condition will mean added precautions. Casts and baits made from the banks, where the water runs high, in which case care must be exercised in making no noise or even to let the shadow fall upon the water. The trout always lives up to its reputation for wiliness.

As in past years, regulations prohibit the taking of any fish under six inches. Twenty-five is the limit to one person, and no fishing may be done between two hours after sunset and one hour before sunrise.

The favorite bait is the age-old daisy. Continued to Page 12

600 SWITCHMEN VOTE TO RETURN

Development in West Regarded as Pointing to Gradual Dissolution of Strike

In East the Situation Assumes a More Serious Aspect—Terms of Settlement

CHICAGO, April 12.—Developments west of Pittsburgh in the switchmen's unauthorized strike today were regarded by railroad brotherhood officials as pointing toward a gradual dissolution of the insurgent forces, but in the east where the walkout was joined in several districts by trainmen, the situation assumed a more serious aspect.

Break at Columbus, O.
In the central and far west numerous reports of defections from the strikers' ranks followed the report of

STRIKERS ARE BACK AT WORK IN WOONSOCKET

WOONSOCKET, R. I., April 12.—With the exception of a few mule spinners, who demand the reinstatement of one of their number they claim was discharged, operatives of the Manville Company's Social and Nourse mills returned to work this morning.

Their demands for a 48-hour week having been granted last week. Both mills had been closed about 10 days following the demands for a reduction in working hours with a corresponding reduction in pay. The Manville mill at Manville also went on a 48-hour schedule this morning. All three plants previously had operated on a 54-hour weekly schedule. Nearly 4000 workers are affected by the changed hours in the three mills. The Globe mill here of the same company continues on a 54-hour basis, the workers there having voted in favor of continuing their schedule.

13 MORE STATES VOTE TO SECEDE FROM MEXICO

AGUA PRIETA, Sonora, Mexico, April 12.—General J. M. Finu, commanding first divisional army of the state of Sonora, today announced he had received semi-official information that 13 additional states of the republic had voted to follow the example of the state of Sonora in seceding. Definite details as to the list of states was lacking, however.

FIVE HEALTHY CHILDREN

AND HOW THEY KEEP WELL

Mother Says She Depends on Father John's Medicine for All Her Children

"I have five children," said Mrs. H. Feurhahn, 208 Flushing Ave., Astoria, L. I. N. Y., "and for the past six years we have found that Father John's Medicine has done so much for us. When my oldest girl was five years old, she took pneumonia which left her with a terrible cough. After she had taken Father John's Medicine for a while, it relieved her of the cough. I have found that for cough there is nothing better. My baby, two years old, had bronchitis, but Father John's Medicine has relieved him. I tell everyone I know that has a child to keep Father John's Medicine on hand."

Mothers have confidence in Father John's Medicine to do all that it claims for it because they know that it has a history of more than 64 years of successful use as a family tonic and body-builder. A wholesome food medicine which strengthens and builds up. It is safe for all the family to take because it does not contain alcohol or dangerous drugs.—Adv.

SERVICE

A PERSONAL conference as to just how this bank can serve you may suggest benefits that you never thought of. The atmosphere is friendly here. There are no formalities. You are always welcome. This is a bank of courtesy and service for all the people all the time.

Dress Your Hair Becomingly, No Matter What Fashion May Be in Vogue

How shall I do my hair? There is one do and one don't in answer to this question.

The do is: Dress your hair becomingly. To really accomplish this first study the shape of your head; second, the height of your forehead; third, the contour of your nose.

The don't is: Don't make yourself look like a freak by being a slave to fashion.

To Sift Your Face

All women can no more wear the same style of hairdress than they can wear the same size of shoes. The woman with a high forehead can add 50 per cent to her personal beauty by pulling soft fluffs of hair over the too prominent feature. The pretty, dimpled, full-faced girl who does her hair in the modern fashionable ear puffs is in danger of making her face look fat instead of youthfully round.

Most defects of head contour—even serious ones—can be greatly helped, if not wholly overcome, by the style of dressing the hair. A great many women have what is known as "flat head," that is, a head flat in the back instead of curving outward in the accepted shape of the cranium. But the clever woman by massing her hair at the back of such a head can build out the line until it is wholly attractive.

Greatest Single Beauty

Actresses understand the worth of careful hairdressing better than most people, and one of the cleverest at this art is beautiful Elsie Ferguson. Miss Ferguson's hair is always dressed in absolute keeping with the lines of her face.

Well and becomingly dressed hair is every woman's greatest single beauty. It is the belief of Miss Ferguson, who is very careful to avoid all freak styles of coiffure.

Animals' week" and next Sunday will be recorded as Humans' Sunday. It is the sixth annual national "Be Kind to Animals" week sponsored by the American Humane Education Society and in Lowell it will be observed by showing slides on animal subjects in the moving picture theatres and by special attention and instructions given by the teachers in the schools.

The moving picture slides are particularly interesting and beautiful, all of them being replicas of photographs which have appeared in the magazine of the Massachusetts Society for the Prevention of Cruelty to Animals, and which are designed to foster kindness towards all dumb animals, and prevention of cruelty to humans of burden.

As has been the custom in the schools for some years past the teachers will instruct pupils on subjects relating to animal week. They have all been supplied with circulars dealing with "Be Kind to Animals' week."

The idea of the campaign is to bring out the necessity of kindness towards animals. In the schools the children will be impressed with the idea that they should treat their pets kindly.

Messrs. Richardson and Gilmore of the Lowell Humane Society have charge of the campaign in this city and they are making efforts to have the public aroused to the purpose of it. Lowell people are advised to report any knowledge of cruelty practiced, by any person, to the Humane Society.

During the week some of the things which will be emphasized as those which should be done are providing for old horses when they are worn out through faithful service. Instead of selling them to those who will cruelly work and treat them, providing for clean water and kennels for dogs, providing for the cat before leaving for a vacation, housing the birds, feeding the squirrels, killing fish when first pulled out of the water, caring for the comfort of cattle, and studying the habits of creatures in order to deal rightly with them.

PAVERS AND RAMMERS GET MORE PAY

The pavers and rammers employed in the street department have been granted increases in wages by Commissioner Dennis A. Murphy, to go into effect at once.

The seven pavers employed in the department will henceforth receive \$6 per day. Formerly they received \$5.75. The four or five rammers of the department have been advanced from \$5 to \$5.25 per day. The increases were granted following a conference at city hall late Saturday afternoon.

Real Estate Transfer

Continued

street, occupied by the Lowell Tax Service is assessed for 1920. Property at No. 101, housing a barber shop, has a building assessment of \$1400 and a land value of \$2400. The building at 125-127, occupied by the Cycle Outlet Co. and other tenants, is assessed for \$2500, with a land valuation of \$550. The total valuation of land and buildings in the estate is \$502,400.

There is no foundation to the rumor that the property has been sold, or that it is on the real estate market.

REVIVAL CLOSES HERE REPUBLIC PROCLAIMED TOO TIRED TO EAT?

Stephens' Party Completes Campaign — Bible Conferences Begin Tonight

The Stephens' revival campaign came to an end last night, when upwards of 150 people answered the evangelist's call for conversions and Dr. Stephens received \$197.18 as his salary and the pay for the members of his party during the weeks of the drive. This amount was obtained through thank offering pledges augmented by the collections at all services yesterday. When the last pledge is in the total will be considerably above the \$500 mark.

Six meetings were held yesterday—in the tabernacle and at St. Paul's M. E. and Paige Street Baptist churches. The tabernacle was crowded to the exits last night. In addition to preaching a farewell sermon, Rev. Mr. Stephens publicly thanked all people and organizations that have helped in the success of the campaign.

Today marks the beginning of a week of Bible conferences, as an aftermath of the revival campaign. The first meeting will be held tonight in the tabernacle, after which the building will be torn down to make room for the contractor in charge of the erection of the auditorium on that site. In fact, in announcing the conferences last night, Rev. Mr. Stephens asked every man to attend the meeting to-night, armed with hammer and pliers, for immediately after the service the walls will be ripped out and the lumber piled outside.

Dr. Paula Herliwig, who will lecture on "Zoology," is the first woman professor at the University of Berlin.

Little Friends of the Liver

The liver is the regulator of health. If the liver is active and well, good health and happiness prevail; but once you allow your liver to get torpid and sluggish, life becomes a misery. Dyspepsia, indigestion, biliousness, constipation, headaches and melancholy result, all of which are the result of a weak liver. Little Liver Pills touch the liver and correct all liver ills.

Small Pill—Small Dose—Small Price

Federal Buildings at Nogales

Seized and Sonora Troops Are in Control

NOGALES, Sonora, April 12.—Customs houses and all property of the federal government of Mexico were seized formally in the name of the republic of Sonora here yesterday. Sonora troops control the entire state, according to official reports.

Sonora state officials, headed by Gov. Adolfo de la Huerta, governor of Sonora, who has been proclaimed "supreme power of the republic of Sonora," by the state congress, said yesterday that although the state had seceded it would return to the Mexican republic upon guarantees from the national administration that there would be no infringement of the state's rights by the federal government.

The secession, according to the officials, was brought on because Carranza ordered federal troops into the state. They said the next move was up to Carranza. Unless he acts, political leaders of Sonora said, the new republic would defy the Mexican federal government and resist with armed forces any attempt of Carranza to take back the state military force.

Gen. P. Elias Calles, former governor of Sonora and who recently resigned from the Carranza cabinet has been made supreme military commander of the state military forces.

Spread of the secession movement to other states unless the Mexican government acts quickly was forecasted here yesterday. The Sinaloa state congress, according to these reports, is expected to do the same. Sinaloa politics are closely interwoven with Sonora's and both states are largely controlled by Gen. Alvaro Obregon.

Report Obregon Arrested

NOGALES, Sonora, April 12.—General Alvaro Obregon is technically under arrest in Mexico City in connection with the arrest of Gen. Roberto Cupido, Mexican rebel leader, according to an unverified report received here. General Obregon, according to the report is not allowed to leave the city but has not been jailed.

Aviator Who Leaped From Plane Dies

CAMDEN, N. J., April 12.—Lieut. Richard W. Wright, of Cleveland died today of injuries received in his leap on Saturday from a blazing postal airplane 200 feet in the air. Lieut. Mark C. Hogue, pilot of the plane, who did not jump, left the hospital today.

Earl of Derby at Paris Conference

PARIS, April 12.—The Earl of Derby, Great Britain's ambassador to France, attended the council of ambassadors here this morning. The Hungarian treaty was the sole matter under discussion, all other questions being excluded.

Heat a Bit, Eat Slowly, Then Take Hood's Sarsaparilla

In this way you will avoid indigestion, your stomach will feel tonic effect, and in a short time you will have better appetite, more digestive strength, better assimilation, and will find your "food tastes good."

One grateful woman writes: "I earnestly recommend all women who wish to be made new, or who are troubled with that tired feeling, to take Hood's Sarsaparilla. It wonderfully relieved me of sour stomach, distress and belching."

A well-known Justice of the Peace in Indiana says Hood's Sarsaparilla made "food taste good," as after taking three bottles he can now eat three hearty meals a day, works hard and sleeps sound. Doesn't this appeal to you—to eat well, work hard and sleep well? Then get Hood's Sarsaparilla. As a gentle laxative, Hood's Pills help greatly.—Adv.

FIRE AT DEER ISLAND

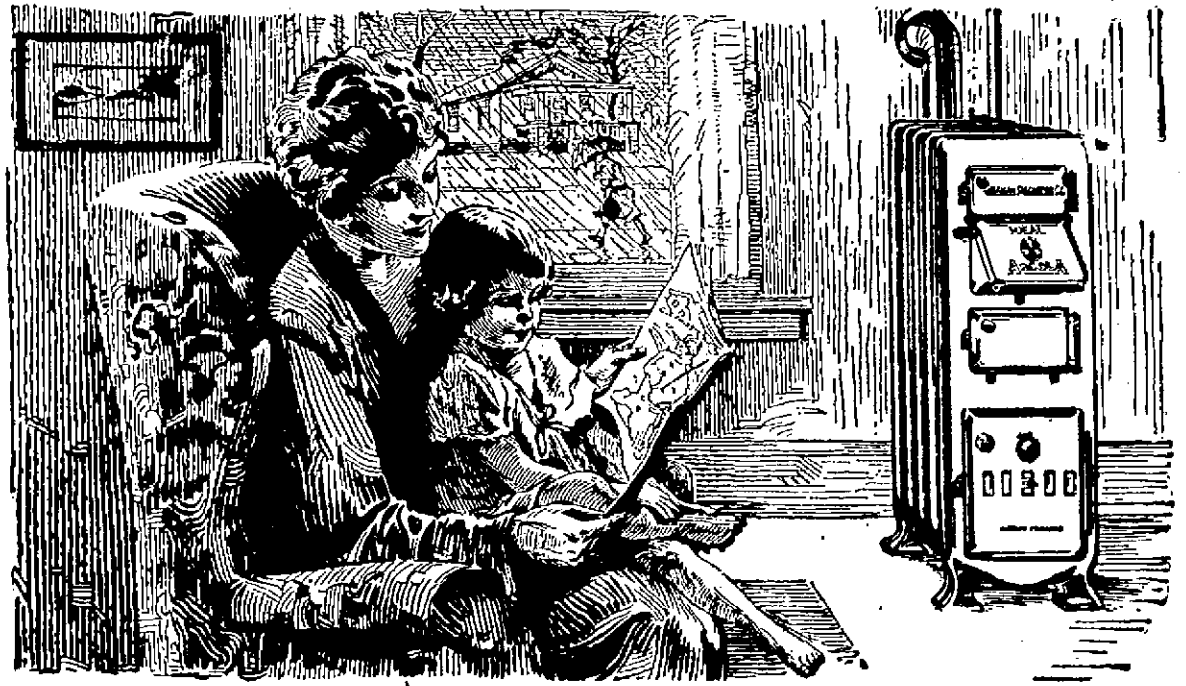

"Trusties" Aid in Fighting Blaze—Ward Destroyed—Whole Hospital in Danger

WINTHROP, April 12.—Aided by more than 50 "trusties," who acquitted themselves like real heroes, fire companies from both Winthrop and Boston battled for more than three hours with a threatening fire on Deer Island yesterday afternoon and managed to confine the damage to the building where it started. This was burned to the ground with an estimated loss of \$15,000.

That the entire group of hospital buildings, which are located on the northwest side of the island, were not destroyed is alone a tribute to the efforts of the trustees, who were badly handicapped by the inadequate equipment and low water pressure at the institution. Originating from what is believed to be spontaneous combustion in ward B, a wooden building about 250 feet long and 50 feet wide, and connected with the other four buildings which comprise the hospital group, the flames driven by a brisk easterly wind, swept unchecked through the structure. Fortunately this ward, which is in the women's part of the hospital, had been closed up a month ago.

A trusty on duty at Shirley Gut discovered the fire and promptly notified Deputy Master Edward O'Keefe, who was in charge in the absence of Mas-

IDEAL hot water heat \$131 as long as you live!

New IDEAL-Arcola Radiator-Boiler

Throw out the old, dirty, wasteful method of heating and install the modern, clean and efficient hot water radiator heating with an IDEAL-Arcola Outfit. This wonderful new invention gives the small home, flat, store or office the complete comfort of a city mansion.

Its savings soon repay first cost!

All the rooms are heated from the one fire, as the IDEAL-Arcola is water-jacketed and circulates hot water to pipe-connected AMERICAN Radiators in other rooms. Thus there is no coal waste! Do you know of any feature or furnishing or equipment of a home which does so much for your comfort and economy? Can you invest money any better? The IDEAL-Arcola Outfit offers you the utmost bargain. Protects the family health. Will outwear the building itself. Can be increased in size if building is altered. An investment, not an expense!

Shipped complete for immediate installation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. Same water is used over and over again for years.

Cleanly heating—healthful heating—free from fire risks! Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry burnt-out atmosphere of stove heating. There is no fire risk to building—no danger to children—fire lasts for hours!

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). To settle your heating question for life write today.

Sold by all dealers.

No exclusive agents.

NEW DEPARTURE IN MAIL SERVICE

The Boston postoffice with the cooperation of the Boston chamber of commerce has introduced a numeral system of addressing mail intended for delivery in the Boston postal district. This system is arousing considerable interest throughout the country.

All that is required is simply the addition of the postal station number to the name of the office. This number can be obtained from correspondents whose mail is delivered through the Boston postoffice or any of the 74 delivery stations and branches.

The numeral plan was adopted with the purpose in view of furnishing postal employees with a key number which would indicate the proper office of delivery. This has become necessary because of the size and the complicated boundary lines of Boston postal district, the constantly increasing volume of business and the growing tendency toward incorrect addresses. The Boston postal district covers an area of 232 square miles and embraces within its limits 23 cities and towns. It is a prodigious feat for clerks to memorize 15,000 items of distribution, as well as the different names with their constant changes, and at the same time handle the mail expeditiously.

The numeral plan will be an important factor in eliminating multiple handlings and consequent delays to mail that at the present time occur through failure of correspondents to furnish complete addresses.

The plan does not provide for the discontinuance of the name of any local station or branch, or change in the form of the address in any other manner. It simply involves the addition of the number to the address, thus:

MR. JOHN DOE,
5 Blank Street,
Boston 9, Mass.

Readers of this paper will secure earlier deliveries of their mail if they will immediately ascertain from their Boston correspondents their correct numeral and include it in the address, in the manner suggested above.

Firms and individuals may submit a copy of their Boston mailing list to the postmaster at Boston and the correct numeral showing the office delivery will be added to each address.

EGYPTIAN HUNGAN
Egyptian influence in jewelry, millinery and hand-bags is noticeable in the newest fashions from Paris. Rich colorings and designs of embroidery, or in some cases metal, embellish the ancient Egyptian art.

WORKMEN ARE WARNED

Barcelona Leaders Tell Workers to Beware of Plot to Force Violent Acts

BARCELONA, Spain, April 11.—Workmen are warned that authorities and employers "desire to drive them to violent acts" and that they must "maintain calm under provocation" by a manifesto issued by the local labor federation to members in this city and the province of Catalonia today.

"They want justification for repression and for spilling blood" the manifesto continues, "and are asking for some sort of motive for our suppression. They will find such motive, but in so doing, they will burden themselves with a heavy debt. Our duty is to hold together for the good of all."

Sea water will be pumped by electricity and evaporated by the sun at a new plant that is expected to supply New Zealand with almost its entire requirements of salt.

ORGAN RECITAL AT ST. ANNE'S CHURCH

Mr. William Heller, assisted by Miss Irene Wardell, soprano, Francis Heller, baritone, and Mrs. Bertha Knight Johnson, violinist, gave an organ recital in St. Anne's church last evening. The large audience gave evident appreciation of the music.

The evening was opened with prayer followed by an address on "The Resurrection Message," by Rev. Arthur W. Shaw. The musical program was as follows:

Offertory in D Minor Batiste
Lead, Kindly Light Bohm
Missa Wardell Beethoven
Meditation William Heller
Military March Morrisson
O Love That Will Not Let Me Go Schubert
Toccata in C Handel
Last Greetings Schubert
Invictus Tuba
Morceau Facile Bohm
Mrs. Johnson

Investigators say in Russia destruction has gone as far as it can go, and that construction now is inevitable.

URICOL

TRADE MARK

READ WHAT A NURSE SAYS ABOUT THE GREAT RHEUMATIC REMEDY

Dear Sirs:

I think it is a year or more since you have had an order for URICOL from me. I have another friend who is suffering from rheumatism and I am writing to find if I can get the URICOL as I did before, as I can swear to its healing and curing qualities. I sure know it will help them if they will try it faithfully, for it did cure me when my doctor could not. He told me I never could use my arm again. It was in such an awful condition, and I thought I would go crazy until your medicine came, and in three hours after the first dose I could sit up five minutes, wherein I could not move for five weeks.

Please let me know the price and send me two bottles more. You will see I am an old customer. I remain, Yours truly,

MRS. CORA E. JOSEPH (nurse).

SITUATION STILL

CONSIDERED DELICATE

LONDON, April 12.—Discussion of relations between Great Britain and France in the house of commons is not probable for some days at least, although anxiety is felt by many members of parliament, which reassembles today after the Easter recess. There is a desire in some political quarters to bring the situation before the full house, but as the scheduled program of business has allocated parliamentary time for several days, debate cannot be brought about unless those desiring it can carry a motion to suspend the order of business on a plea of urgency.

Andrew Bonar Law, government leader in the house, has been deputized by Premier Lloyd George, who has gone to San Remo, Italy, to make official statements during the latter's absence, but members are declared to have expressed little confidence they will hear more than they already know. Although the situation has eased somewhat, it is still regarded as delicate, and government supporters, who approve the cabinet's attitude relative to the advance of French troops along the Rhine, do not desire discussion. They hold international interests are best served by allowing events to proceed calmly to settlement by diplomatic routes.

FUNERAL NOTICES

TRULL—Died April 10th, Alpheus N. Trull, at his home, 7 Waterford street. Funeral services will be held at 7 Waterford street Tuesday afternoon at 3 o'clock. Friends are invited without further notice, burial private. Interment will be in the family lot at West Chelmsford. The funeral arrangements are in charge of Undertaker George W. Henley.

WELLS—The funeral of George H. Wells will take place Tuesday morning from the chapel of William A. Mack, 7 Gorham street, at 10 o'clock. Friends are invited without further notice. Burial will be in the family lot at West Chelmsford. The funeral arrangements are in charge of Undertaker George W. Henley.

WELLS—Died April 11th, at the Lowell General Hospital, Mrs. Cora J. A. Wells. Funeral services will be held at her late residence, 25 Fathorne street, Tuesday afternoon at 3 o'clock. Come in some day this week and leave your subscription at the Pattern Section, Palmer Street.

INTERESTING CASE OF MISS BAIRD

Sick Four Years, Woman Tells How She Got Well

Mrs. Hulseville called to see the GOLDINE nurse at Dows' Drug Store and made this statement: "I had suffered so long with constipation that I felt I would never find any help or relief. Such is not the case, for GOLDINE Laxative has proved to me what I never expected. To make it plain, I am not the same woman I was one month ago. No woman or man need suffer any longer with stomach trouble or constipation when they can get GOLDINE, for it will set the work, and feel sure there is no one with a worse stomach than I once had. Now it is fine in every way."

"I feel like a new person, all my friends say I look so much better, but I don't need to have them tell me, for I know my feelings. I wouldn't have believed anyone could feel so much better in such a short time. I tell everyone I know. I can't give your medicine praise enough."

GOLDINE NO. 1 is used in the treatment of stomach, heart, nerves, indigestion, female troubles, physical decline and debility to build you up and create strength. Price—Tablets \$1.00, GOLDINE NO. 2 is used for catarrh, kidneys, bladder, liver, blood, rheumatism, weak back, eruptions and skin diseases and to purify the entire system. Price—Tablets, \$1.00; Liquid, \$1.50. Put up in the green package. Shaw's picture on each.

GOLDINE LAXATIVES are used for constipation, constipation, liver and gall bladder troubles, congestion of the liver and for cleansing the organs of digestion and excretion. 25c per box. Dows' both stores for Goldine.—Adv.

And when you get right down to the final analysis of cotton fabrics there's not one which is so satisfactory, looks well, wears the best for children's frocks, women's and misses' garments as a good gingham.

Guilford of North Hampton, Mass., and Mrs. Henry L. Gleason of Greenfield, Mass. Mrs. Wells was a member of the First M. E. church, Puritan Chapter, 54, Order of the Eastern Star, and the Ladies' Auxiliary of the Brotherhood of Locomotive Engineers.

DEAN—Evangelist Dean died yesterday afternoon at the home of his daughter, George and Margaret Dean, 31 Jefferson street. The body was removed to the rooms of Undertakers Charles H. Molloy's Sons, Market street.

HALL—The death of Mrs. Charlotte Hall, wife of John S. Hall, formerly of North Chelmsford, occurred on Saturday at the home of her daughter in Ayer. She is survived by a son, William H. Hall, of Chelmsford, and two daughters, Mrs. F. W. Park of South Chelmsford and Mrs. H. A. Bixby, of Ayer.

BENNETT—George H. Bennett, a well known resident of Lowell, died yesterday night at the Lowell Corporation Hospital. The deceased was born in England in 1839 and came to Lowell in 1872 and has been employed by the H. B. Barker Co. and their successors, the Holbrook & Lawler Co., since 1882. He is survived by one son, Henry of Boston police department, Mr. Bennett formerly resided at 181 E. Market street. The body was removed to the home of his sister-in-law, Mrs. Minnie Verriest, 177 Pleasant street, by Undertakers Charles H. Molloy's Sons.

McCOMB—Ellen McComb, infant daughter of Robert J. and Alice G. Mahoney McComb died this morning at the Lowell Corporation Hospital. The body was removed to the home of her parents, 3 Fathorne street, by Undertakers M. H. McDonough Sons.

HARDY—Mrs. Julie Motard Hardy, wife of the late Louis Hardy, died Saturday night at her home, 50 Melvin street, aged 75 years and 3 months. She was the mother of Mrs. Joseph Hardy and Octave and Charles Hardy of this city, and two daughters, Misses Clara and Ella Hardy. Deceased was a member of the Third Order of St. Francis and St. Anna's society.

ALLEN—Lucille Allen, daughter of Cyren and Gertrude Allen, died yesterday at the home of her parents, 5

Dempsey place, aged 2 months and 24 days.

LANSKEY—Mrs. Catherine Lanskey, a life-long member of St. Patrick's parish and an attendant of that church, died yesterday at her home, 163 Broadway, after a short illness, aged 75 years. She leaves her husband, John Lanskey, and several nieces and nephews. The body was removed to the rooms of Undertaker William A. Mack, 70-76 Gorham street.

KEATING—James F. Keating, aged 50 years, a resident of this city for many years, died last evening at his home, 435 Central street, after a long illness. He leaves a wife, Rose C. Keating, three sisters, Mrs. Charles Kirkland of Utica, N. Y., Mrs. Jennie Keating and Mrs. Eddie McCarthy of Pittsfield, Mass., and two brothers, John and Frank Keating of North Adams. The body was removed to the rooms of Undertakers M. H. McDonough Sons.

SILVA—May G. Silva, aged 5 months, child of Jarulin and Marie Silva, died yesterday morning at the home of her parents, 435 Central street, after a long illness. The body was removed to the rooms of Undertakers M. H. McDonough Sons.

FUNERALS

SALENS—The funeral of Jasla Salens took place Saturday at 4 o'clock from the rooms of Undertaker Joseph Albert, Aiken street. A burial was made at St. Jean Baptiste church by Rev. Charles Peschot, O.M.I., and burial was in St. Joseph's cemetery.

SOUZA—The funeral of Joseph Souza took place Sunday afternoon at 2 o'clock from his home, 45 Linden street, and was largely attended by relatives and friends. At St. Anthony's church at 2 o'clock services were held.

Rev. John Perry officiating. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

KERSHAW—The funeral of Alfred Kershaw took place from the home of his sister, Mrs. Morton V. Lord, 93 Hildreth street yesterday afternoon at 3 o'clock. The services were conducted by Rev. Wilson Waters, rector of the Chelmsford Centre Episcopal church. Appropriate selections were sung by Frederick Mills. The bearers were Albert Lundgren, Henry Bakewell, Edwin Rayner and Samuel Aetion. Burial was in the family lot in the Union cemetery. The funeral arrangements were in charge of Undertaker George W. Henley.

DENNON—The funeral of Mrs. Margaret Dennon took place from the home of her son, Edward W. Dennon, 11 South Wilder street, Saturday afternoon. The services were conducted by Rev. Chauncey J. Hawkins, D.D., pastor of the First Congregational church, and Rev. Edward H. Newcomb, pastor of the Congregational church at Keene, N. H. The floral offerings were many and beautiful. The bearers were Charles Esher, John H. P. Sutherland, Roy Jacobs and Alexander Jacobs. Burial was in the family lot in the Union cemetery. The funeral arrangements were in charge of Undertaker George W. Henley.

HANDETT—The funeral services of Mrs. Mary J. Handett were held at the rooms of Undertaker Hiram C. Brown Saturday afternoon. Rev. John Fisher, D.D., pastor of the First Universalist church, officiating. The floral tributes were very beautiful. Mrs. F. L. Roberts and Miss Rita Thompson sang "Somebody" with the "Garden" and "Only An Country" and at the grave sang "Softly and Tenderly." The bearers were J. Munu Amey, Fred Emerson, Arthur Gilbert and Edward A. Jones, all members of Mrs. Handett's Sunday school class at the First Universalist church. Burial was in the family lot in the Union cemetery, where Rev. J. Fisher, D.D., read the committal prayers.

HELPED HER LITTLE GIRL

Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Poley's Honey and Tar cured my little girl of the worst Crouping cough. I had tried many things and found nothing to help until I got Poley's Honey and Tar. Gives immediate relief from distressing, racking, tearing coughs; soothes and heals throat for colds, croup and whooping cough."

Berkshire Drug Co., 415 Middlesex St., Lowell's Drug Store, 301 Central St., Lowell.

The funeral was under the direction of Undertaker Hiram C. Brown.

GILLIGAN—The funeral of Michael Gilligan took place this morning at 9 o'clock from his home, 1 West Burnside avenue, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Michael's church where at 9:30 o'clock a mass of requiem was celebrated by Rev. James Lynch. The choir, under the direction of Mr. Thomas J. Boulger sang the Gregorian chant, the solo being sung by Miss Gilligan and Mr. Boulger. Miss Marie O'Donnell presided at the organ. There was a profusion of beautiful floral tributes and spiritual bouquets. The bearers were Carl Hinchard, Charles Bryant, David Howard, Edward McNamee, William McCabe and Joseph Wells. At the grave Rev. Fr. Lynch read the committal prayers and the burial was in the family lot in St. Patrick's cemetery. In charge of Undertakers James F. O'Donnell & Sons.

BERWICK—The funeral of Mrs. Lottie (Hulme) Berwick took place this morning at 9 o'clock from the residence of her mother, Mrs. Aurelia Palmer, 41 Hale street, and was largely attended by relatives and friends. The cortege proceeded to St. Peter's church where at 9:30 o'clock a mass of requiem was celebrated by Rev. Peter Linehan. The choir under the direction of Mr. James E. Donnelly sang the Gregorian chant, the solo being sustained by Miss Mary Ryne and Mr. James E. Donnelly. Miss Gertrude Quincey presided at the organ. There was a profusion of beautiful floral tributes and spiritual bouquets. The bearers were Rev. Ross, James McNamara, Leo Hatch and Bernard LeBlanc. At the grave Rev. Fr. Linehan read the committal prayers and the burial was in the family lot in St. Patrick's cemetery. In charge of Undertakers James F. O'Donnell & Sons.

LEE—The funeral of Thomas C. Lee took place this morning from the home of his brother-in-law, Dr. Charles E. Lee, 101 Long Island, Boston. A funeral mass was sung at the Long Island chapel at 8 o'clock. Rev. William J. Quincey, S.J., officiating. The burial was in the family lot in St. Patrick's cemetery. The arrangements were in charge of Undertakers James F. O'Donnell & Sons.

DIXON—The funeral of Mrs. Joseph Dixon took place this morning from her home, 32 Prince street. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. L. N. Baskland, O.M.I., assisted by Rev. Guillaume Ouellette, O.M.I., as deacon and Rev. Rosario Jalbert, O.M.I., as sub-deacon. The choir under the direction of Telephone No. 2 rendered the Gregorian chant, Miss Lena B. Canive presiding at the organ. The bearers were

Charles Hamel, Fred Clément, Germain Lapointe, Napoléon Allard, Napoléon Beaudoin and Achille Goulet. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Eugene Turcotte, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

PERRIERE—The funeral of Bernard Perriere took place this morning at 10 o'clock from the funeral parlors of Undertakers M. H. McDonough Sons. Burial took place in St. Patrick's cemetery.

SILVA—The funeral of Mary G. Silva took place this morning at 11 o'clock from the home of her parents, Jarulin P. and Maria Maravado Silva, 10 Union street. Services were held at St. Anthony's church at 11:30 o'clock the prayers being read by Rev. Fr. Perry. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

Says Fat People Now Rejoice

Testimony Proves Arbolone Safe, Sure Reducer

Enjoys Wide Sale Amongst Educated Wealthy Set.

The physician who originated the Anti-fat treatment known to physicians and druggists as "five-grain tablets Arbolone" is being praised and thanked by scores of women in the class known as "society devotees."

A literary woman in Los Angeles, having so highly eulogized over her success in reducing, has written a clever little poem, which recites the facts and expresses deep gratitude as well. To safely and surely reduce from 20 to 60 pounds is easily accomplished when tablets Arbolone are used regularly. They are not drastic or dangerous, used as directed, but simply and surely dissolve the fatty elements and eliminate from the system. Also, they remove the craving for such foods as are not desirable for fat folks to use. Hence, Arbolone is superior to all other anti-fat medicines, as it automatically overcomes the abnormal, perverted appetite for starchy foods, etc. Sold by all druggists in sealed tubes with full directions.

POLO TEAMS NOW ON DE FOE EXPECTED TO PUT
THE HOME STRETCH BOYLE TO TEST

The American Roller Polo League season will close one week from tomorrow night and the race for the three "money places" is still in doubt. Providence still has a slight lead and is looked upon as the "best bet" for the pennant. Fall River, New Bedford and Lowell are closely bunched in that order, and Worcester and Salem wind up the parade. Fall River players and fans are still confident of landing first money and look to "Big" Fred Jean to pilot the team under the wire. New Bedford has been playing the best polo in the league for the past three weeks, and while now in third place, the chances of holding a first division place have been weakened by the loss of "Bob" Hart, who was forced to leave the team after Saturday night's game to begin his duties as a National league umpire.

Providence has the pennant apparently sewed up a few weeks ago, but Harry Thompson was forced out of the lineup on account of illness, and his absence brought about a slight slump. He is now back in the game and Gold Bug boosters are confident that the team will go to the Rhode Island ring.

Lowell, however, is making a bid to land in the first division. The team won the pennant two years in succession, when no money prize was involved, and the players are out to get in on the "divvy" this season. Harting has been out of the game for a few days as a result of an injury to his arm, but Lewis and Davies, have played good polo on the rush line, with the result that no ground was lost.

Harting is now ready to jump back and with him available the prospects of the locals getting in on the money look good.

New Bedford set the pace last week by winning four out of five. Lowell and Fall River were tied with three wins and two defeats. Salem broke even, winning three and dropping three, while Worcester and Providence each won but one game out of five starts.

Lowell has a hard schedule this week, playing Fall River here tomorrow night at Worcester. On Friday night, here with New Bedford on Friday night, and finishing the week at Providence on Saturday night. The complete schedule for the week follows:

Monday: New Bedford at Salem; Fall River at Providence.
Tuesday: Fall River at Lowell; Salem at Providence; Worcester at New Bedford.
Wednesday: Lowell at Worcester; Providence at Fall River; Salem at New Bedford; New Bedford at Fall River; Providence at Salem.
Friday: New Bedford at Lowell; Worcester at Fall River.
Saturday: Lowell at Providence; Salem at Worcester; Fall River at New Bedford.

LOWELL WINS FROM THE
PROVIDENCE GOLD BUGS

PROVIDENCE, April 12.—Lowell defeated the Gold Bugs Saturday night, 1 to 3. Lewis and Davies scored well together, and the other athletes acquitted themselves in full measure. Pence had 72 stops, as against 25 for Huelmeier, whose activities were reduced by the wily play of Lyons at back. Pence never played better polo on the local surface. The game was hard fought all the way to the end of the first period brought a tie score, but Lowell took the lead in the second period and held it to the finish. Lowell lost a goal on fouls.

The lineup and summary:

PROVIDENCE	LOWELL
Lewis 1	Lowell 1
Davies 1	Davies 1
Thompson 1	Thompson 1
Evans 1	Evans 1
Lyons 1	Lyons 1
Huelmeier 1	Huelmeier 1
Pence 1	Pence 1
Time 1:40	Time 1:40
Lowell 1:40	Lowell 1:40
Providence 1:40	Providence 1:40
Williams 1:20	Williams 1:20

SECOND PERIOD
Lowell 3:20
Providence 12:50
Lowell 6:05
Lowell 4:30

Summary: Score, Lowell 1, Providence 3. Rushes, Lewis 1, Williams 10, Jones 7, Huelmeier 23, Poulis, Doherty 2, Griffith 2, Williams 1, Referee, Graham.

POLO LEAGUE STANDING		
Providence	Won	Lost
Fall River	55	51.5
New Bedford	50	52.5
Lowell	50	52.5
Worcester	55	52.5
Salem	51	43.5

SATURDAY NIGHT'S RESULTS
Lowell 1, Providence 3.
Worcester 1, Fall River 2.
New Bedford 1, Salem 1.

TONIGHT'S GAMES
New Bedford at Salem.
Fall River at Providence.

BREAK UP GAME
TO HONOR RUTH

NEW YORK, April 12.—Several thousand fans broke up an exhibition game between the New York Americans and the Brooklyn Dodgers on Saturday night yesterday in a great demonstration for "Baby" Ruth, home run king of baseball.

With the score of 11 to 0 in favor of the Yankees, two out and Myers of Brooklyn on first in the ninth inning, a fan started across the field to shake hands with the premier long distance hitter, who has knocked out a three base hit and a single and had scored three runs during the game. Before he could be stopped, several hundred other fans started to follow him and after several minutes delay, during which the players, umpires and police tried unsuccessfully to clear the field, the game was called.

WRESTLING BOUTS
HERE TONIGHT

All is in readiness for the wrestling carnival at Merrimack hall tonight. Jim Prokos will try conclusions with Frank Lurich of Springfield and Americus will go against Cyclone Bill in a great demonstration for "Baby" Ruth, home run king of baseball.

POLO
Lowell vs. Fall River
TUESDAY NIGHT, Crescent Rink
Roller Skating TonightCRESCENT A. A.
Phinney Boyle vs. Billy De Foe
Three Other Bouts
THURSDAY NIGHT

Phinney Boyle of Lowell, who is now recognized as one of the leading lightweights in the game, will be put to a severe test on next Thursday night when he meets Billy De Foe of Providence in the main bout of 12 rounds at the Crescent A.A.

Last season De Foe made a great impression here by engaging in a sensational bout with Al Shubert. A few months ago he came back and saw Frankie Brown of New York, who is now in Paris, an artistic fighter. He showed in that contest that along with being a pretty nifty boxer, he possessed much hitting ability. He knocked the New York boy and his work made a big hit with local fans.

Since winning from Brown the Providence boy has been in great demand throughout the country. He is looked up to as one of the most satisfactory fighters ever seen here and local fans realize that the recent conqueror of Jimmy Duffy has a big job on his hands. Boyle, however, who boxed De Foe several years ago, feels confident of winning, and avers that if successful he will immediately press his claim for a title bout with De Foe.

Boyle went back to active training today and will leave no stone unturned to be in the "pink" when he hops into the ring on Thursday night.

Young Rector of Jersey City who came here on short notice and put up a good bout against Johnny Downes of Boston is a very busy performer. Last Thursday night he boxed Young Rehner at Bridgeport and on next Saturday night he is scheduled to meet Frankie Olsen of Pearl River, N. Y. at the North Jersey Sporting club of Hackensack, N. J.

PREPARING THE GARDEN

By Middlesex Bureau of Agriculture and Home Economics

Home garden soils should be carefully prepared for planting. Proper preparation and fertilization of a home garden is half the battle won. Most home gardeners in this section, because of the prevalence of the European corn borer, would do well to rake up and burn corn stubble, large weeds and other debris about the garden. Most of our back-yard garden soil suffers for want of humus, and under ordinary conditions we would not think it best to burn up the debris on the surface of the soil, as it should be worked in. Because of the borer trouble, however, it is much better to destroy this form of humus and plan to apply it through stable manure, rye, clover and other material which can be planted on the soil after the vegetables are off. Some backyards are wet and heavy. The texture of the soil can be improved by mixing in sifted coal ashes. Coal ashes have little or no value as a fertilizer.

As suggested last week, practically all garden soil was acid, and in need of a liberal application of lime. Most home gardens will be spaded rather than plowed. In spading it is well to turn the soil over and to dig it much deeper than we have in the past. After the soil has been spaded the lime should be applied and the surface soil thoroughly raked. If one is using stable manure, and it is desirable to where it is available, it should be applied before the spading is done.

One cannot be too thorough in the preparation of the seed bed. It should be raked and re-raked so that the surface soil will be thoroughly pulverized. If home mixed or ready mixed fertilizers are used in addition to the stable manure, it will be well to apply a larger share of same to the surface soil and work it in during the raking process.

PLAN TO REDUCE
PRICE OF SHOES

(Special to The Sun)
STATE HOUSE, Boston, April 12.—Discovery that clerks in certain shoe stores are being paid one-half of all they can induce a purchaser to pay in excess of the fixed price of a pair of shoes has been made by the state commission on necessities of life.

Bernard Scanlan, secretary of the commission, stated today that the most recent case discovered is that of a salesman who demanded \$17 for a pair of shoes. The customer finally beat him down to \$9, and the commission subsequently learned that the minimum price fixed by the proprietor was \$5.

"I believe co-operation on the part of the public will speedily reduce the price of shoes, as well as of other commodities," Mr. Scanlan said today. "If the public would refrain from purchasing shoes except in case of absolute necessity, and would then refrain from paying more than \$5 per pair, everyone would be surprised to note how quickly the price would drop."

Secretary Scanlan believes very strongly that a thrift league should be organized at once, for the purpose of fighting high prices.

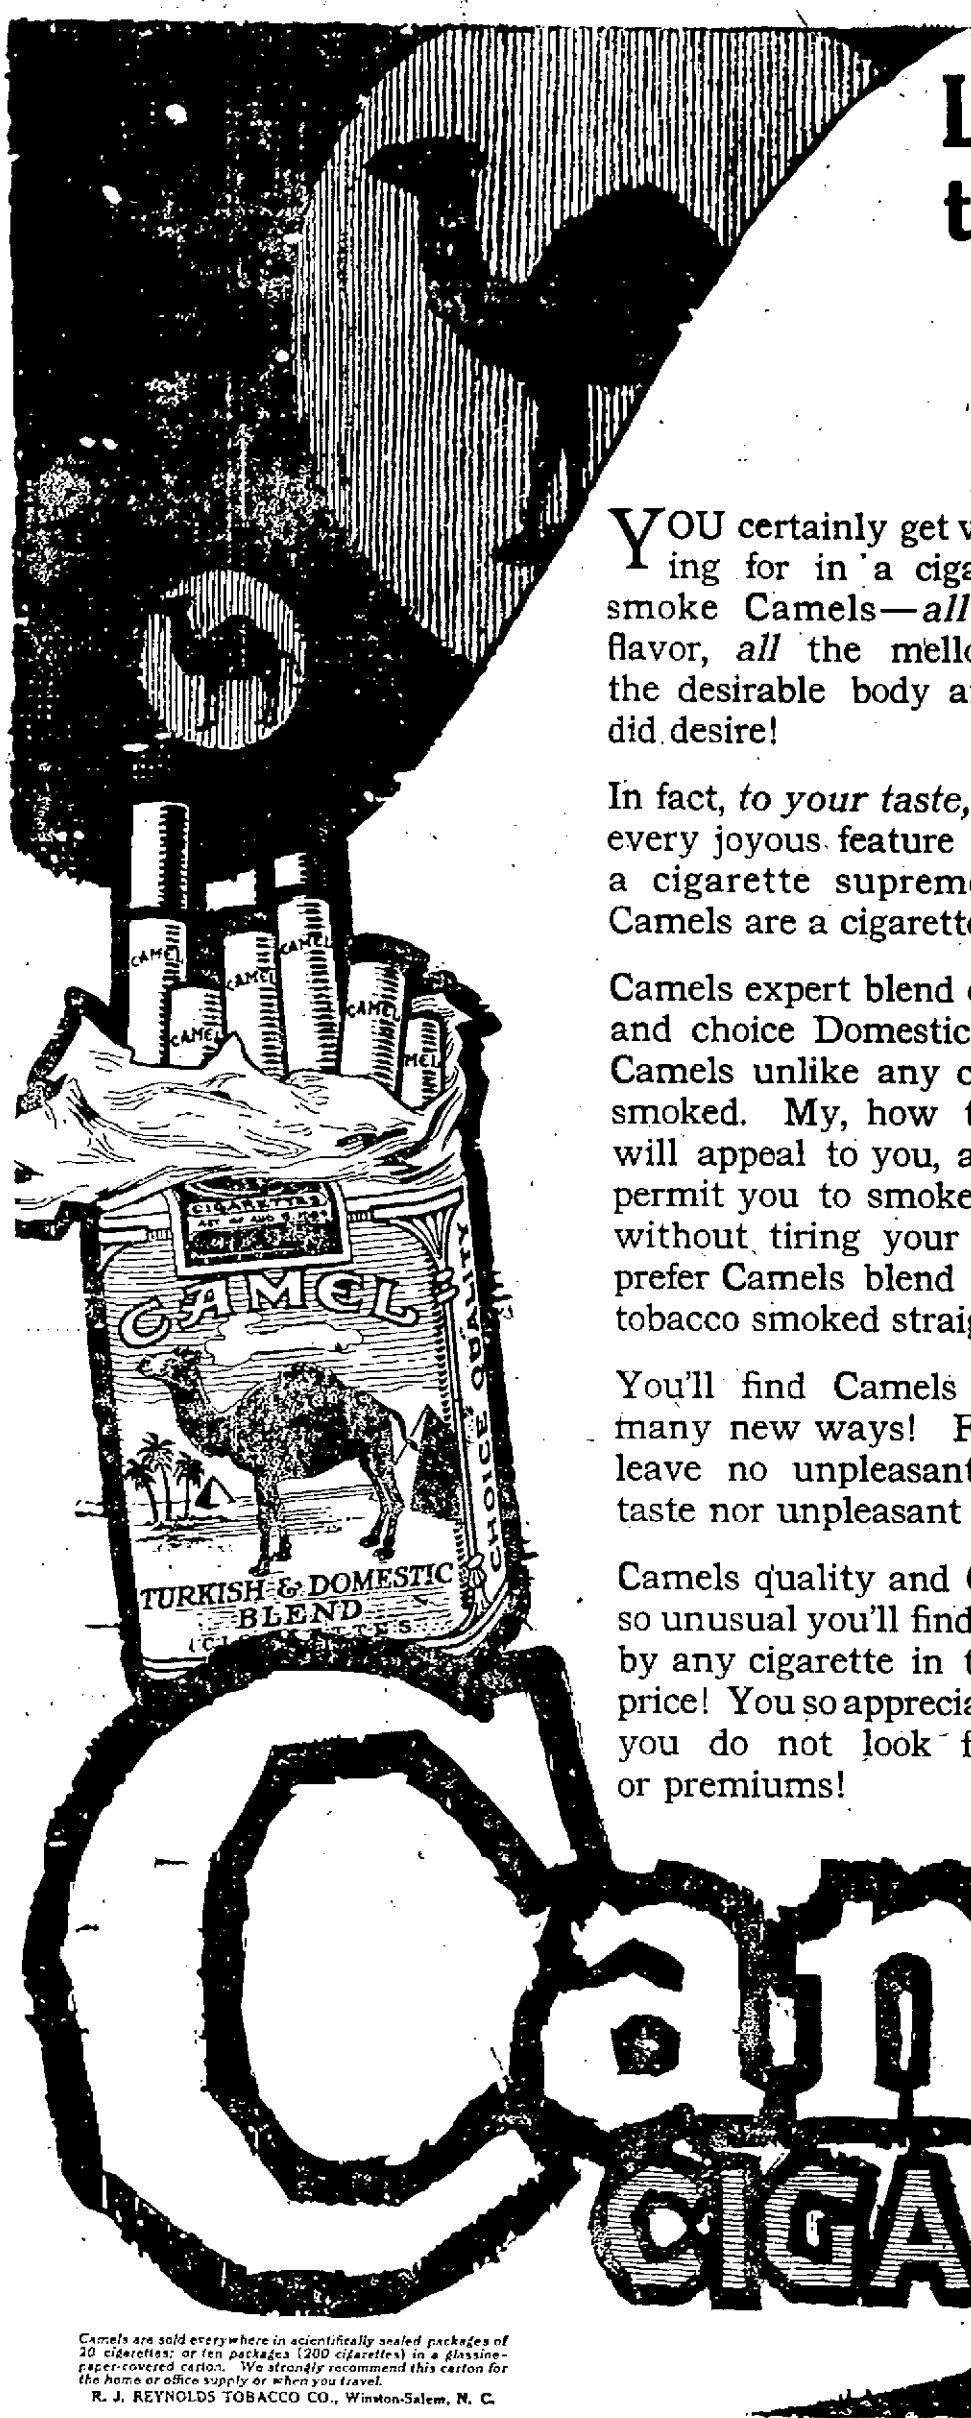

"Let a small group of responsible, influential citizens, both men and women, with no personal axes to grind undertake the organization of such a league," he said. "They would have to be men and women with ample would command public confidence, to contribute from their own pockets, as a public service, the funds required to pay organizing and advertising expenses."

"Such a group would form the backbone, or executive committee, perhaps, of the thrift league. Then this committee should launch a state-wide campaign for enrollments. The committee should devise a plan to arouse and interest the people generally in the idea. I believe it would be helpful to require every person enrolling in sign a pledge to stand by and follow implicitly the advice and recommendations of the committee."

"With a committee properly organized and properly backed up by the people, I believe results in the way of lower prices could be obtained in a very short time."

HOYT

OverAll Cigars
3 FOR 35c

Let's settle this right now!

No man ever smoked a better cigarette than Camel!

YOU certainly get what you're looking for in a cigarette when you smoke Camels—all the refreshing flavor, all the mellow-mildness, all the desirable body any smoker ever did desire!

In fact, to your taste, Camels combine every joyous feature that could make a cigarette supreme! That's why Camels are a cigarette revelation!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes Camels unlike any cigarette you ever smoked. My, how their smoothness will appeal to you, and how it does permit you to smoke Camels liberally without tiring your taste! You will prefer Camels blend to either kind of tobacco smoked straight!

You'll find Camels a delight in so many new ways! For instance, they leave no unpleasant cigaretty after-taste nor unpleasant cigaretty odor!

Camels quality and Camels blend are so unusual you'll find them unequalled by any cigarette in the world at any price! You so appreciate Camels quality you do not look for coupons, gifts or premiums!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

WOMAN KILLED BY AUTO

Driver of Car Arraigned in
Police Court on Charge of
Manslaughter

Charged with manslaughter in causing the death of Miss Rita M. Aldrich, 52, for several years employed as buyer for the grocery department at the A. G. Pollard Co., who was killed by an automobile in Merrimack street Saturday evening, Fred E. Haines of 59 Moore street, proprietor of a local laundry, was arraigned before Judge Bright in the municipal court today and held in \$2000 bonds for hearing May 3. He pleaded not guilty.

Miss Aldrich, who lived at 72 Arch street, was struck by Haines' machine as she was crossing Merrimack street shortly after 9 o'clock. She had just left the Pollard store and intended to take a Highroads-bound street car from the opposite side of the street. In making her way across the crowded thoroughfare she stepped directly in front of the on-coming machine, which was being operated at a slow rate of speed, and was thrown to the ground. Death was almost instantaneous. Mr. Haines reported the accident to the police after the injured woman had been taken to St. John's hospital.

Miss Aldrich was widely known in Lowell, and enjoyed a wide circle of friends and acquaintances, all of whom

respected and admired her for her many sterling traits of character. She was at one time connected with the Bon Marche company, but for the past 20 years has been in the service of the A. G. Pollard Co. as buyer for the grocery department. She was born in Bradford, Vt., and came to Lowell at the close of the Civil war.

She is survived by three sisters, Mrs. Ida Flanders, 53 Westford street, Mrs. Harriet Tremblay, also of Lowell, and Mrs. Emma Blanchard of Thorton's Ferry, N. H.; one niece, Miss Rita Blanchard of Thorton's Ferry, N. H., and one nephew, William W. Blanchard of Nashua, N. H.

BACK ON THE JOB
The plasterers and lathers, who after being refused an increase in wages by local contractors had gone out on strike, have settled their grievances and returned to work. It was learned this morning that the demand of both organizations have been granted.

Thinness Easily Overcome
(From "Health and Beauty.")

Further evidence is being presented almost daily that a recent compound of new chemical elements combined in a tablet with hyposphosphites is in reality proving a blessing to the abnormally thin men and women, for it can be demonstrated beyond doubt that a regular course of three or four months' treatment brings an increase in weight of from 10 to 30 pounds, with a decided improvement of health and color, too. For self administration the most popular form is to be found in three grain hyposphosphite tablets, obtainable in large packages from the best apothecary shops, with full directions.

ANOTHER CAMPAIGN ISSUE

NEW YORK HAS BACK TO WALL

Struggling Desperately to
Free Itself From Epidemic
of Strikes

Food and Milk Trains Man-
age to Creep Into City,
Giving Officials Hope

NEW YORK, April 12.—New York, with its back against the wall, struggled desperately today to free itself from the tentacles of the octopus-like epidemic of unauthorized railway strikes.

Out of the maze of conflicting reports of new strikes called and others threatened—railroad officials professed to see a ray of hope, because some passenger service had been maintained and food and milk trains managed to creep into the city. It was admitted by the railroad officers, however, that the situation still was grave, but they assumed the optimistic attitude that if they weathered today's storm, the situation soon would approach the normal.

The lull in business activities over Sunday gave the railroads a breathing spell in which to marshal their forces in handling the tide of commuters sweeping into the metropolis. Under normal conditions 700,000 persons come to this city each day.

Hudson Tubes Tied Up

With the Hudson tubes still tied up by the strike, the bulk of the burden of handling New Jersey commuters fell upon the ferries plying the Hudson. The ferry service was handicapped, too, by the strike of harbor workers, but each boat was jammed beyond capacity by commuters, who had stood in line at ferry houses for hours. Police reserves had a strenuous time trying to control the mad rushes for the boats.

The Staten Island ferries also were affected but the Long Island railroad maintained virtually normal service. The New York, New Haven & Hartford and New York Central lines were operating on a somewhat curtailed schedule.

Thousands of persons were unable to reach their places of business here until hours after the usual time, while other thousands gave up the attempt and remained home.

The situation at most of the railway terminals in New Jersey was still chaotic with only a few freight trains moving. Freight traffic over other lines entering Manhattan was irregular.

Express Ten Hours Late

The Chicago express on the Erie railroad, which was abandoned yesterday at Port Jervis, N. Y., while members of the crew attended a meeting of the new union, arrived in Jersey City this morning, more than 10 hours late. This train was said to have carried mail and was predicted that federal authorities might take cognizance of the delay.

Various organizations of railway employees held meetings here and in New Jersey during the morning to decide whether they would join the strike. Mayor Frank Hague of Jersey City, who announced yesterday that he championed the cause of the strikers, called a conference of strike leaders today at which demands were to be formulated. Railroad officials already have announced they will not deal with the strikers whom they characterize as outlaws.

Health Commissioner Acts

While Health Commissioner Copeland of this city said he was not alarmed because of the shortage of foodstuffs, he called a conference of dealers and distributors of food and milk at his office this afternoon. Plans will be outlined, he said, to cope with the situation, should the strike continue. Dr. Copeland said the milk supply had not yet been seriously interfered with, but he planned to organize a motor transportation line in case of necessity.

"Strike-Bound" in Catskills

A story of being "strike-bound" in the foothills of the Catskills on the Chicago express, while abandoned by its crew at Port Jervis, N. Y., was told by passengers on arrival here this morning, 10 hours late. A fireman sent out from Jersey City aided the engineer in finally bringing in the stalled train, they said.

A "mob of railroad men" met the express when it reached Port Jervis, according to passengers. They swarmed about the engine and dragged the fireman from the tender.

The conductor and the rest of the crew endeavored to persuade the strikers to let the fireman resume his post and allow the train to proceed to Jersey City. This was refused, the strikers shouting that the only way the fireman could go to Jersey City on the train would be "in a wooden box."

Some passengers managed to hire rooms for a few hours at \$5 each, it was said. The station agent agreed to announce "an hour before hand, when the train would start."

At 11:30 p. m. this word came, but it was after 3 o'clock this morning before the new fireman arrived and considerably later when the train finally pulled out for Jersey City.

The express carried passengers coming from as far west as the Pacific coast.

SAVE MONEY ON MEAT WEEK POSTPONED

The department of justice announced today that on account of the railroad strike, which has delayed food shipments, "Save money on meat" week in Massachusetts has been postponed indefinitely. The week was to have begun on Monday, April 12, but was postponed on the advice of John H. Sherrburne, of Boston, fair price commissioner. "Save money on meat" week will be observed in other New England states, however, from April 12-17.

ANNIVERSARY SALE IN OUR HOUSEWARES DEPARTMENT

CARRY THE SMALL ARTICLES

We would suggest that if you can conveniently do so you carry your small purchases. This will greatly help our Delivery Department.

"Coin Comes Easy, Let's Blow It," Seems Slogan of Americans

BY JAMES HENLIE
N.E.A. Staff Correspondent.
NEW YORK, April 10.—This nation is richer than it has ever been before—peace is even adding faster to its wealth than war did!

It is living at a faster pace now than it was one, two or three years ago.

It is demanding and obtaining more luxuries—more and more.

In 1914 hundreds of millions worth of American securities were held abroad. Now this situation is exactly reversed. Not only has this government lent the allies huge sums of money, but the private citizens of the United States own literally billions of dollars' worth of foreign bonds.

Every Nation Owes United States

We are the greatest creditor nation today in all history. Every country owes us money. And we are only beginning to spend it!

Customs collectors in New York for the month of March beat all previous records by nearly \$300,000. And this tells only part of the truth. The best previous month was in 1916, when there was still a high tariff. The duty on many articles has been lessened

"Every Hour or So"

He Had to Arise at Night Because of Kidney and Bladder Ailments.

Tells of the Good Balmwort Tablets, Worked.

Mr. W. E. Galt, connected with the D. L. & W. R. R. Syracuse, N. Y., writes: "For two years I had suffered from disorders of the kidneys and bladder. Distressing pain in the back and hips, depression and extreme nervousness. Also a frequent desire to urinate, many nights every hour or so, I would have to arise, as the pressure in bladder region was unbearable. My ankles swelled and my skin became dry and harsh. After using Balmwort Tablets I noticed relief and continued taking until now I feel wholly relieved of pain and suffering. I am glad to recommend Balmwort Tablets as a most reliable beneficial medicine."

The Blackburn Products Co., Dayton, Ohio, guarantee every package satisfactory, or money back, so why not stop your pain and distress with Balmwort Tablets. Sold by leading druggists. Price, \$1.00.—Adv.

Figures given out at the U. S. customs house, New York, show how the war-stricken countries of Europe are at last getting upon their feet after the terrible check given to industry by the great war. The following table gives the imports from those countries received during February, 1919, and February of this year. In every case a gain has been registered, and in some instances the increase is astonishing.

	1919	1920
France	\$4,197,407	\$11,031,005
Belgium	2,190	2,212,652
Germany	20	2,133,656
Italy	1,121,063	7,918,160
Austria	65,735
Hungary	33

since then, and many on which an import was then levied today comes in free. So last month's record beat the previous mark by much more than these figures show. The latter follow:

March, 1920	\$22,251,575.55
Best previous month ..	\$1,348,521.73

Customs house officials here declare that this country now owns two-thirds of all the precious stones in the world. There is no apparent slackening in the demand, despite the fact that prices are now 200 to 300 per cent higher than they were before 1914.

Share of Holland Jewels

Cut stones come chiefly from Holland. In February of last year imports from that country were \$1,571,160. February of this year they were \$10,429,291—almost ten times as much!

Uncut stones come, for the most part, from South Africa. Imports from British South Africa were \$171,055 in February of last year. In 1920 they went up to \$2,951,156.

Other commodities that are being imported in large quantities are furs, silks, jewelry, chinaware and antiques. "We've got the money," seems to be the cry. "Let's spend it!"

STRENGTHEN HOME

The life of silk stockings is lengthened considerably by dipping them two or three times in cold water and putting them dry before wearing them for the first time. This is said to draw in the weaves of the thread.

AUTOMOBILE AND MOTOR BOAT TAX

BOSTON, April 12.—Owners of automobiles operated for hire and owners of motor boats not used exclusively for trade purposes, who are delinquent in paying the special tax due the internal revenue office for the 1919-1920 period, may, according to Collector John J. Mitchell, find themselves summoned before the federal court for the collection of this tax.

Collector Mitchell is at least going to report all such persons to the commissioner of internal revenue at Washington as wilful evaders of the revenue act, with recommendations that proceedings be instituted through the United States district attorney's office toward the collection of the tax as they have not heeded repeated notices and warnings sent them. This list of names is in the course of preparation and will be forwarded at the end of the month.

The internal revenue office has issued to delinquent automobile owners a final demand for the tax with a warning that if it is not paid within ten days legal proceedings will be instituted to collect it. These demands have met with some response, but hundreds still remain unpaid and Collector Mitchell has no other course open but to resort to the federal prosecutor to bring these persons into court.

"Any motor propelled vehicle engaged in carrying passengers for hire is subject to this special tax," said Collector Mitchell. "The man who rents a machine occasionally is just as liable to the tax as the man who is engaged in the business all the time, and it is such persons who make up the greater part of our list of delinquents. Persons who have machines for hire are obliged to pay the tax or, if they went out of business prior to July 1, 1919, the responsibility rests with them to notify this office of their non-liability to the tax. Section 1905 of the revenue acts provides that delinquents are to be reported to the commissioner at Washington as hostile to the administration of the act and recommendation made for their prosecution by the United States district attorney's office. Besides the penalties for being delinquent a fine of \$100, or imprisonment for one year, or both, may be imposed."

Collector Mitchell further explained that the revenue laws relating to motor boats not used exclusively for trade are somewhat similar to the automobile regulations and similar proceedings have been instituted for the collection of this class of taxes not yet paid.

For quick action a pistol holster has been patented that opens its entire length when a weapon is withdrawn.

HAVE THE SEWING MACHINE READY

In the kitchen of her own home Sister Mary cooks daily for a family of four adults. She brought to her kitchen an understanding of the chemistry of cooking, gained from study of domestic science in a state university. Consequently the advice she offers is a happy combination of theory and practice. Every recipe she gives is her own, first tried out and served at her family table.

(Copyright, 1920, N.E.A.)

If you are planning to have a woman come to the house to do the spring sewing be sure that the machine is "all set" ready for her. A belt that is in the last stages of life is a nerve-racking thing and will be a big hindrance.

Sewing machine drawers have a facility of collecting a lot of perfectly useless odds and ends. Clean 'em out and fill 'em up with seam-binding and tape and snappers and hooks and eyes.

Get all the attachments with the right screw driver together in one drawer. Have plenty of sewing machine needles on hand. It's a tragedy if the needle breaks and there are no more in the house.

Menu for Tomorrow

Breakfast—Steamed bananas with uncooked cereal, poached eggs on toast, coffee.

Luncheon—Spinach, salad, brown

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—cold of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

bread and butter, Martha's pudding, tea.
Dinner—Braised lamb chops, steamed rice, beet greens, banana and peanut salad, butter scotch pie, coffee.

My Own Recipes

Many families get into a rut and eat white bread day in and day out. This is a mistake. The different grains are all of great food value and should be used frequently. Coarse flours make breads that aid digestion. A varied bread diet is a big help in giving a change in meals.

SPINACH SALAD

1½ cups cold cooked spinach.
3 hard boiled eggs.
Salt.
3 tablespoons chopped green peppers.

Mayonnaise.
Paprika.

Chop spinach and mix with salt and enough mayonnaise to make quite moist. Remove yolks from eggs and chop whites very fine. Cover the yolks with spinach, making balls. Roll balls in chopped whites. Arrange on lettuce and sprinkle with minced pepper and paprika. More mayonnaise may be served on each plate.

MARTHA'S PUDDING

1½ cups prunes (chopped).
1 cup molasses.
1 cup graham flour.
1 cup sweet milk.
1½ teaspoons soda.
½ teaspoon cinnamon.
½ teaspoon cloves.
½ teaspoon nutmeg.
½ teaspoon salt.
2 eggs.

Beat eggs. Add molasses. Mix dry ingredients. Add milk to mixture. Add prunes and dry ingredients. Steam in a buttered mold for two hours. Serve with hard sauce or a lemon sauce.

NATIONAL MARINE LEAGUE

NEW YORK, April 12.—The National Marine League opened an exposition here today with a luncheon at which Secretary of Commerce Alexander was the chief speaker. The exposition will last a week.

On display are models of various craft and exhibits by the United States navy, shipping board and private organizations illustrating phases of ship building and operating.

BAZAAR IN AID OF CHURCH FUND

Rebuilding of the Lawrence Street Primitive Methodist church, which was destroyed by fire several weeks ago, has already commenced, and it is hoped that within a few months the new structure will be completed.

For the purpose of giving the rebuilding fund an additional boost a bazaar will be held in the Gorham Street Primitive Methodist church to-

Conditions in Fiume More Critical

TRIESTE, April 11.—Conditions in Fiume are becoming more critical daily owing to frictional quarrels among the d'Annunzio troops, labor unrest and the lack of food and work. Captain d'Annunzio has sent to Rome a committee headed by Signor De Ambris, chief secretary to Mayor Gigante to discuss with Premier Nitti, plans for a relaxation of the blockade of the city.

Demands Apology and Indemnity

BERLIN, April 11.—Demands for an apology and indemnity from the German government for the recent arrest and maltreatment of a correspondent of the Manchester Guardian by Lieut. Linsenneyer at Essen were presented at the foreign office today by Lord Kilmaurack charge d'affaires at the British embassy here.

tomorrow evening and each evening throughout the week. The committee in charge of the bazaar includes the pastor, Rev. John Singleton; E. N. Kimball and Charles W. Morse.

Fully \$1600 was added to the rebuilding fund as a result of the Tag day held Saturday. Rev. Mr. Singleton wishes to express his sincere and heartfelt thanks for the generous manner in which the people of Lowell responded to the church's appeal. To John Parker, chairman of the Tag day

committee, and Miss J. Macklin Brattle and her staff in the Community Service club must go a large share of credit for the success of the affair. Rev. Mr. Singleton stated. He also wishes to thank the 150 girls and boys who sold tags throughout the day and evening.

The Tag day committee was: John Parker, chairman; Charles F. Dowrey, Charles W. Morse, A. Rule, Mrs. Edward Brooks, Mrs. E. N. Kimball and Mrs. B. B. Gaudette.

Skin troubles need immediate and proper attention

Don't wait thinking they will disappear in time. Perhaps they will, but in the meantime you are suffering from the burning and itching, and allowing your nerves to become badly affected, when a little Resinol Ointment would doubtless relieve it all.

Unless the skin affection is caused by some internal disorder, Resinol Ointment usually clears it away because it contains harmless, and soothing antidotes for such conditions. It can be used easily for it is so nearly flesh-colored it does not attract attention. *All druggists.*

Dressing for the job

WHEN he's off duty, the man who works with his hands, as well as his head, is as well dressed as his banker.

Why not? They're both entitled to the best All-wool fabrics and fine tailoring are a "business proposition" with such men; they know that quality is economy.

Hart Schaffner & Marx Clothes

TIME CHANGES ON
TYNGSBORO LINE

As a result of complaints made to the local street railway that the running time of cars between North Chelmsford and Woods Corner and Tyngsboro is causing inconvenience and delay to both school children and townspeople of that section the following change in schedule to take effect Wednesday morning on these lines was announced today by Manager Thomas Lees:

Tyngsboro will leave the first paved town at 5.50 a. m., 6.30 and every hour throughout the remainder of the day. Cars will leave North Chelmsford for Woods Corner at 6.10 a. m. and every hour thereafter. Cars will leave Tyngsboro for North Chelmsford at 6.10 a. m., 6.50 and every hour thereafter.

Need of Commission
Continued

Apparently necessary continual recounts after elections in Lowell, illegal appointments of certain precinct officers

and many allegations of irregularities in the conduct of elections in this city, which to many minds are not altogether unfounded, the legislature in its wisdom saw fit to authorize an election commission to supervise all elections held hereafter in this city.

"The advisability of such a course was, moreover, emphasized by new factors which may henceforth be important in election matters. In the first place, there is woman suffrage whereby the voting lists may be doubled by the addition of the names of the thousands of women who will have equal voting powers with the male voters. The latter aggregate some 17,000 names at the present time.

"Absentee voting, so-called, is another new factor which will be operative in Massachusetts this fall for the first time at the presidential elections.

"Other cities have seen the wisdom of preparing in advance for these new election conditions by various methods. In Lowell it seemed best to centralize election powers in one commission rather than have them spread over two or three city departments, as is the case now under the present city charter.

"It appears, however, that certain elements at city hall do not desire any change from the former obsolete manner of running elections. To this end, opinions from the city solicitor have been sought which appear to be exactly opposite the intent and purpose of the election commission act and are, furthermore, contrary to the construction placed on the law at the state house.

"In order to determine who is to be recognized by the secretary of the commonwealth in these matters pertaining to elections with which he is charged, I addressed the following letter to him:

"The general court during its current session enacted into law Chapter 154, which was approved by His Excellency on March 13, 1920, and was entitled 'An Act relative to the estab-

lishment of an election commission in the city of Lowell.'

"In view of the above, please inform me to whom in Lowell you will deliver the ballots, blanks and instructions for the approaching presidential primaries.

"Thanking you for this information, I remain,

"Very respectfully,
"ALBERT P. LANGTRY,
"Secretary."

"Ireland Faces General Strike
Continued

treatment of political prisoners in Dublin. His step was actuated by the following telegram which he received yesterday from Dublin:

"Over 100 republican prisoners incarcerated in Mountjoy prison in Dublin as common criminals, many being detained on suspicion without charge, have been on a hunger strike since Sunday, April 4. They demand the observance of the agreement obtained by Bishop MacFory and the lord mayor of Dublin, whereby the English government undertook to recognize the special status of political prisoners.

"Several men are in grave danger and crowds are rioting prayers for

the dying at the gates of the jail." The telegram was signed by Kathleen Clarke of the board of aldermen, and Madame O'Halloran, for the republican prisoners' committee.

"Irish Judge Resigns
DUBLIN, April 12.—A huge crowd assembled before the gates of Mountjoy prison Saturday night and recited the rosary in Irish for the hunger strikers.

Pr. Carolan participated and was admitted to see his brother, Councilor Carolan, Sinn Féin member of the Belfast corporation, who, with Alderman McCabe, is considered to be in the most serious physical condition.

Again yesterday hundreds assembled before the prison and remained throughout the day, hoping that the hunger strikers would be released. The lord mayor of Dublin visited the place, but was not permitted to see the prisoners.

He told the crowd that he was helpless, as Dublin castle had issued an order denying permission to visit prisoners to mayors who had declined to take the oath of magistrates.

Chairman Clarke of the board of visiting justices to the Dublin prisons sent a telegram of appeal to the viceroy, Lord French, to exercise clemency. This message declared that some of the strikers were dying, and another day's delay might mean "an appalling tragedy."

A reply was received from the castle refusing any modification of the rules, on the ground that the hunger strikers had been forewarned of the consequences, in accordance with a decision of the government. Justice Clarke resigned from office.

British Reply
Continued

Milner at 12.50 o'clock and was just then reaching the Mytose palace. The premier was received before the president had discarded his travelling clothes.

At Milnerland held a few minutes' consultation with the various chiefs of the foreign office before leaving for the palace and it is probable that the contents of the note were immediately made the subject of discussion by the foreign affairs personnel. It was stated, however, that nothing would be given out for publication before the premier's return from his visit to the president.

Nevertheless, the opinion was expressed freely that the incident was in a fair way of being settled and that the note just delivered would prove to be the next to the last in the rapid exchange of the past few days. Premier Milner's reply, which probably will go forward this evening, will be the sixth note transmitted by the governments in three days.

Text Not Announced

LONDON, April 12.—The latest French note on the subject of the French occupation move, received here this morning, says that the French troops in Frankfurt and other occupied cities will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region. It promises, it is stated, that no further independent action will be taken by France.

The text of the note, which was handed to the Earl of Derby, British ambassador at Paris, yesterday evening for transmission here, has not yet been made public in London. It is said, however, that the communication is couched in conciliatory tones

and should tend largely to alleviate the gravity of the situation. The solidarity of the entente is emphasized in the French communication. In British official circles, the opinion was expressed today that all the dangers with which the situation was fraught had definitely been dispelled.

GRAMMAR SCHOOL
MASTERS' PAY

A conference for the purpose of discussing the financial conditions under which the grammar school masters of this city are now working is to be held at city hall some evening this week, probably Thursday, between the school committee and the masters themselves.

At the present time the grammar masters are working under a salary schedule which provides that the maximum salary they can receive is \$2324 and that only after at least 11 years' service. The grammar school master begins his service at a salary of \$1729 per year and this increases \$100 per year until it reaches \$2324.

Some of the older men filling these positions are now getting the maximum salary but there have been a number of new appointees within the past few years and these, of course, are working for much less money.

In order to see what can be done to remedy conditions Chairman Thomas B. Delaney is making arrangements for a conference at the school committee's rooms in city hall. Although the date has not definitely been decided it will probably be Thursday evening at 7.30 and will be open to the public.

The fact that a man must have completed a college course, taking at least four years of his life and a considerable sum of money, is to be advanced as one of the arguments in favor of better financial treatment for the masters.

Why are

FAITH

Good Old Fashioned Faith
—That's What The World
Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?

Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.

We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

To strengthen the Church is our first great task; out of the Church flows Faith.

April 25th
to
May 2nd

The INTERCHURCH World Movement
of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations

To bring men back to the spiritual standard, to make Christ's principles an inspiring force in the reconstruction of society, and to teach men to live true and live true is the mighty task to which the church is called.

Roman Lawrence, Choir's Gen. Sec., Interchurch World Movement

The only real and permanent solution of the world's problems which has ever since the end of the World War is the application of the Golden Rule.

JOSEPH DAVIES, Secretary of the Navy

The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

W. B. WILSON, Secretary of Labor

For our own sakes, for our children's sakes, for the nation's sake, let us business men set behind the churches and their preachers. Let us from this very day give them more time, money and thought, for upon them the value of all we own ultimately depends.

ROGER W. BLANK, Business Analyst

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor
SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.
Member of the Associated Press

The time has arrived for a general cleanup week in which all city departments will co-operate with the people to clean streets and alleys, basements and closets so as to get rid of the accumulations of the long and dreary winter. Let the health board, the police department and fire department issue their orders and the people will obey.

The boomers of Mr. Hoover, have discovered that his wife is a charming lady who would preside with great dignity and tact as mistress of the White House. She drives a motor car, rides horseback, is a good "camp cook" and can make an entertaining after-dinner speech. It might be supposed that the Hoover boomers would be satisfied with presenting his own qualities and allowing his estimable wife to enjoy the privacy of domestic life without being dragged into the political arena as a possible future occupant of the White House. Possibly the Hooverites are better fitted for the presidency than is her husband.

SUNDAY AMUSEMENTS

The Sabbath is never desecrated by innocent recreation in the afternoon. After attending to the affairs of the soul, all will be benefited by innocent amusement calculated to promote health and happiness. The man, woman or child who participates in such amusement on Sunday is serving God and society better than the lazy drone who lies in bed on Sunday instead of going to church or who, if he gets out, wears a holier than thou air suggesting the Pharisee, reflecting upon the ungodliness of the publican who stood afar off and prayed "God be merciful to me, a sinner."

PLENTY OF WORK

Farmers are complaining that they cannot obtain laborers. This denotes general prosperity. There is no unemployment problem and not likely to be soon.

Few farmers report wages less than \$60 a month and board, and the average is probably higher. In some sections milkers are getting \$35 a week with board and housing. There is a demand for agricultural hands in some parts at \$100 a month with upkeep and privileges. Privileges mean the right to raise a few pigs, chickens, milk a cow and keep the money when the surplus is sold.

So there is really no reason why anyone should beg. A man working for \$75 a month and board and clothes should save money. Before the war the salary was \$15 and board. Harvest hands used to think \$2.50 a day and board was real money; now they demand for day labor from \$5 to \$10 and board.

Of course the dollar today is not much more than half as good as it used to be. But the man who gets \$75 a month and board has the equivalent of \$37.50 velvet against the \$15 he used to get. If the wage system were ever a success from the standpoint of the worker, what is the matter with it now from the standpoint of the farm hand? But this doesn't alter the fact that the farm hand is finding it more profitable to go into industry. He should balance his current assets against his liabilities at the end of the month to determine whether he has used good judgment.—N. E. A.

AN AMERICAN LEAGUE

The time is not far distant when the United States will have to form a League of Nations on the western continent in order to enforce the Monroe Doctrine and to protect the common interests of the combined republics. For some years past, it has been quite apparent that there has been a sentiment of opposition to the United States among the South American countries; and this was undoubtedly cultivated by agents of foreign governments including those of Germany. At the present time, all of the Southern and Central American republics have joined the League of Nations with the exception of Mexico which was not invited to join at the Paris conference.

How this attitude to the League of Nations by these South American countries will affect the interests of the United States remains to be seen. It is not at all unlikely that the Southern republics may become more independent in their attitude towards the United States and may undertake to protest against our fostering care over

them just as Salvador is doing at the present time.

The little republic of San Salvador comes out with the bold proposition for the establishment of a Latin-American alliance with the United States excluded. Salvador, it seems, is not willing to accept our interpretation of the Monroe doctrine. The protest of Salvador has little significance but, nevertheless, it shows a spirit of opposition that can be found in several of the other South American republics.

That is why we should have a League of Nations on the western continent, that would bind all the countries in a closer union than would the covenant of the world League of Nations.

THE HOOVER BOOMERS

Chandler M. Wood, chairman of the executive committee of the democratic state committee, has written Mr. Hoover asking him whether he would accept the nomination on the democratic ticket. Hoover to this and other inquiries of a similar kind, answers in the negative. That is good! Now let that end the flapdoodle letters written Mr. Hoover leading him to understand that the democratic party is ready to take him to its bosom.

Hoover is not a democrat and it is doubtful if he is a republican. He says he is a progressive, but he leans to the republican party, simply because he finds there the strongest backing.

Mr. Hoover is lost in politics and statesmanship. He made a splendid record as director of relief work among the nations ravaged by war in Europe. He is an engineer and doubtless a man of considerable ability along certain lines. But those lines do not lead to the public platform or the forum. His vacillating policy was shown in reference to the League of Nations. At first, he declared the covenant contrary to our traditions and our American principles of liberty. Later, however, when President Wilson put the treaty before the senate in an effort to have it ratified, Mr. Hoover supported him in letters and speeches. But when it turned out that the treaty was rejected by the senate, Mr. Hoover came out in favor of the league with American reservations. It thus appears that he favors the league in any form. He seems to be a political opportunist and so far as his public record goes, we believe that while in many respects he may appeal strongly to the people, yet his nomination by either party would be a very grave mistake.

OUR FLAG ON THE SEAS

The Maine republicans in their state platform adopted a plank favoring encouragement of American shipbuilding and American commerce by the fostering care of our merchant marine. They favor some form of national aid for ocean shipbuilding and navigation against foreign competition. It is somewhat refreshing to find republicans favoring an American merchant marine inasmuch as it was under republican rule that the American flag practically disappeared from the seas.

In 1704 American ships carried 94 per cent of our imports. The wars growing out of the French revolution made America the main cargo carrier for Europe and in 1826 our merchant fleet carried about 92 per cent of our imports and exports. As a result of foreign competition and cheap labor the proportion of imports and exports carried in American vessels, had dropped to 72.5 per cent in 1850. From that time the American merchant marine began to dwindle. By 1870 our ships carried only 35.6 per cent of our trade and in 1880 17.4 per cent. The percentage continued to decrease until in 1910, it was 8.7 and in 1913, just before the world war, 9.7 per cent.

Since the close of the war our large carrying vessels have handled 28 per cent of our imports and exports, which in 1913 amounted to almost \$9,000,000,000. Thus the democratic party has the credit of giving the country a great merchant marine which will carry our line to every commercial port in the world and increase our foreign trade in spite of all competition, unless some foolish policy be adopted at Washington to undo much of what has been accomplished in giving the country a merchant marine of fully 12,000,000 gross tons and

clean congress has done practically nothing to establish our new merchant marine in the channels of world commerce. It is all very well to adopt high sounding platitudes; but unless they are followed by practical work of a statesmanlike character, they serve only to delude the people.

FIGHTING THE H. C. L.

The New York Chamber of Commerce has issued some very instructive statements recently bearing upon economic questions of interest to the entire country. Its latest production is a discussion of inflation and high prices which sheds no new light upon this subject, but presents it in a simple form in which it will be understood even by those who do not care to give much time or thought to any study of the kind. The means by which to arrest inflation and combat its evil effects are set down as follows: First, increased production which can come only from steady work under industrial peace, or an absence of labor troubles; decreased extravagance in consumption; contraction as far as possible of outstanding government obligations, individual credits and note circulation, and where contraction is not possible a determined effort to arrest further expansion.

Relative to inflation and high prices, the committee has presented formal resolutions which should be impressed upon the public mind as offering the only practical methods of overcoming the high cost of living and restoring normal conditions. They are as follows:

Whereas, "Inflation and high prices" are due in large part to the following general causes:

An excessive issue of government obligations and currencies based on government credit;

An insufficient production and disorganized means of interchange throughout the world;

An unbridled demand for goods and unwillingness on the part of the people to save;

And the unparalleled increases of bank credits and buying medium at home and abroad—

Therefore, resolved—

(1) That the chamber of commerce of the state of New York approves and endorses the policy already urged upon all governments concerned to live within their current income, thus eliminating the necessity of increasing their national debts in order to pay for current deficiencies.

(2) That every effort should be made to assist in stimulating necessary production both here and abroad.

(3) That our people be constantly urged to cease their inordinate demands of all kinds and return to ways of economy and thrift, and that savings be directed primarily to assist in increasing and rehabilitating essential production.

(4) That bankers and business men should co-operate in a strong effort to combat further expansion of bank credits or additional issues of currency.

(5) That the chamber endorse the policy of the treasury to reduce current expenditures to the minimum in order to meet them by current receipts, but urges the adoption of a policy that will assure the widest possible distribution of treasury certificates amongst investors rather than the banks.

It will be seen here that increased production is one of the great remedies advocated for overcoming the high cost of living. That purpose is defeated by strikes and other labor troubles which suspend operations or cause uncertainty that prevents capitalists from embarking in extensive industrial enterprises. Perhaps the worst of all labor strikes are those which tie up or cripple the transportation systems of the country or paralyze the commerce at our seaports. So destructive are such strikes to the industrial interests of the country and the general welfare of the public that they should be prohibited by law under which all such conflicts would be submitted to arbitration.

In the quoted statement by the New York Chamber of Commerce, there is little notice taken of profiteering which some men, principally labor leaders, set down as one of the main factors in raising prices to their present high pitch. It is true that there are many cases of profiteering in the necessities of life, but the practice is not nearly so common as generally supposed. There is profiteering on the part of some manufacturing concerns which are turning over enormous profits. If the government exercised vigilance in preventing such concerns from fleecing the people and stopped other forms of profiteering, the public at large would fall more readily in line for the production of the effective program mapped out by the business men of New York and generally endorsed as the very best that can be adopted.

SEEN AND HEARD

Than the old-fashioned sewing circle there has been no more efficient committee of public information.

Maybe you know (we don't) why it is that everybody else in a railway depot knows the train's late before information finds its out.

The landlords seem determined to have newlives live with her folks, or his, while the marketmen is punching holes into the theory that two can live as cheaply as one.

That awful habit of building houses with glass windows right near vacant lot baseball diamonds has done more than anything else to cause underproduction of star players.

If every man panned out as his sweetheart thought he would, all married men would be on the top round of the ladder, which would indicate that love is as blind as the Goddess of Justice pretends to be.

A self-styled matrimonial expert advises young women to get married before they are 25. As if they hadn't been doing that all along! Ever hear of a young woman (unmarried and not over 40) who was over 25?

Loveless marriages were given judicial approval in Chicago in a decision in the case of Mr. and Mrs. Juan Gay, who appeared before Judge J. B. David and asked that their marriage be annulled because they no longer loved each other. The judge insisted they stay married to each other.

"The Battle Cry of Freedom" surged forth loudly from the depths of a hurdy-gurdy in front of the New York county court house, as the judge was slicing the matrimonial shackles which bound Mrs. Margaret Reid to Daniel G. Reid, financier. Then, as the divorced and their armies of lawyers were leaving the building, the tune changed to "Try, Try, Try Again."

Please Come Back

Recently there appeared in the Muggleton Times the following advertisement:

"If John Jones, who deserted his wife and babe some 20 years ago, will return, the said babe will knock the stuffing out of him."—Dallas News.

Trains Always Late

Hustling passenger rushes up to information.

"Say," he bellowed into the window, "when will that five-forty-five be in?"

"At a quarter of six," replied information.

"Blight!" They're always late nowadays, ain't they?"

Ready to Oblige

"Now, Ada, I want you to show us what you can do tonight. We have a few very special friends coming in a musical evening."

Cook—"Well, mum, I haven't done any singin' to speak of for years, but as you insists upon it you can put me down for 'The Old City'."—London Passing Show.

Charity Personified

The clergyman of a poor parish was showing a rich lady round, hoping to touch her heart and so receive a big check for his people.

"We are now passing through the poorest slums," he said, as the car turned into a side street. "These people have little to brighten their lives."

"I must do something for them," the lady sighed, adding to the chauffeur: "James, drive the car slowly and turn on the big lamps!"—Tit-Bits.

Man From Hickville

Obviously he was from Hickville. He edged up to the window.

"Is this whar you gets information?"

"What is it you wish to know?"

"I want to know whar Clem Lukins lives?"

"What is his street address?"

"Right here in this city. He's a big man, with reddish hair, and his wife has a gold tooth and three children. You ought to know 'em; they've lived here since they moved in from Clay Centres, 18 months ago."

Wanting

Wanting a great deal more than we got.

Wanting deliverance from worry and debt.

Wanting the pleasures that others enjoy.

Wanting relief from cares that annoy.

Wanting a share of the good things of life.

Wanting a husband, or wanting a wife.

Wanting enough wealth to live at our ease.

Wanting, it may be, still more, if you please.

Wanting a life free from fretting and fuss.

Wanting that others should think well of us.

Wanting new clothes, or new shoes, or a hat.

Wanting to get rid of superfluous fat.

Wanting to know what the future will be.

Wanting the Oulla to hint us foresee.

Wanting the fame that Who's-Who-ers enjoy.

Wanting pure bliss without any alloy.

Wanting all good things that fortune here's heaving that he shan't be found in the end.

Wanting!—Somerville Journal.

MAN ABOUT TOWN

A man who has followed local politics and elections for many years tells me that there is a very distinct need for a re-districting of ward lines here in Lowell and that the matter should be considered by the legislature. It was in 1904 that ward and precinct lines in Lowell were last laid out and so many changes have come about in the city since that time that my friend believes a new layout would do away with many of the blighted boundaries now existing. In ward 1, for instance, one precinct is located in the vicinity of Fletcher, Dutton and Merrimack streets while the other two are across the Merrimack river in Centralville. Another part of the city entirely, Ward 8 has one precinct in what is known as "Little Canada," while its other precincts are in Centralville. A resident of Centralville, elected from ward 8, should the form of city charter change back to ward representation, would have little interest in the affairs of the people in "Little Canada." Similarly, widely-scattered precincts in other wards might also be pointed out.

The question is whether the new arrangements of the precincts and

ADVENTURES OF THE TWINS

by Olive Roberts Barton

PUSSY-WILLOWS GET BRUSHED

Rubadub was in a very good humor, not only because Nancy and Nick were so much use to him, but because he had had good news. "Just think!" he told them, "The Fairy Queen telephoned that she was sending me some fairy helpers today, because—now that the Easter Bunny has gone—baskets and eggs and all—she can spare several hundred of them. They'll be here soon for they're coming as fast as their wings can carry them. Nick, have you put the paste into little bottles as I told you?"

"Yes," answered Nancy. "It's all ready, and the brown polish for the twins, too. Shall Nick and I ask our Green Shoes to take us around now, so we can stick the 'kitties' on?"

But before Rubadub could answer there was a tremendous buzzing, and a swarm of little fairies appeared. They were the helpers the Fairy Queen had for them. Rubadub, "that's the pussies!"

"No," answered Rubadub, "that's the pussies!"

"Yes," answered Nancy. "It's all ready, and the brown polish for the twins, too. Shall Nick and I ask our Green Shoes to take us around now, so we can stick the 'kitties' on?"

McAuley Becker Falkenberg Land

OUTLAWS GET RICH; PLAY IN OWN BACK YARD

Every one a former star in the major leagues, and still shining brightly among the slightly lesser satellites of the Pacific Coast. Here's Grover Land, Cy Falkenberg, Jimmy McAuley and Beals Becker. Who doesn't know them? But the clubs of the Pacific Coast league couldn't pay them the price to which they had been accustomed in big time baseball, so they have refused to play, formed a league of their own and now claim to be making more money than ever they received in their most halcyon days. They have formed a league in the San Joaquin Valley, California, and are garnering \$300 each per game, according to rumor. In addition, each holds down a good commercial position during the week days and plays ball only on Sundays and Saturday afternoons. Managers of Pacific Coast league clubs haven't much to offer against a proposition like that.

"IMITATION RESEARCH"

Great Sums Expended by American Colleges Blamed in Part for Low Salaries

NEW YORK, April 12.—Great sums have been expended by American colleges and universities upon "imitation research," and before appealing to the public for new funds on an enormous scale they should render a statement of the results of their expenditures in the last 25 years, says Henry Smith Pritchett, president of the Carnegie Foundation for the Advancement of Teaching. In his annual report made public yesterday, blaming such expenditures in part for low salaries, the report says:

"Much of that which has gone on in American universities under the name of research is in truth only an imitation of research and upon it great sums have been expended.

"College salaries also have been diluted enormously by the tendency of most college faculties and governing bodies to bid for students by extending the curriculum over the whole field of knowledge, a process which means great increase in the number of teachers and the consequent leveling down of salaries."

The teaching of undergraduates in some great institutions, according to the report, is poor, because in the sharp competition for the reputation supposed to come to a university from carrying on research, the obligation to teach has become less and less realized.

In many institutions, Dr. Pritchett says, important branches of study are taught by ill-prepared and ill-paid teachers, and security of tenure results in indifferent and inefficient teachers being highly overpaid, while good men are underpaid. The average salary of the college professor in the United States and Canada is probably larger than the average pay of any other professional group, the report says, although of the 1000 colleges in the United States and Canada fully half have no means to pay salaries beyond a bare living.

Referring to endowment campaigns for increasing salaries, now being conducted by many institutions, the report says:

"There could be no more wholesome contribution to education today than to ask our universities to take stock of themselves before appealing to the public for funds on an enormous scale and no process would be more helpful to the profession than to ask the governing bodies of these institutions to render a sincere and critical statement of the results obtained in education in our higher institutions by the expenditures of the last 25 years. Such a self-examination and such a scrutiny intelligently conducted would render a greater service to education than the mere addition of new millions to be used in making new professorships, to add new departments, or even to be used in modest additions to the present salaries."

Many worthless law schools are flourishing, according to the report, and "their ill-trained products are on-ticed into a career for which they are not fitted with resultant direct injury to their clients, to the community and themselves. In addition these schools exert an unfortunate influence upon bar examiners, rendering these latter fearful of making their own standards what they term impracticably high. The better law schools are at once deprived of the valuable check that adequate bar examination tests, keyed to their own method of instruction, would provide, and are tempted to meet com-

petition from inferior schools by compromising their own ideals."

Co-operation between the American Bar Association and the Association of American Law Schools, instead of friction, is suggested by the foundation as a possible means of remedying conditions in law schools.

The report urges reform in secondary teaching, saying that the average secondary teacher today is one who has taken a college course for its own sake and then concluded to go into teaching. "Education," it says "should be a first-hand process by skilled practitioners instead of a second or third hand operation with its consequent preliminary effects."

"The time has come to clear up the existing confusion. All institutional education for the teaching profession should be placed clearly upon a collegiate footing and organized under a single competent direction as part of the state university. Normal schools should drop that name and as professional colleges of education should become an acknowledged part of the greater university."

Removal of the "meaningless restriction of the teaching profession to married women" is suggested. "To teach well," says the report, "is the privilege of maturity and experience. It is the prerogative of men and women of affairs, of fatherhood, of motherhood. What have immature girls to do with this except as they prepare to make it the main object of their lives irrespective of marriage?"

By the end of its fourteenth year, on June 30, 1919, the Carnegie Foundation had distributed \$7,000,000 in retiring allowances and pensions to 822 persons. Of the total expenditures, \$5,500,000 went to 12 institutions. The resources of the Foundation now amount to \$21,618,000.

ALLEGED PROFITEER KILLS HIMSELF

NEW YORK, April 12.—Awaiting trial on a charge of violating the Lever act by profiteering, Joseph Niechtauser, aged 59, a Brooklyn haberdasher, who was arrested Saturday, committed suicide at his home yesterday by shooting himself in the head, according to the police.

Niechtauser was out on \$2500 bail. He is alleged to have averaged a profit of 63 per cent. on articles sold in his store.

ACCEPTS CALL TO LOWELL CHURCH

Rev. William D. Tutbill, D.D., of Framingham yesterday officially notified the Elliot Union church of this city that he will accept the local pastorate offered him some few weeks ago. A letter to this effect was read to the congregation at the service Sunday morning. It was understood two weeks ago that Dr. Tutbill would accept, although no official letter had at that time been received. He will begin his pastorate here next Sunday, April 18.

REGARDED ABROAD AS RACE OF QUITTERS

NEW YORK, April 12.—Failure of the United States to ratify the peace treaty and join the League of Nations has made us regarded abroad as a race of quitters," while "our professions of idealism and disinterestedness are marked down for sham and hypocrisy," Raymond B. Fosdick, who recently resigned as under secretary general of the League of Nations, declared last night. Mr. Fosdick, who arrived Saturday, has passed the last month in London and Paris unobscured by his work in connection with the organization of the league.

"Our isolation is complete and we face the rest of the world in alliance," he asserted. "It is foolish to assume that the situation has no elements of danger for us. Our position is one of peril, a fact that is evident in the realization in Washington, judging from the plans that are being made for the biggest navy in the world. The price of our isolation will be argument."

"For it must not be forgotten that the ghastly business in Washington has left us without a friend anywhere. All that we won during the war we have deliberately thrown away. The influence that we had, our position of leadership, the affection in which everything relating to America was held, have all gone by the board."

"The last three months have brought about a complete change of opinion. Only one who has been in Europe recently can realize the bitterness of the feeling against us. We started something that we failed to see

through. We left Europe in the lurch in the middle of the game, after imposing on her our rules and procedure. We threw the league out of the window to satisfy a miserable political quarrel. That is the way Europe looks at it."

"In spite of the refusal of the United States to join the compact," he continued, "the League of Nations is now a going concern. Its machinery is practically completed, its finances are ample and it is beginning to make itself felt in international affairs."

Mr. Fosdick expressed the opinion that the "wave of bitterness" against the United States will pass. He declared America's position as a creditor nation, "while Europe is bankrupt," is a dangerous relationship.

"As a member of the league," he said, "the United States could help enormously to tide over a dangerous and difficult period, if she stays outside the league and cuts herself off from any relationship with other nations except that of creditor, she must be prepared to arm to the teeth."

COPS MAY CHOOSE THEIR OWN CHIEF

DES MOINES, April 12.—It is possible that the police department here will choose its own chief. That is the plan of Marshal Miller who may be appointed head of the public safety department. "Then they'll have no kick," says Miller.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallowness, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets right for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Senate Committee Gets Peace Resolution

WASHINGTON, April 12.—The republican resolution to end war with Germany, adopted last week by the house, was transmitted today to the senate and referred to the foreign relations committee without discussion. Chairman Lodge plans to have the committee begin consideration of the resolution in a few days, but without prospect of serious debate before next week.

10 Pickets Held for Grand Jury

Mrs. Otterson Held on Murder Charge

CONCORD, N. H., April 12.—Mrs. Marion Loyties Otterson Goksett was arraigned in superior court here today on the charge of killing her brother-in-law, Maurice Otterson, last November. When asked to plead, she said: "I am not guilty," in a firm voice. The case set for Monday, April 26.

Union-Against-Union Fight to End

CLEVELAND, Ohio, April 12.—Opposing forces in the union-against-

mon struggle growing out of the "insurgent" strike of railway switchmen and yardmen which has tied up freight movements in Cleveland and a score of important cities, met this afternoon in the preliminary of a British fight. While Samuel Gompers, president of the American Federation of Labor and W. G. Lee, president of the Brotherhood of Railroad Trainmen, were addressing a "return-to-work" rally of local lodges of the trainmen's brotherhood, "insurgent" leaders at another meeting were urging strikers to stay out until their wage

BRIEF BUT IMPORTANT
WIRE DESPATCHES

NEW YORK, April 12.—Lindley Garrison, federal receiver of Brooklyn Rapid Transit Co., posted a warning that irrepresenatives are trying to induce employes to break their agreements with the company.

WASHINGTON, APRIL 12.—(Continued from page 1.)

and had followed the men, had watched them tear down the wall and had heard the conversation among the party in regard to building it again. He made a plain statement that as long as hunters were men like the two who rebuilt the wall they could hunt and fish on his property just as often

"The farmers," continued Mr. Gonzales, "are ready and willing to treat all sportsmen respectfully and to offer them any privileges, but they dislike men who take advantage of their property in gaining their sport and act like pirates."

"Another thing about which men should be careful particularly at this time of year, is in building fires in the woods. If possible they should always be made near water so that if they spread they could be put out. All dry leaves, rubbish and chips should be cleared from around the fire to pre-

vent a fire from spreading to a bush or tree. It is also a misunderstanding between France and Great Britain, he will not go at it."

—BIRMINGHAM, Ala., April 12.

Birmingham newspaper publishers flatly denied the request of a committee of retail clothiers that news "coverage" be given thorough-

"Another thing which sport seekers should bear in mind is to have licenses, and to show them to anyone who demands. Any citizen has that right, and it is another mark of a clean sport to show the license without any abusive language."

Mr. Gonzales told of a farmer who visited his store recently and who declared, upon finding out that the Lowell Fish and Game association was endeavoring to educate fishermen and hunters to respect the rights of farmers, that any such men could exercise any privilege they liked upon his land.

as long as they were clean sports and that he would take down the signs from his property.

AMBULANCE CASE

William Moffatt McHugh, aged

Pending was the motion of Senator McKellar, democrat, Tenn., to strike out provisions for voluntary training of youths from 18 to 28 years of age which were substituted last week for the military committee's compromise.

CHARLES WALKER, of the military committee and other advocates of universal training, were prepared to oppose the motion of Senator McNair, and the latter was doubtful whether his motion would prevail.

Senator McNair then made a

few days was viewed as probable, although elimination of the compulsory training provision it was considered would not estimate many changes in the bill. In view of the tabling of the compulsory training plan, Senator Willsworth prepared to insist on authorizing

regular army of at least 100,000 men and striking out provisions which would have reduced the regular force five per cent annually for five years.

Another sharp controversy was fought over the bill's provisions making the selective draft effective automatically upon a declaration of war. Sen-

NATIONAL PRODUCTION

United States Chamber of Commerce Plans Meeting at Atlantic City

Members of the Lowell chamber of commerce are taking keen interest in the national gathering of business men to be held at Atlantic City the latter part of this month under the auspices of the United States chamber of commerce for the purpose of discussing ways of increasing national production in all lines of manufacture. President William N. Goodell and John M. O'Donoghue of the board of directors, will attend the convention as Lowell delegates.

This increased production convention, which will mark the eighth annual meeting of the national chamber, will go down to the roots of the industrial and commercial situation and every subject taken up will be treated from the view point of more production.

SEEKS TO RECOVER COMMISSION MONEY

An action of contract, whereby the plaintiff, Sterling B. Crosby, seeks to recover \$150 as commission money, from Henry W. O'Brien of this city, was tried before a jury in the superior court today.

Mr. and Mrs. Stevens will leave immediately for the west.

GOT FIVE MONTHS

Procrastination Not the Only Thief of Time

Peter J. Cullen, who, by the way, is the owner of a vivid imagination but a very poor memory, was out of luck in the municipal court this morning.

They charged Peter with stealing a watch, valued at \$25, from one John Cook of this city. He pleaded not guilty.

Mr. Cook related the story of the disappearance of the timepiece. It was ticking away most energetically in the pocket of his vest on the day when Peter visited him, he pointed out, but when Peter paid his adieu the watch also was among the missing.

Then Peter explained all about it. In the first place, although he admitted enjoying a most pleasant visit at Mr. Cook's home, he could not be held responsible for the theft, he declared. He hadn't even noticed the watch during his stay.

So they asked Peter if he wouldn't explain how he came into possession of a watch, which tallied minutely with the description given by Mr. Cook, and which had been recovered shortly after the theft from a local pawnshop where Peter had "soaked" it. "Well," said Peter, "it was this way.

I met a fellow on Central street—nice, sociable chap he was, too—who asked me I'd like to buy a watch. No, never saw the key before.

"He wanted \$5 for it, but I only had just a dollar and a half in my clothes, so finally I bought it. Then I pawned it for \$2.50."

At this point Deputy Downey casually asked Peter if he was the man who had been convicted of another theft of time in the local court several months ago.

"Was the Honorable Judge Fisher on the bench that day?" asked Peter.

"I can't say as to that," replied the deputy. "What we'd like to know is whether you were the man sentenced to two months in jail for the theft, as my records indicate."

"Perhaps," said Peter. "Yes; perhaps it was me. I can't very well think, but it might have been me. I'm kind of an unlucky fellow sometimes. Why, it was only—"

"Never mind that now," came back the deputy. "I've got another question. Are you the man who was convicted of larceny of a watch and chain and pair of trousers a few months before this?"

"Well, I guess you're right about that," allowed Peter. "I guess that was the time I done three months."

"This, Your Honor, is Peter's fifth appearance, to date," concluded the deputy, turning to address Judge Pickman.

"Make it five months," said the court, turning his attention to the next case. But Peter had yet more to say.

"Say, when will that bring me out, Judge?" he queried sadly.

And while they led him down the stairs to the lower regions Peter and the court officer could be seen indulging in some higher mathematics which

Other Outriders

Charged with stealing a watch and two rings, the total value of which was given as \$15, from Mrs. Catherine Richard March 20, Louis H. Demange pleaded guilty and had his case continued until tomorrow for sentence. He also admitted pawning the loot at a local pawnshop, part of which had already been recovered.

Nora Harrington, convicted of drunkenness, was sentenced to the state farm. It was "Jakey," she said.

Seven men who forsook their seats on the municipal water wagon over the week-end were given free passes by the probation officer before court convened.

INCREASING SALARIES

Opinion Rendered by City

Solicitor Will Affect School Teachers

The opinion given by City Solicitor William D. Regan last week in response to a query from City Auditor J. Joseph Hennessy as to whether the school committee has the power to make salary increases retroactive will affect not only the increase recently granted Supt. Hugh J. Molloy but also five teachers in the school department whose salaries were increased at the same time as that of Mr. Molloy.

The five teachers in question were increased from \$1240 per year to \$1420, the vote stipulating that the increases should be retroactive to January 1. The teachers affected are Miss Julia C. O'Sullivan of the Ames street primary school, Miss Mary J. Beardon of the Middlesex Village primary school, Miss Ethel H. Chaffoux of the Franklin primary school, Miss Helen B. Halloran of the Carter street pri-

mary school and Miss Mae Hogan of the Moody grammar school. At the school board meeting on April 1 it was voted to put these teachers on the maximum teachers' salary schedule, dating from Jan. 1.

However, the city solicitor's opinion says that wages and salaries cannot be made retroactive. Asked if the opinion would apply to the five teachers in question Mr. Regan said today that it would. In that event each of the five teachers will receive \$180 less than the vote of the committee stipulated she should receive.

Gladsome firmly believed that Homer was a real man describing historical events.

UNCLE SAM TESTS METALS IN HIS OWN FOUNDRY

Foundries are ordinarily associated with private initiative, corporate interests, and the business of constructing and reshaping metals. Government supervision is usually restricted to administrative functions, co-operative efforts and scientific observations. So when the national bureau of standards established and operates a foundry a radical departure is taken—perhaps the first experimental foundry conducted by Uncle Sam and one of the few in the country. The functions of this workshop are twofold: research work and preparation of metals and alloys for the investigations of the metallurgical division of the bureau of standards, and as a commercial foundry supplying castings in the construction of instruments.

General Weakness

I was anæmic and most of the time was unable to attend to my household duties. One of my neighbors suggested that I should try RED PILLS for Pale and Weak Women. I took them, and after following the treatment for a month, was happy to note that I was getting better every day. Now, all the sufferings which I endured during those years are things of the past.

YOUNG GIRLS MADE STRONG LOWELL MAN RECEIVES BELATED WAR MEDAL

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For year we gave her all kinds of tonics but to no good. On day one of your little looks was thrown on our porch and saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter." Mrs. J. H. Boyd, 1032 N. Jackson St. Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

Many women suffer from ailments peculiar to their sex and which in case of some are readily relieved by this famous root and herb medicine.

num casting alloys is of supreme importance to the airplane and automobile industries.

Inasmuch as the melting of metals by electricity has assumed proportions, the government foundry is making an intensive study of a type of electric melting furnace, and suggestions for improving other types have been offered.

TO ESTABLISH NEW COURSE OF ENGINEERING AT HARVARD COLLEGE

CAMBRIDGE, April 12.—The faculty of the Harvard Engineering school has voted to establish a new undergraduate course of training in electric communication engineering and to substitute two new courses for the present course in sanitary engineering. It was announced today. The change, which will take effect next fall, will increase the number of undergraduate courses at the Harvard Engineering school from seven to nine. Courses in sanitary and mechanical engineering and in sanitary chemistry will be substituted for the sanitary engineering course now used. The intention is to afford an opportunity for more advanced instruction than heretofore for prospective public engineers and sanitary chemists.

The special course in electric communication engineering will comprise study of the telephone, telegraph, hydrophone and radio communication.

\$14,700 Worth of Booze Stolen

BOSTON, April 12.—Thirty-four barrels of whiskey and eight barrels of rum, valued by the owner at \$14,700, disappeared early today from the store of Michael H. Glynn, on Washington street, in the Brighton district. No trace of the big truck in which the liquor must have been carted away, had been reported when the police announcement of the theft was made, although every city and suburban station was on the lookout for it. Apparently the heavy barrels were loaded on the truck between 1 and 3 a. m., but the time is not definitely fixed as no one has been found in the neighborhood of the store who heard or saw anything unusual there during the night, according to the police.

Lift Tax Levied Against Frankfurt

PARIS, April 12.—(Havas)—Decision to lift the tax of 10,000 marks levied against the city of Frankfurt for aggression against French eye chasseurs, is announced by General De Metz, commander of French forces in the city, according to a Mayence despatch. This is a result of steps taken by the burgomaster of the city and on account of the good behavior of the people during the last few days, it is said. Reports that France has planned to occupy Mannheim and Heidelberg south of Mayence, printed in the Cologne Gazette, are denied here.

Swear Allegiance to Admiral Horthy

BUDAPEST, April 11.—Army officers, judges and administrative officials swore allegiance to Admiral Horthy, Hungarian regent, here today, taking the oath upon the constitution. The ceremony took place on the parade ground behind the palace in the presence of a great throng. The text of the oath simply mentioned the constitution and implied the former monarchical constitution was regarded valid.

Max Hoelz, Communist Leader, Flees

BERLIN, April 11.—Max Hoelz, the communist leader who seized public buildings at Plauen late last week, has fled toward Bohemia, according to advices received here. He took from Plauen several hostages and went to Falkenstein, nearby, but there was surprised by a party of regular troops. His followers burned five houses and after releasing their hostages fled in automobiles.

ASPIRIN—A Talk

Handy tin boxes of twelve tablets each to safely take this genuine Aspirin for Colds, Headaches and all larger packages.

Aspirin is trade mark of Bayer Manufacture Monocetateester of Salicylic acid

PASTOR RESIGNS

Difference of Opinion on Question of Administration

Because a difference of opinion on a question of administration has arisen within the parish, Rev. A. H. Hussey, yesterday tendered his resignation as pastor of All Souls' church in East Merrimack street, to take effect whenever accepted by the church and at a time to be mutually agreed upon.

The resignation was contained in the following letter, which was read to the congregation at the morning service by Rev. James A. Fairley of Jamaica Plain, with whom Mr. Hussey yesterday had exchanged pulpits:

"At a meeting of the board of trustees of All Souls' church held on Monday, March 29, a difference of opinion having arisen upon a question of church administration, I presented my resignation as your pastor. This I was subsequently persuaded to withdraw. Further counsel, however, leads me to believe that my first action was the wiser one. It also seems fairer that the decision as to whether or not I remain your leader, should rest with you. Therefore, much as I regret to do so, I hereby tender my resignation as pastor of All Souls' church and its two component religious societies. Should you accept, the resignation can go into effect at such time and under such conditions as we may mutually agree upon.

"I take this opportunity to record my sincere gratitude for all the friendship and co-operation which you have manifested toward my work among you.

"Together we put our hands to a great, a novel enterprise. If now our paths must separate that you may ever show yourselves equal to its high responsibilities will ever be my heartfelt hope and prayer.

"Faithfully your friend and pastor.

ALFRED ROYMAN HUSSEY.

Lowell, April 11, 1920.

Rev. Mr. Hussey came to Lowell in 1915 to take the pastorate of the First Unitarian society, made vacant at that time by the resignation of Rev. Chas. T. Millings. Last year when All Souls' church was made from the union of the First Unitarian and High Street Congregational churches, Mr. Hussey was asked to remain as pastor of the new society.

Since coming to the city Rev. Mr. Hussey has been prominently identified with many educational and civic developments and particularly during the years of war, his oratorical powers were unstintingly given toward the progress of many good causes.

His resignation did not come as an absolute surprise to his church, the members of which had been somewhat forewarned by rumors to that effect. A special church meeting now will be called to act upon the resignation.

SERIOUSLY INJURED IN AUTO ACCIDENT

As a result of an automobile accident which occurred yesterday noon in the town of Uxbridge, Miss Addie Hyde of Chelmsford is confined to the Woonsocket hospital suffering from a probable fracture of the skull and other injuries, and her condition is considered very serious.

Miss Hyde had been visiting with Dr. Edward Kingsbury and Miss Christine MacLae, both of Woonsocket and while riding with some friends yesterday noon she stepped out of the car into the path of an automobile owned by Simmons Bros. of Woonsocket and operated by Felix Simmons, a member of the firm.

Repeat Advice About Spring Blood Purifier

Proves Many Serious Ailments Due to Poisons in System.

Says Nothing Better Than Sulphur, Cream of Tartar and Herb Extracts in Tablet Called "Sulphur Tablets."

The wisdom of ages placed in a little sugar coated tablet—Sulphur Tablets! Remember grandma's remedy—sulphur and cream of tartar mixed in molasses—it was a nauseous dose, but it saved thousands of lives by purifying the blood in the Spring. Thousands avoided rheumatism and serious fevers by taking it. Now you can get the benefits by taking a little tablet regularly containing the blood purifying, system regulating medicines that grandma relied on.

Constipation, inactive kidneys, overwork and catarrh, neuritis, rheumatic pain and many other "poison symptoms" vanish after a course of Sulphur Tablets. The best medicine for spring lethargy and thick, sluggish blood. Every package is guaranteed to satisfy or money back. 60c in sealed tubes of drugists everywhere. Be sure to get genuine Sulphur Tablets (not sulphur tablets).

CIVIL WAR "VET" IS PROUD FATHER

WICKFORD, R. I.—Irving Secor, aged 7 weeks, is the youngest son of a Civil war veteran in America, says his proud father, Reuben Secor, aged 74, who was a private in the Fourth New York Regiment.

ST. JOSEPH'S COLLEGE ALUMNI
A large attendance greeted the members of St. Joseph's college alumni when they presented a five-act drama in the college hall last evening. The offering was "The Band of the Black Horse" and it was produced in a very satisfactory manner. Those who took part in the cast were Arthur Girou, Leo G. Morin, J. A. N. Chretien, Geo. Labrauche, Isaac Michaud, Wilfrid Jacques, Ernest J. Gagne, Armand Levesque, Victor Alexander, Alcide Beaulieu, Arthur D. Lamoureux, Lucien Blot, Alfred Carignan, Jr., George was not great.

LTO AND BRUSH FIRES
There were six brush fires Saturday night and Sunday and an automobile fire at the corner of Bridge and review avenue yesterday afternoon. In each instance the damage was not great.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave the organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

INCOME TAX MEN AT THE POSTOFFICE

The income tax men are at the post-office yet, but only to round up the tax dodgers.

The regular work of receiving income tax payments ceased shortly after March 15 and ever since that time the men have been engaged in ferreting out the delinquents. One of the collectors stated today that most of those who were in fault were men and women who had the small tax to pay and that single men who thought that they could get out of payment by alleging dependency were most numerous among the men.

The tax collectors have only been through the A's and B's on their tax list and have found Lowell to be a fertile place for the activities of the men engaged in searching out the backward individuals.

When asked today if there was "much doing" a collector said that there was and that the proof they had of that was that they were "getting the cash from the dodgers."

MORAL VALUE OF SUNDAY RECREATION

Rev. Edwin B. Robinson of Holyoke, an advocate of Sunday sports of amateur standing, comes to Lowell tonight to deliver the principal address at the monthly meeting of the Lowell Community Council at the club in Dutton street, on the subject, "The Moral Value of Sunday Recreation."

Coming just at this time, in the midst of considerable agitation on the question of Sunday amusements, particularly amateur baseball games, Rev. Mr. Robinson's address will be of unusual interest, and also as he represents a profession which, with a few exceptions, is against such a revolutionary measure.

The meeting will be attended by delegates of all organizations affiliated with Lowell Community Service, Inc., as associate members and through these delegates thousands of people will become acquainted with the results of the meeting.

Other speakers on the general subject of playgrounds and recreation will be Hon. George E. Marchand, representing the municipal council; Thomas B. Delaney, chairman of the school committee; Clarence M. Weed, of the Normal school; Mrs. Harry Prescott Graves of the Middlesex Women's club, and Miss Emily Skilton.

600 Switchmen to Return

Continued

The first important break at Columbus, Ohio, where 600 switchmen voted to return to work.

At Chicago, admitted to be the keystone of the walkout, railroad officials were presented "terms for settlement of the strike" which included recognition of the new union formed by dissenters from the Brotherhood of Railroad Trainmen and the Switchmen's union of North America.

Drop Claims For Back Pay

In the settlement offer, proffered by John Grunau, president of the Chicago yardmen's association, who called the strike at least one radical concession was made—abrogation of the claims for back pay demanded by the older organizations in their contracts with the government. That possibly would mean a saving of hundreds of thousands of dollars to the railroads, it was said.

Other clauses in the proposed set-

"NOBODY LOVES ME"

tlement agreement demanded granting of the original wage increase called for in the strike announcement to be effective upon the return of the men to work; eight hour basic day, and time and a half for overtime, Sundays and double time for overtime on Sundays and holidays.

In addition to the gradual improvement claimed by railroad heads in the Chicago district which the Brotherhood officials said presaged a return to normal throughout the country, the organization leaders pointed to the votes at Columbus, Port Wayne, Ind., Akron, Ohio, and Saginaw, Mich., as marking definite breaks at the strike.

Vote to Return at Akron

At Akron, striking switchmen on the Erie, Baltimore & Ohio and Akron, Canton and Youngstown railroads voted to return to work; 250 of the 300 strikers at Port Wayne to return to other yards this morning and the remaining workers employees of the New York Central, will meet today to decide their course. At Saginaw, 100 Pere Marquette switchmen decided to return to work today and volunteered to go to Detroit, Toledo, Ludington and Flint to aid in restoring normal service.

In the far west and various other cities in the middle west local unions voted not to join the strike, Seattle, Tacoma, Everett and Auburn, Wash., and Cincinnati, Little Rock, Ark.,

Memphis, Tenn., and St. Joseph, Mo., switchmen registering that intention.

Officials of the Terminal Railroad association at St. Louis said conditions were improved. The company's engineers voted to remain "loyal."

The first vote on a sympathetic strike in Canada was negative, the Winnipeg, Man., branch of the International Switchmen's union deciding not to sanction any sympathetic walkout.

Going to Win, Says Grunau

Despite these reports, however, Grunau declared, "we are going to win." "All reports that I have been able to gather are, the entire country is tied up. I have received telegrams from St. Louis, Kansas City, Columbus, Cleveland, Detroit, San Francisco, San Antonio and other rail centers. Many of these communications report that even more men are walking out."

In the Chicago district and at neighboring steel centers, thousands of men were idle today because of the strike. At the Chicago stockyards promises of a minimum delivery of 150 carsloads a day brought a more optimistic outlook, although hundreds of men would still remain idle.

Eastern Shipments Cut Off

Because eastern shipments were cut off, killing necessarily was reduced said Everett C. Brown, president of the Chicago livestock exchange. Steel mills at Youngstown, Ohio, were idle today because of a coal

shortage, and steel mills and coke ovens at Gary, Ind., were crippled seriously. Nine thousand men were idle at the American Sheet & Tinplate plant at Gary.

The Lake Carriers' association at Toledo announced that the opening of Lake navigation had been postponed because of the rail tieup. In requesting negotiations looking toward ending the strike, President Grunau of the local switchmen's new association said contracts the railroads have with the Brotherhood of Railroad Trainmen and the Switchmen's union of North America, do not apply to members of his union.

"They do not affect the membership of the Chicago Yardmen's association," Grunau said, "as our members who were members of the other organizations have in nearly all cases their resignations on file."

"Therefore no contract signed in the past has any bearing on the present walkout."

Should his demands be met, Grunau added, it would be stipulated that grants applied only to C.P.A. men and not the older organizations.

LEGAL NOTICES

To the Honorable the Justices of the Superior Court within and for the County of Middlesex: Respectfully I hereby certify that Mary Dodge, of the County of Middlesex, in said County, that she was lawfully married to Elmer O. Dodge, now of Keene, in the County of Grafton, in the State of New Hampshire, at Lowell, on the fifth day of October, A. D. 1918, and thereafter, towards her libellant and the said Elmer O. Dodge lived together as husband and wife in this commonwealth, to wit, at said Lowell; that your libellant has always been faithful to her marriage vows and obligations, but the said Elmer O. Dodge, being wholly regardless of the same, at said Lowell, on or about the fifth day of February, 1919, committed the crime of adultery with a certain person resident in the State of New Hampshire, known to your libellant, and

And your libellant is informed and believes that the said Elmer O. Dodge is now confined in the county jail for said County of Grafton, under sentence for the crime of bigamy.

Wherefore your libellant prays that a divorce from the bonds of matrimony may be decreed between your libellant and the said Elmer O. Dodge, and that the custody of the three minor children be decreed to your libellant, said children being described as follows: Elizabeth May Dodge, born March 17, 1912.

Celia Lillian Dodge, born October 27, 1917.

Virginia Alma Dodge, born May 13, 1919.

And your libellant prays that said Elmer O. Dodge be ordered to pay a suitable sum for the support of said minor children.

Dated this twenty-seventh day of June, A. D. 1919.

MARY DODGE.

Commonwealth of Massachusetts.

Superior Court, Feb. 17, A. D. 1920.

Upon the foregoing libel, it is ordered that the libellant notify the libellee to appear before our Justices of said Court, at Cambridge, in said County, on the first Monday of May next, by causing an attested copy of said libel and of the order thereon to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, once a week three weeks successively, the last publication to be 14 days at least before the said last mentioned day, and that an attested copy of said libel and order thereon be sent by registered letter to the residence of the libellee as set out in the libel, that he may then and there show cause, if any he have, why the prayer in said libel set forth should not be granted.

WM. C. DILLINGHAM,

A true copy of the libel and of the order thereon.

Attest, WM. C. DILLINGHAM,

LEGAL NOTICES

THE COMMONWEALTH OF MASSACHUSETTS

In Department of Public Utilities

Boston, April 5, 1920.

On the petition of the Gas Light Company for approval of an issue of additional capital stock of the par value of two hundred thousand dollars (\$200,000) for the purpose of paying the indebtedness of the company incurred on account of extensions to its plant and property, the Commission of the Department of Public Utilities, created by Chapter 112, Acts of 1916, interested at its office, Room 166, State House, Boston, on Wednesday, the twenty-eighth day of April, caused to be read in open court at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by serving a copy hereof upon the mayor of the city of Lowell and the mayor of the city of Chelsea, and the selectmen of the towns of Chelmsford, Dracut and Tewksbury fourteen days at least prior to the time of said hearing, and by publication hereof in the Lowell Courier-Gazette and the Lowell Sun, in each of said papers twice each week for two successive weeks prior to the time of said hearing.

By order of the Commission, ALLAN BROOKS, Assistant Secretary.

412-15-20-22

Commonwealth of Massachusetts—Middlesex ss. Probate Court.

To the devisees under the will and all other persons interested in the estate of Edward E. Peirce, late of Lowell, in said County, deceased.

Whereas Charles H. Eames, executor of the will of said deceased, has presented to said Court his petition for license to sell the private sale, in accordance with the order named in said petition, or upon such terms as may be adjudged best, the real estate of said deceased, for the purpose of distribution.

You are hereby cited to appear at a probate court, to be held at Lowell, in said County of Middlesex, on the twentieth day of April, A. D. 1920, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petition is ordered to serve as citation by delivering a copy thereof to all persons interested, who can be found within the Commonwealth, fourteen days at least, before said Court, and if found, can not be so found, by publishing the same once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be on day, at least, before said Court.

Witness, George F. Lawton, Esquire, First Judge of said Court, this fifth day of April, in the year one thousand nine hundred and twenty.

F. M. ESTY, Register.

PLAYS SAFE!

Johnson Takes no Chances on Being "Yanked"

CALEXICO.—Deputy Sheriff Billy Silver has his hands on Jack Johnson, one-time heavyweight king, wanted as a white slaver in Chicago. But there's a catch in it! That line between them

POLICE TO DRAW FOR VACATIONS

They're going to stage a drawing contest at Lowell police headquarters within a very few weeks—and every member of the local "finest" is deeply interested in the result.

Just so you won't be kept in suspense too long we'll explain that this drawing contest—which is a yearly event at the local bastille—is held for the purpose of determining the dates on which the various members of the department may commence their summer vacations. The cops, by the way, are allowed to forget their trade for two weeks every summer, and at the same time collect their salary as usual.

In past years it has been the cus-

tom to place slips of paper, with various dates, in one of the "high" hats once worn by local policemen, from which the men on the different shifts may "take their pick." But whether a hat or an ordinary ballot box is used, it's a safe bet that the contest will be well attended.

Should a policeman draw an unlucky number it is very probable that he will be allowed to "swap" with a brother cop, who in turn has not picked a date which would prove satisfactory to himself and the "missus."

Sure, there's worse jobs than being a cop.

It took from 1775 until 1819 for Maine to gain separate statehood from Massachusetts.

MORE PROMOTIONS FOR LOWELL BOYS

News of the promotion of two more Lowell lads who signed up with Uncle Sam's fighting host last summer was received today by Chief Carey of the local naval recruiting station.

John E. Sherlock of 179 Middlesex street, who enlisted as apprentice seaman on the U.S.S. New Jersey, has been promoted to seaman, second class. His ship is now at the Charlestown navy yard.

John J. Ryne of 76 Elm street, who also enlisted last summer, has been promoted to the rating of freeman, first class, on the U.S.S. O'Brien, a torpedo boat. He was formerly rated as fireman, second class.

Two men were enlisted at the local station today. They were Francis X. Dalmore, 249 School street, apprentice seaman, and Francis A. Devlin of Lawrence, an ex-service man, who went down as seaman.

LADIES' AID SOCIETY ELECTS OFFICERS

The Ladies' Aid society of St. Patrick's parish elected officers for the ensuing year at its regular meeting yesterday afternoon. Mrs. Alcide Parent was re-elected president and other officers chosen were Miss Josephine Lyons, vice-president, and Mrs. Della

Donohoe, secretary. The annual report of the retiring secretary, Miss Mary Brown, was read and accepted. The retiring vice-president is Miss Lillian O'Brien.

The Holy Family sodality of St. Patrick's parish also elected officers yesterday. Mrs. Patrick J. Hagley was the choice for president, Mrs. Ellen McOsker for vice-president, Mrs. Ann Flannery, for secretary, and Mrs. Alice Saunders for treasurer.

SAFETY FIRST CAMPAIGN

Lowell's Safety First campaign, which has been waged here since April 1 in an effort to bring home to the people of the city the frightful penalty which Lowell and other cities in the country are paying every year in accidents that might be avoided through the exercise of carefulness, will come to a close Wednesday evening. A feature of the wind-up of the drive will be the appearance of several well known public speakers in various theatres tomorrow and Wednesday evening, who will make brief addresses on accident prevention in connection with the showing of "Careless America," the thrilling educational film which was secured by Supt. Welch of the police department to help put the local campaign across.

A revision of the French dictionary which was begun in 1878 now is expected to be finished about 2020 or 2025.

ORDER YOUR COKE AT APRIL PRICES

We advise the purchase of your fuel supply for next Winter.

Don't get caught short next Winter.

Lowell Gas Light Co.

R. R. MEN HERE REMAIN AT WORK

Only Break in N. E. Which Occurred at Worcester Was Short Lived

Drastic Curtailment in Services Here Due to Situation in New York

BOSTON, April 12.—Curtailment of all traffic, passenger, freight and express on through lines of railroads in New England was the result in this section today of the outlaw strike of railroad men. Reports indicated that efforts of the strikers to obtain recruits in the New England states had proved unavailing.

The only break in the ranks of the loyal workers was short-lived. It occurred at Worcester, when fewer than 100 switchmen walked out Sunday morning and returned to their work within 12 hours. Members of the railroad workers' local here and in other New England cities at meetings last night voted to remain at work.

The New York, New Haven & Hartford railroad made the most drastic curtailment in service due to conditions at New York. In addition to a freight embargo, embracing all but necessities, a reduction was made in the number of passenger and express trains. Parlor and dining cars were dropped from all but two trains on the Boston-New York run and eight express trains were cancelled.

The Boston & Albany railroad dropped all parlor and baggage cars on the Boston-New York day trains. The movement of freight on this road within New England has not been affected seriously. The Boston & Maine reported all traffic virtually normal. Local traffic on the roads is not affected.

The N. Y., N. H., & H. R. R. announced that the Merchants' Limited which runs between Boston and New York would be discontinued until conditions at New York terminals were improved.

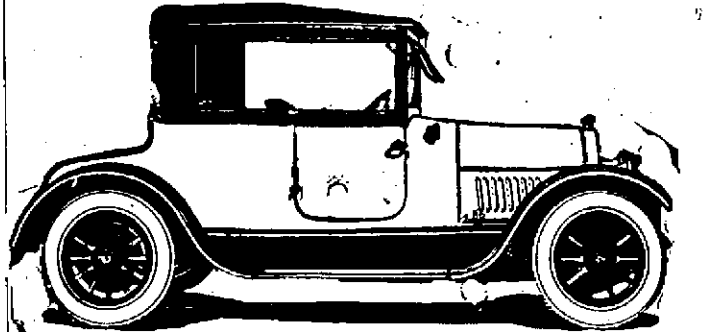

Gov. Coolidge Acts

Railroad officials said that the general embargo on freight which went into effect Saturday, was in operation at all New England gateways.

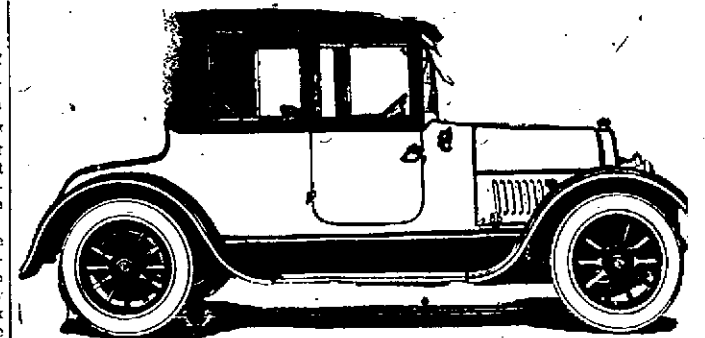

Governor Coolidge announced that while he had no cause to fear a transportation tieup in New England, he had directed a special committee to prepare a plan to meet the needs of the state should such a contingency develop. The committee which was appointed last October, he said, has worked out a scheme for mobilizing motor trucks in such manner and number that he felt assured that supplies needed to feed the public would be made available. The operations of the proposed motor truck service, he indicated, would extend beyond the state lines to points at or close to the sources of supply.

HIGH MASS OF REQUIEM

A solemn high mass of requiem for the repose of the soul of the late Edmund J. Gill, a former messenger at the state house in Boston, was celebrated this morning at 9 o'clock, at St. Joseph's church, the officiating clergyman being Rev. Charles Denzel, O.M.I., assisted by Rev. Armand Baron, O.M.I. as deacon, and Rev. Athanasius Marion, O.M.I., as sub-deacon. The choir, augmented for the occasion, rendered, under the direction of L. N. Gullbault, the Gregorian chant, the solos being sustained by Dr. G. E. Caisse, Ernest J. Dupont, J. H. Nolet, Charles Dumont and E. J. Laroche. At the offertory, Mr. Dupont rendered Jordan's "Pie Jesu" and at the elevation, Miss Anna Marie sank Rosewig's "O Meritum Passionis." There was a large congregation at the service, including representatives of Club Lafayette, the C.M.A.C. and the Lowell lodge of Elks, of which deceased was a popular and highly respected member.

OPEN

CLOSED

The above cuts show the CADILLAC CONVERTIBLE VICTORIA, the top cut with side and windows lowered flush, and center post removed, resulting in an ideal hot weather job, with canopy top.

The lower cut shows center post in place and all windows closed; now let it blow dust, rain rain, or snow snow, you are "snug as a bug in a rug," and the change from open to closed, or closed to open, is accomplished in three minutes without getting out of car.

WE HAVE TWO OF THESE CARS READY FOR IMMEDIATE DELIVERY, very small mileage, thoroughly overhauled and refinished, new car guarantee goes with each. One is lined with leather, the other with Chase's Mohair Velvet, both have brand new Goodyear Cord Tires.

These cars are real value and in these times of advancing prices and uncertain deliveries their consideration is worth while.

VICTORY BUTTONS

Although fully 3000 Lowell men who served in the United States forces during the world war have applied for Victory buttons at the local army recruiting station in the past months, Sergt. McLeod believes that there are many ex-service men in the city who have not received these tokens. There is still a large supply of buttons at the local station, where former soldiers may secure them by presenting their discharge papers.

Feathers are believed to have evolved from the reptilian scale.

Let's Get Down to Earth On the Clothing Question

After all, you want something more than just a suit for now. You are interested in next time just as much as this time, for "next time" depends a great deal on what you get this time.
